FRONT GATE

There is nothing.

That's what I said.

The only man seen
entering that house
is Hazard.

There has to be
something else.

Why not him?

Because he's a member
of the Guardians?

You people are trying
very hard to defend him.

But what I say is—

He is the real culprit
behind this.

Anything without
evidence is just
a witness, Officer.

Let's investigate more.

...

I asked for coffee
fifteen minutes ago!

What the hell were
you doing?

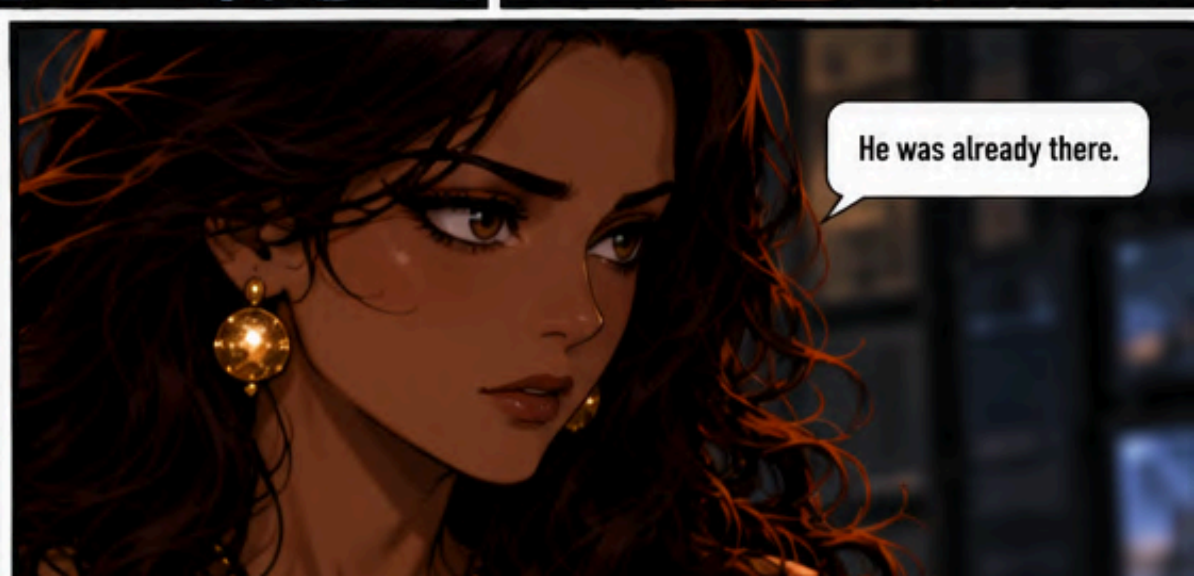

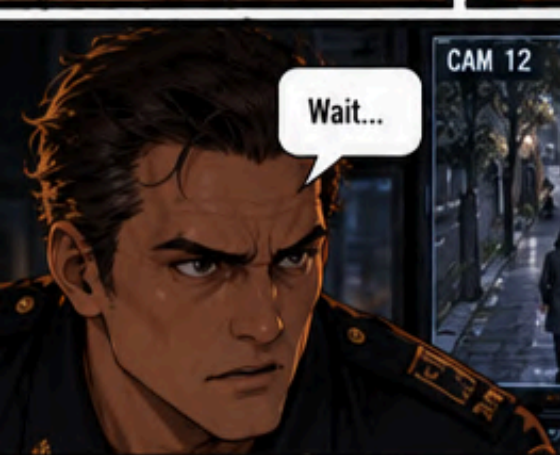

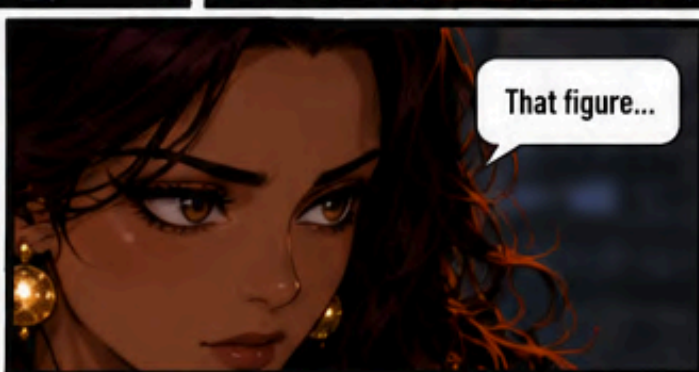

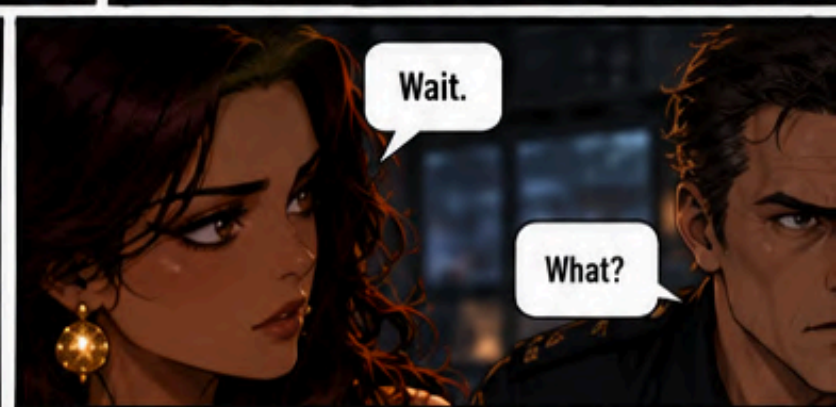

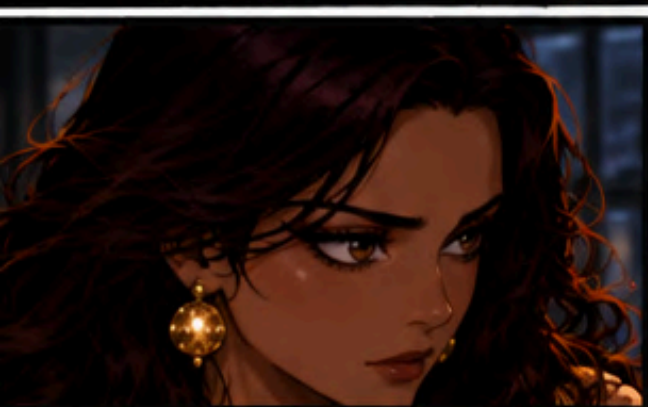

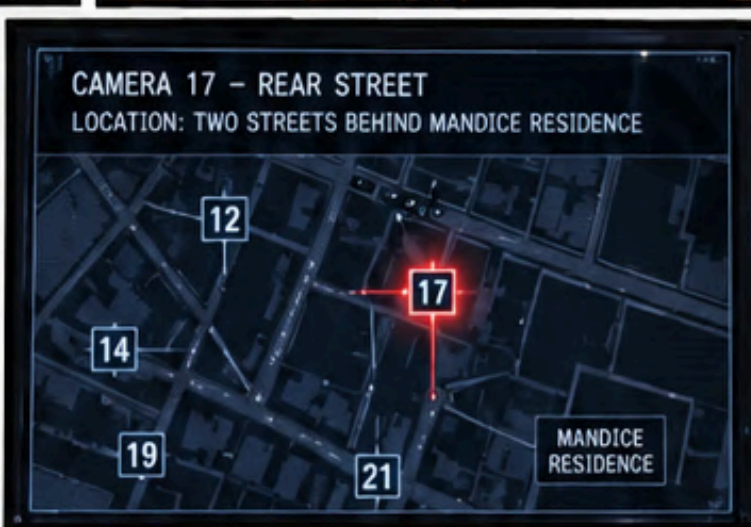

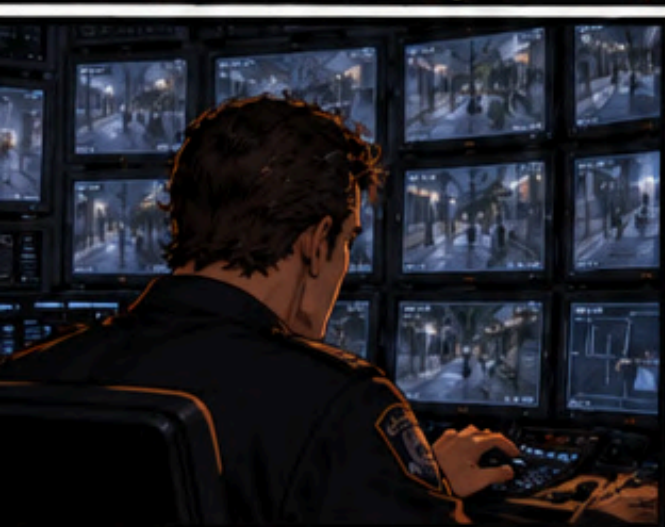

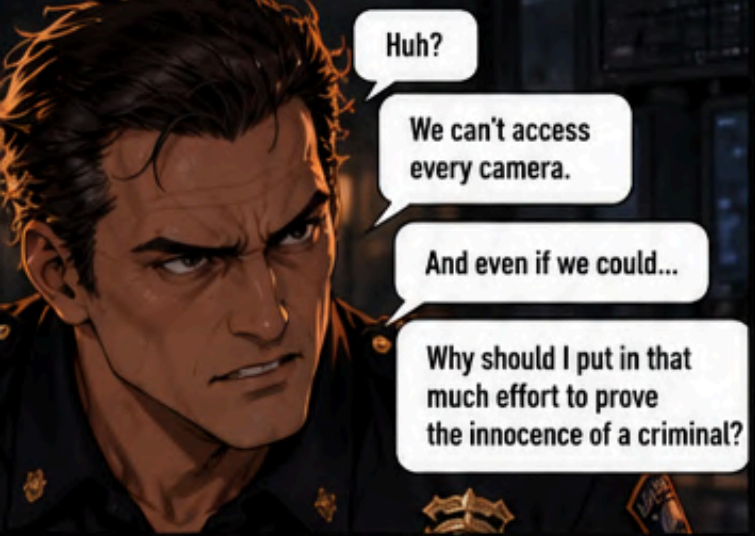

Sorry, sir.

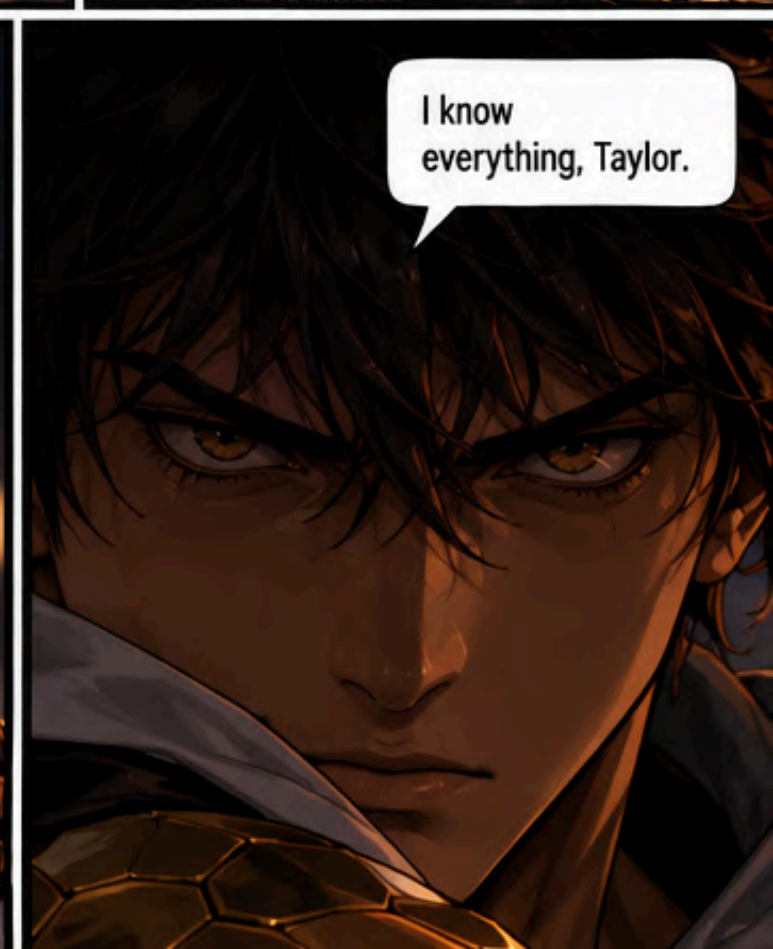

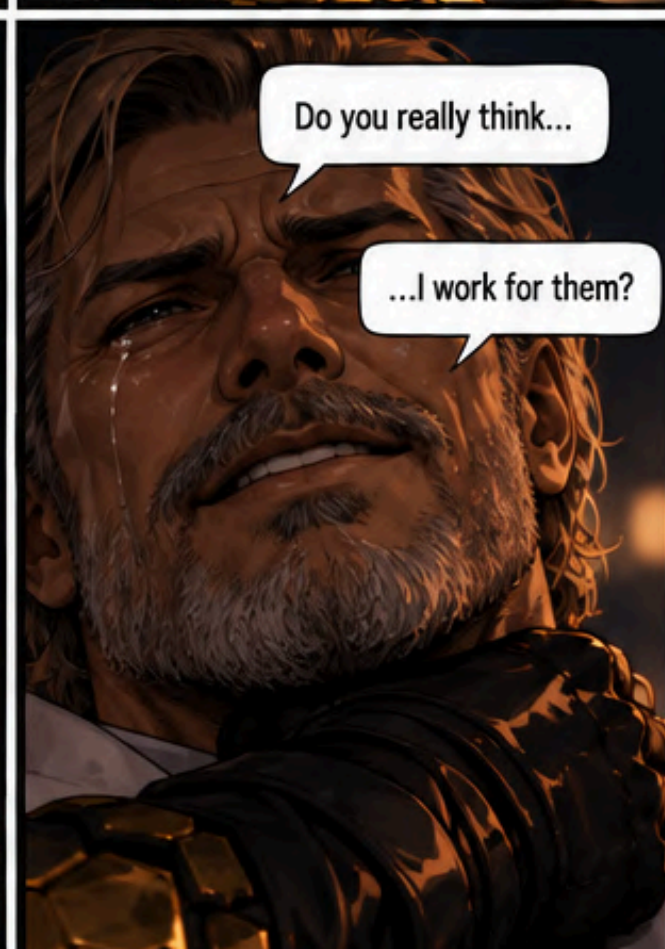

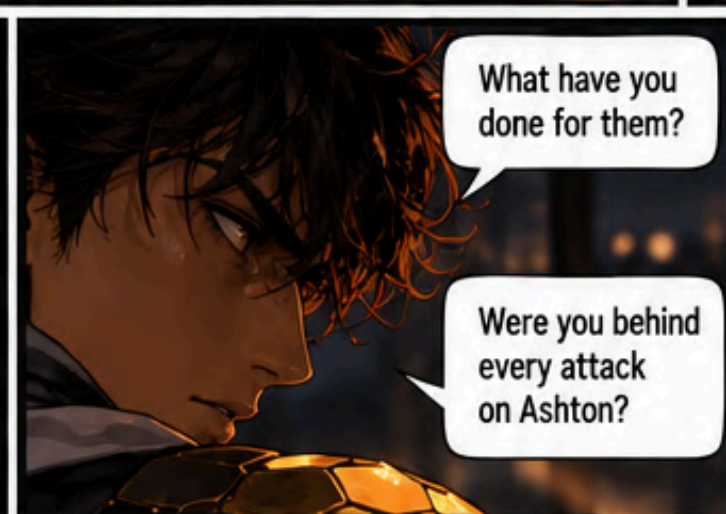

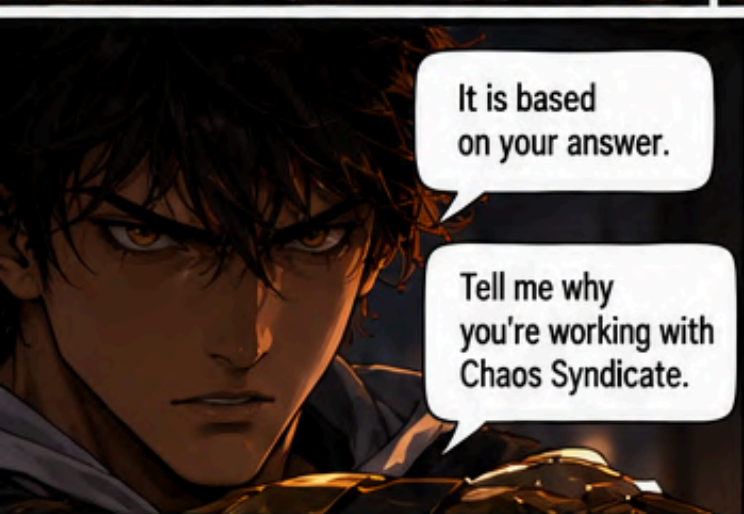

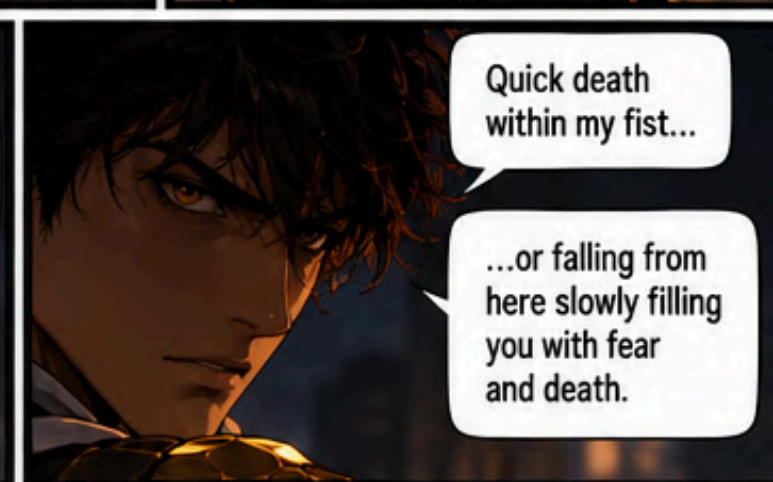

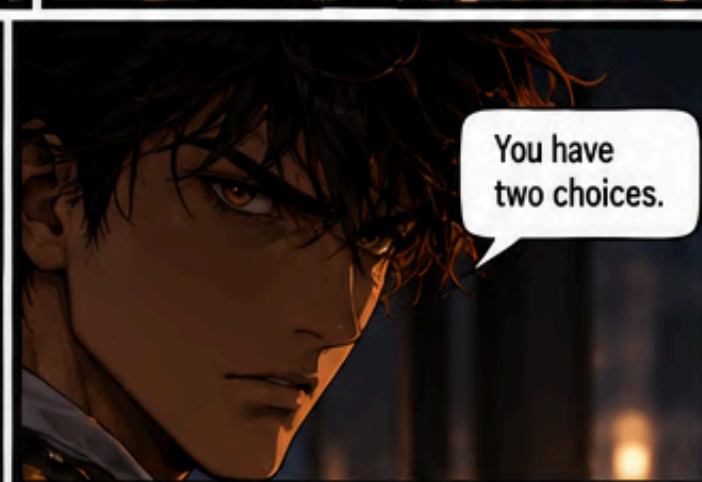

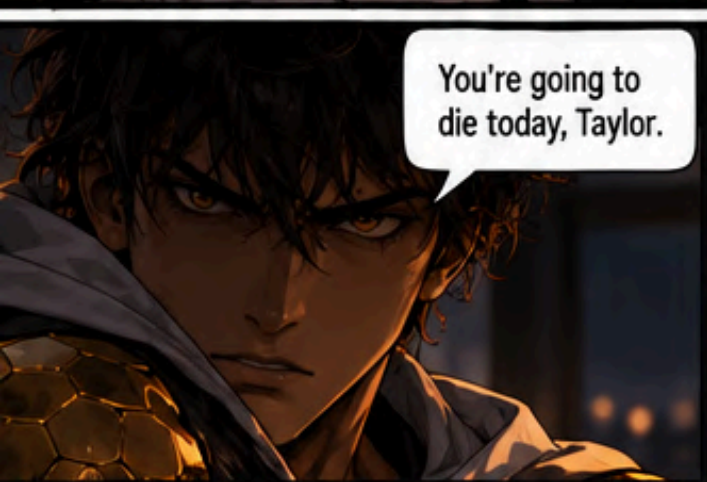

Officer Regina
is on leave today, so
I'll go get the coffee
for you, sir.

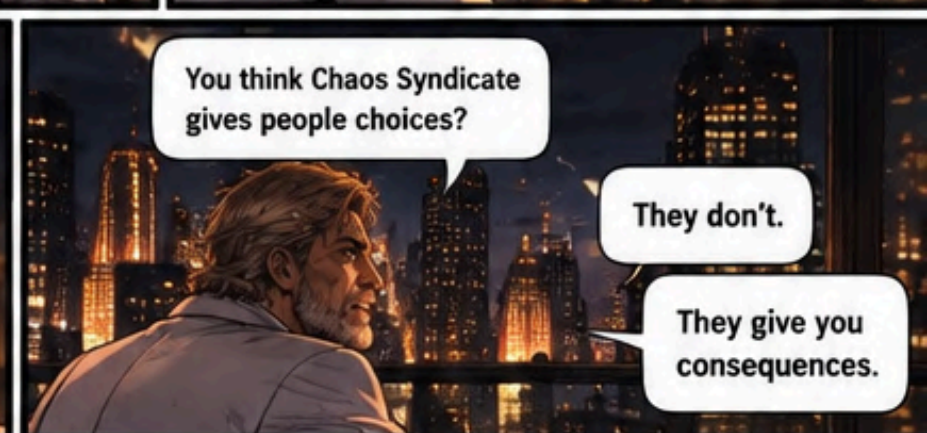

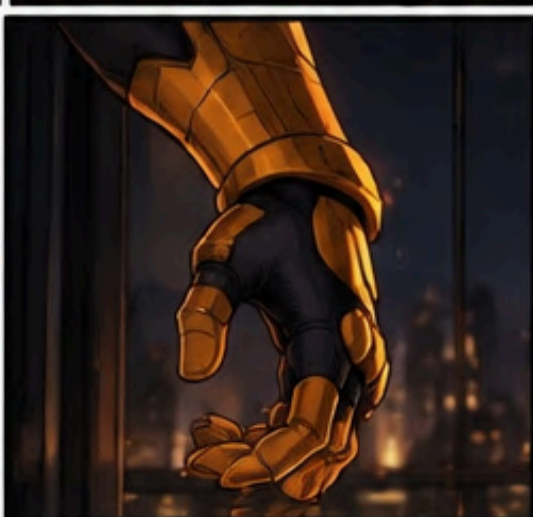

Is there only one way
to enter that house?

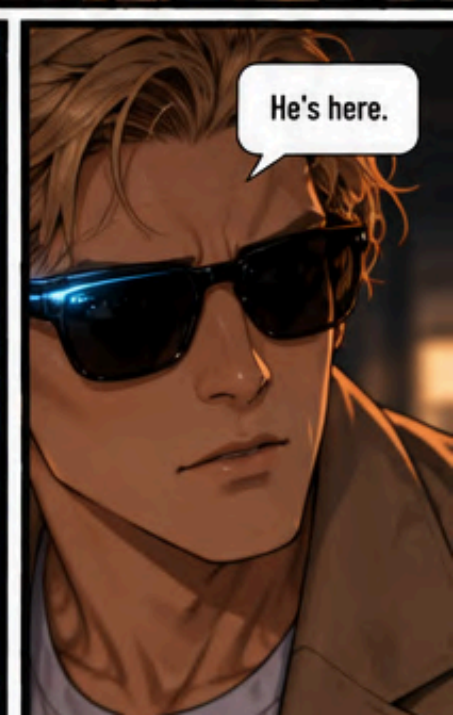

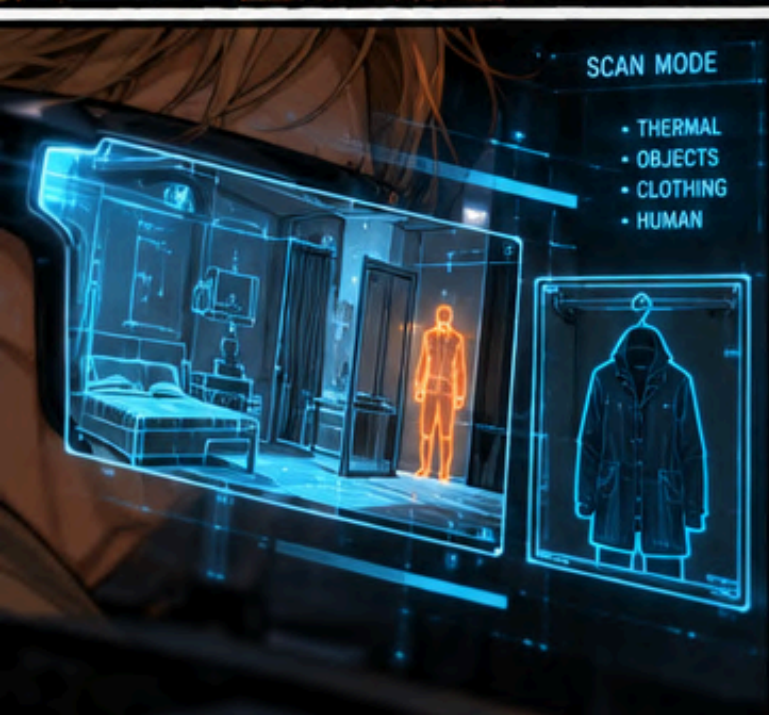

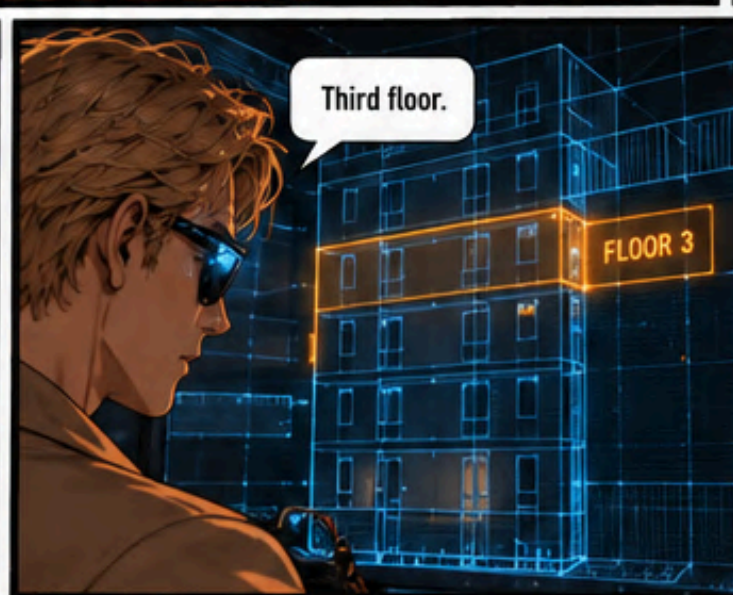

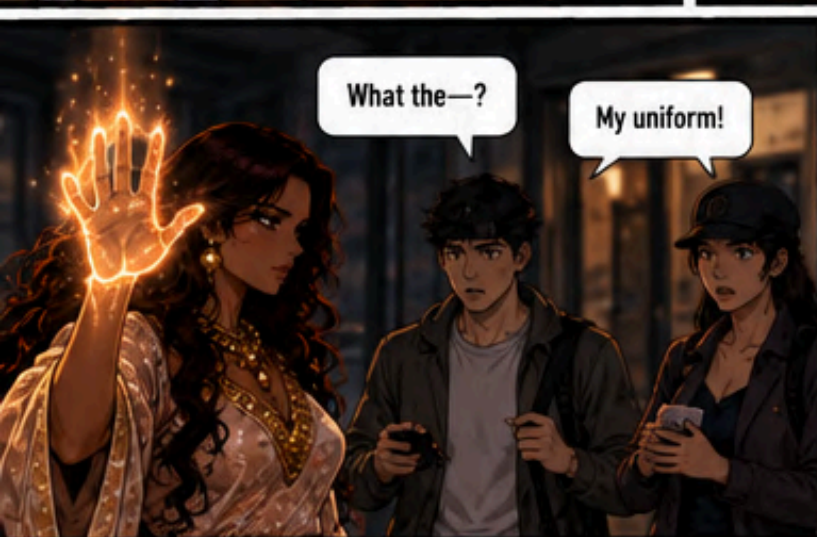

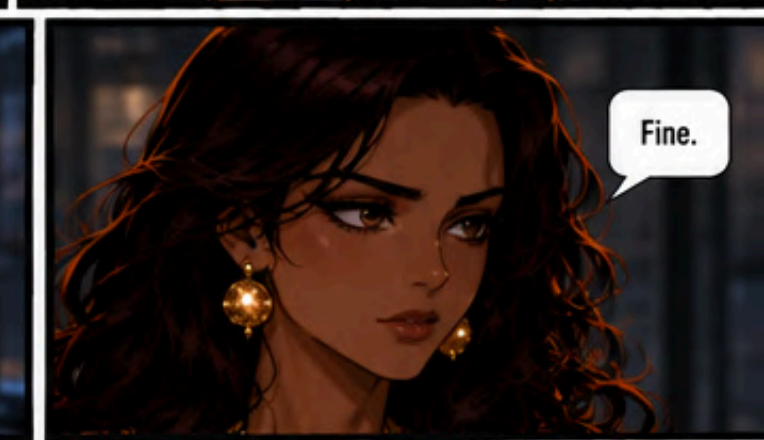

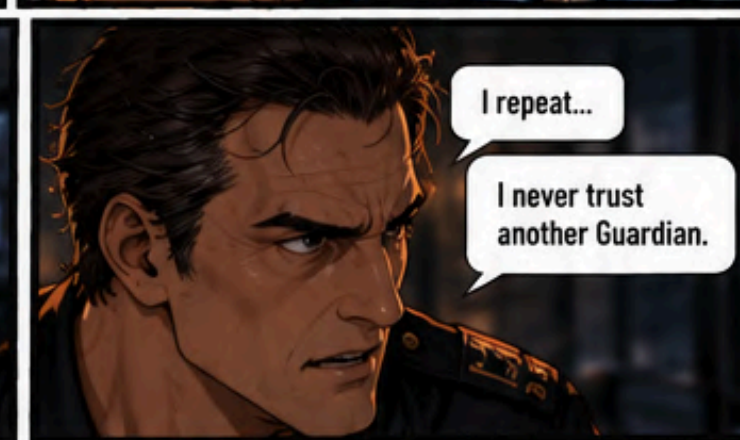

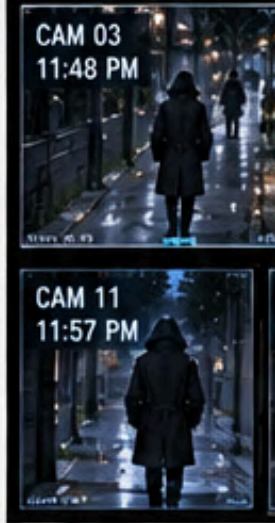

There are plenty of entrances
around the street.

Why aren't we checking
the other footage?

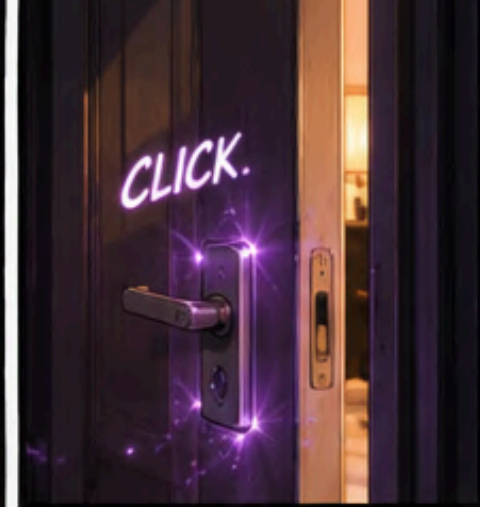

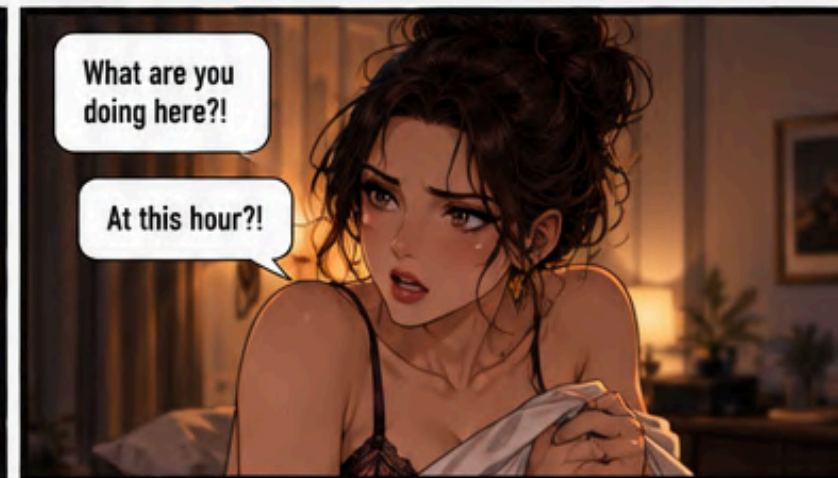

That's not...

A woman?

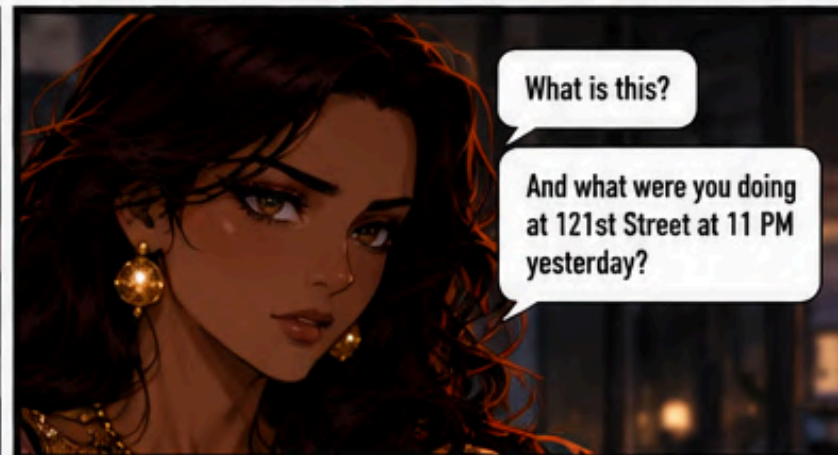

Officer Regina?!

What are you doing here?!

At this hour?!

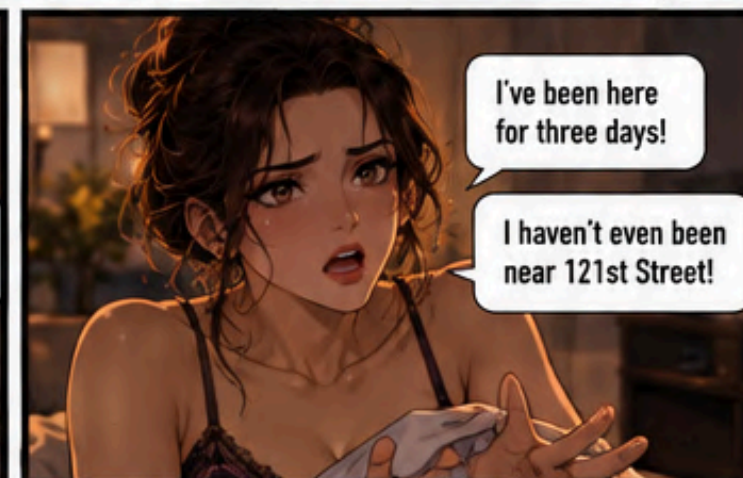

What is this?

And what were you doing at 121st Street at 11 PM yesterday?

I don't know what that hood is!

I don't know what you're talking about!

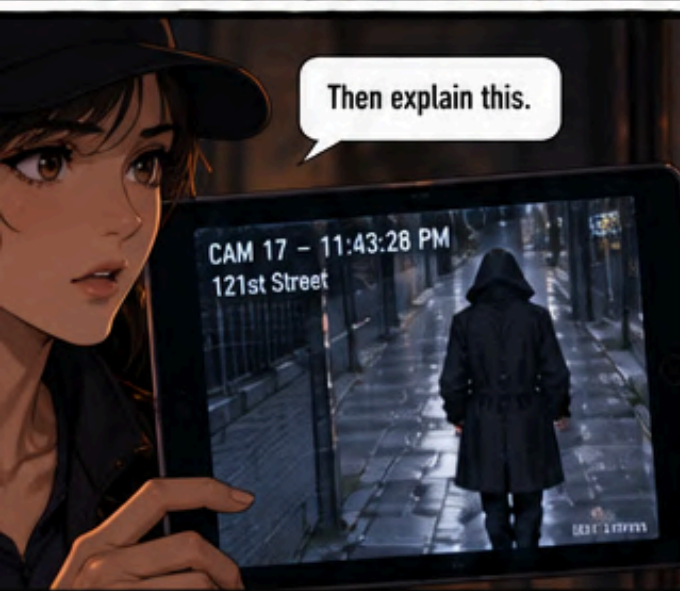

I've been here for three days!

I haven't even been near 121st Street!

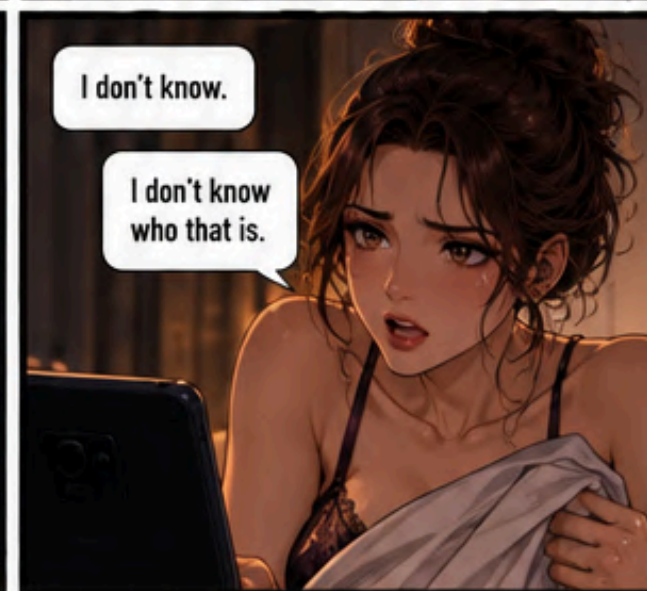

Okay.

Calm down.

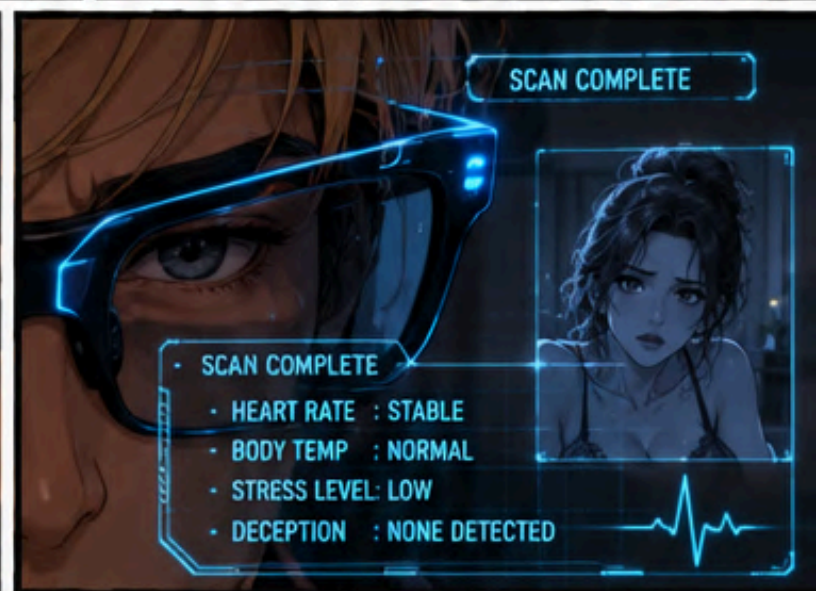

Then explain this.

CAM 17 - 11:43:28 PM
121st Street

I don't know.

I don't know who that is.

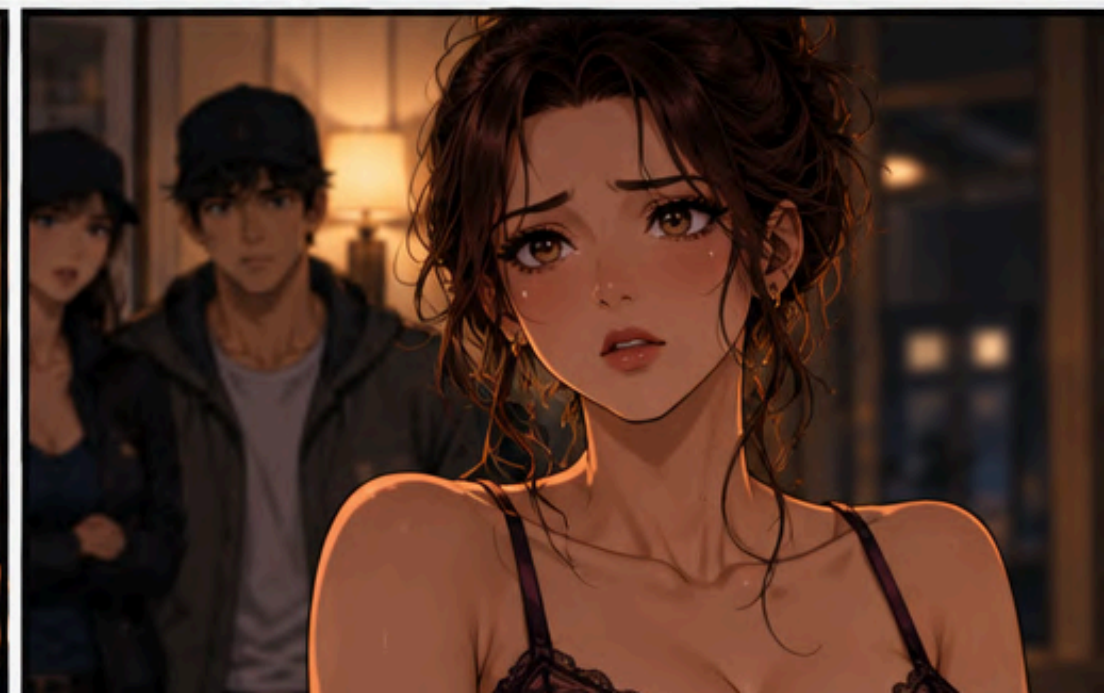

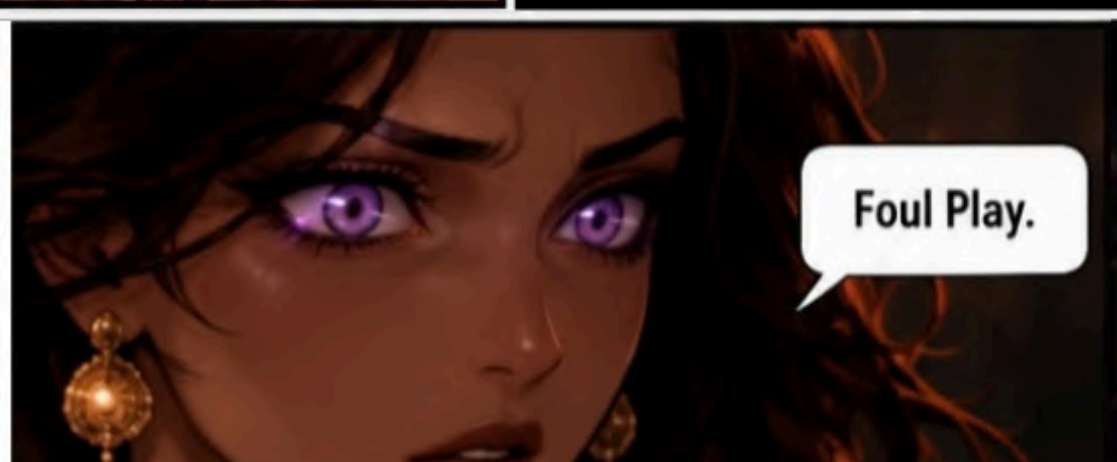

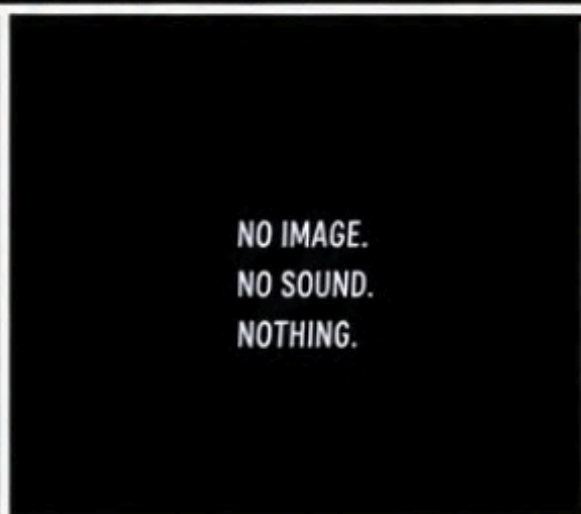

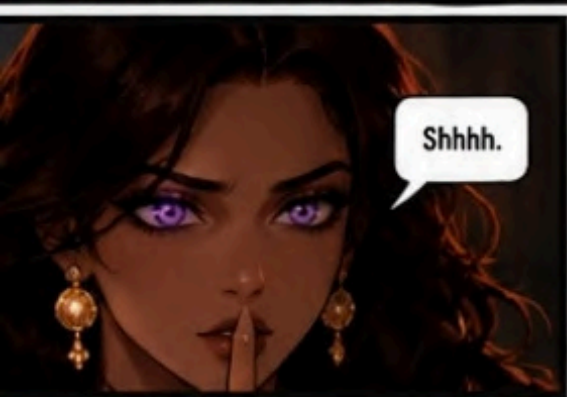

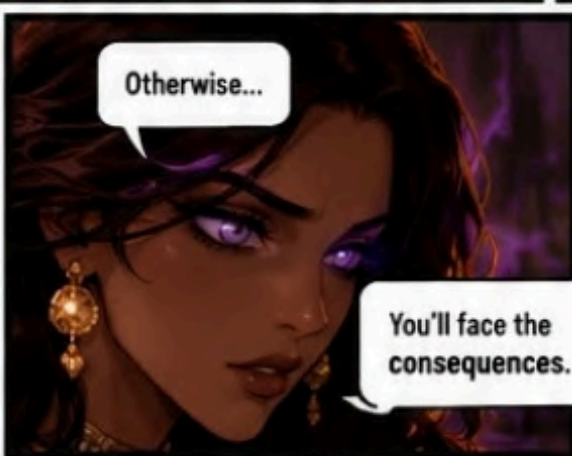

SCAN COMPLETE

SCAN COMPLETE
- HEART RATE : STABLE
- BODY TEMP : NORMAL
- STRESS LEVEL: LOW
- DECEPTION : NONE DETECTED

She isn't lying.

You still gave them something.

Yes.

And every time I did...

...I hated myself for it.

But Ashton was still standing the next morning.

They came to me almost a decade ago.

They knew the Guardians could stop criminals.

So they found a different way to fight us.

They came after the city.

Power grids.

Transportation.

People.

They made one thing very clear.

If I refused them...

...they wouldn't come for me.

They'd come for Ashton.

And you believed them?

I watched them prove it.

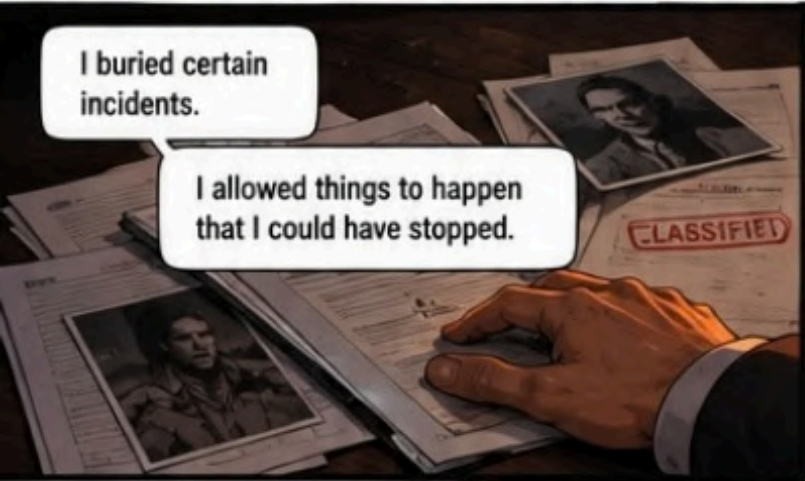

So I made a choice.

I would become the man they could threaten...

...so they wouldn't have to threaten everyone else.

I gave them information.

I buried certain incidents.

I allowed things to happen that I could have stopped.

And every time I told myself the same thing...

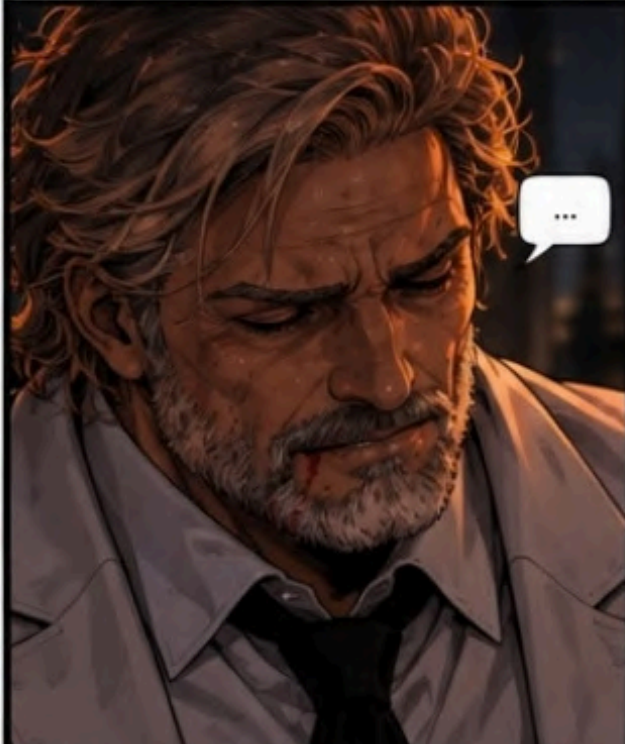

One compromise today...

...to save a thousand lives tomorrow.

And how many people did you fail to save?

...

Then don't tell me you were protecting Ashton.

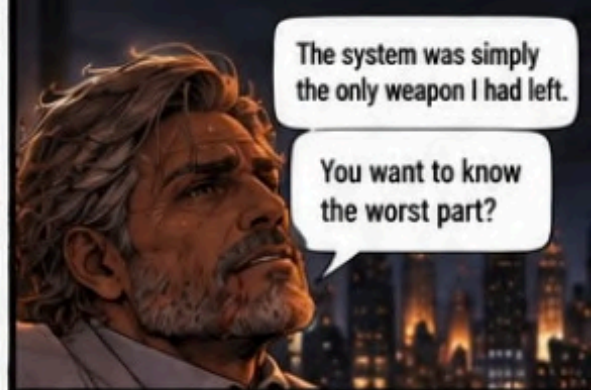

You were protecting the system.

No.

I was protecting people.

The system was simply the only weapon I had left.

You want to know the worst part?

Sometimes it worked.

I made the compromise...

...and nothing happened.

No explosion.

No massacre.

No emergency call.

Just another quiet night.

And that's what made it easier to do it again.

Why didn't you tell us?

Because the moment the Guardians knew...

...Chaos would know that I had lost control.

...they would stop negotiating.

So you carried it alone.

Someone had to.

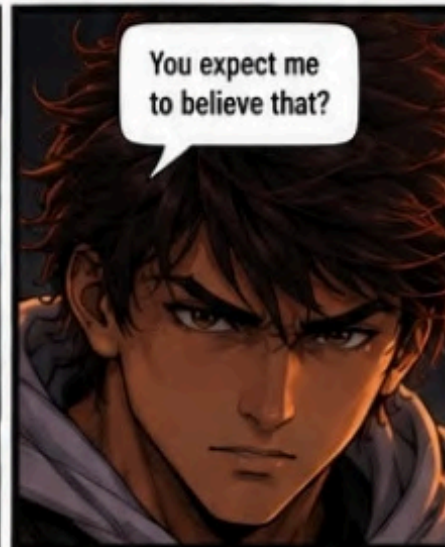

Then answer one more thing.

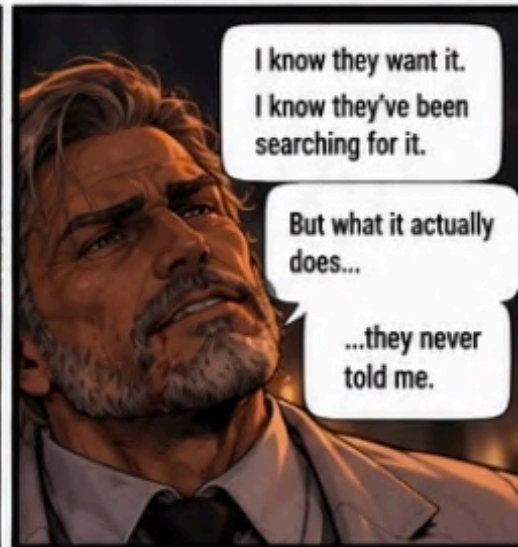

The key.
Why does Chaos want it?

I don't know.

You expect me to believe that?

I know they want it. I know they've been searching for it.

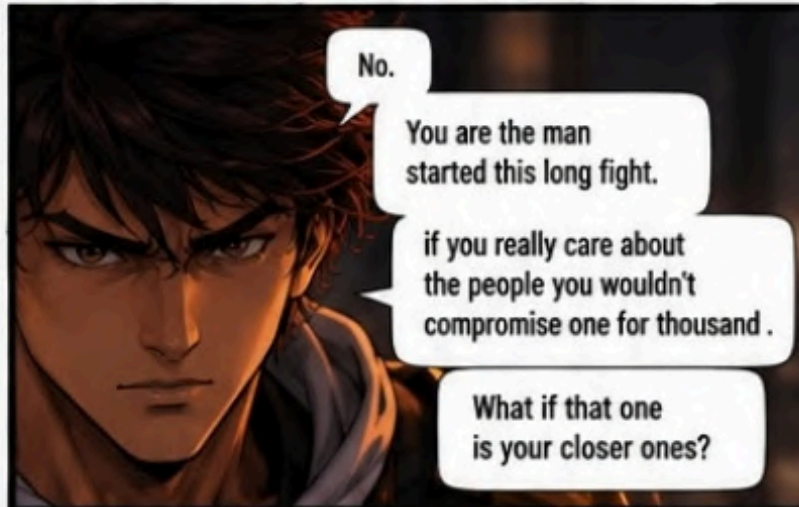

But what it actually does...

...they never told me.

You came here expecting to find the man responsible for everything.

But I'm not that man.

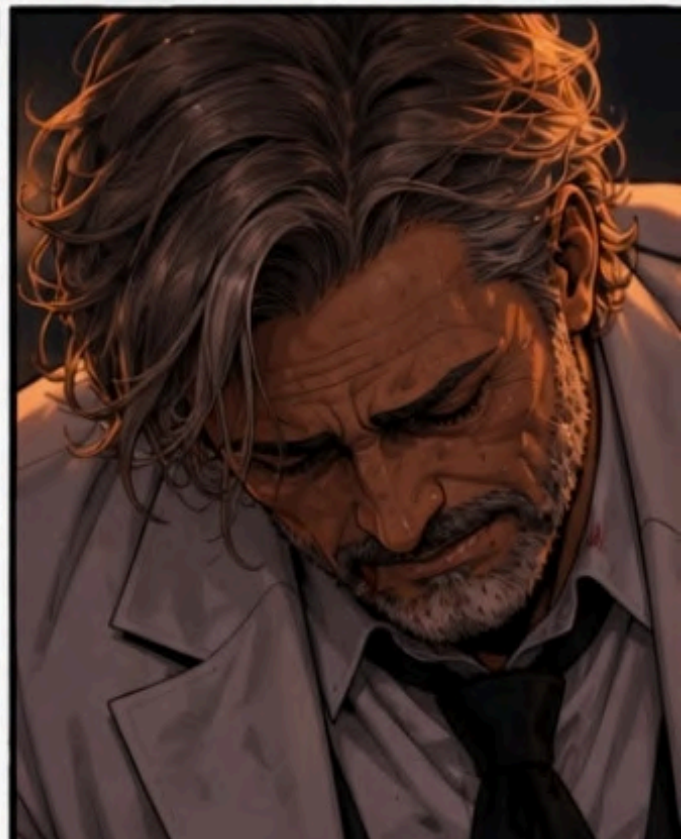

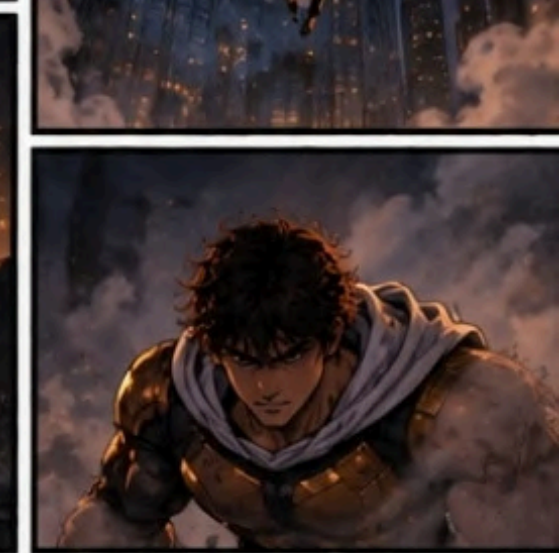

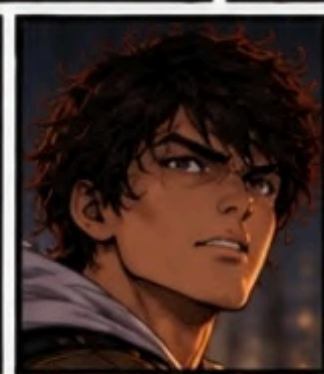

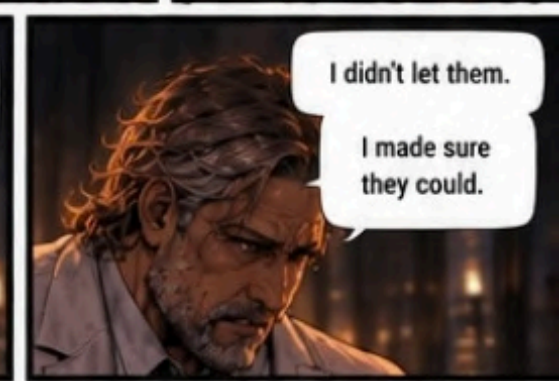

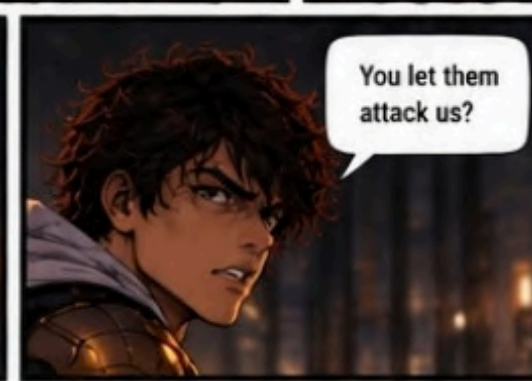

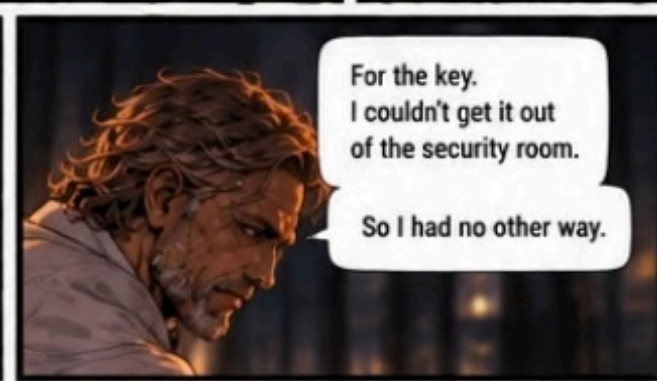

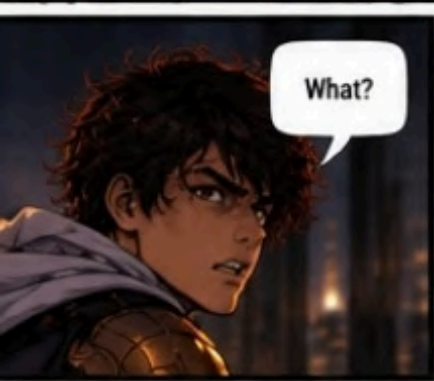

No.

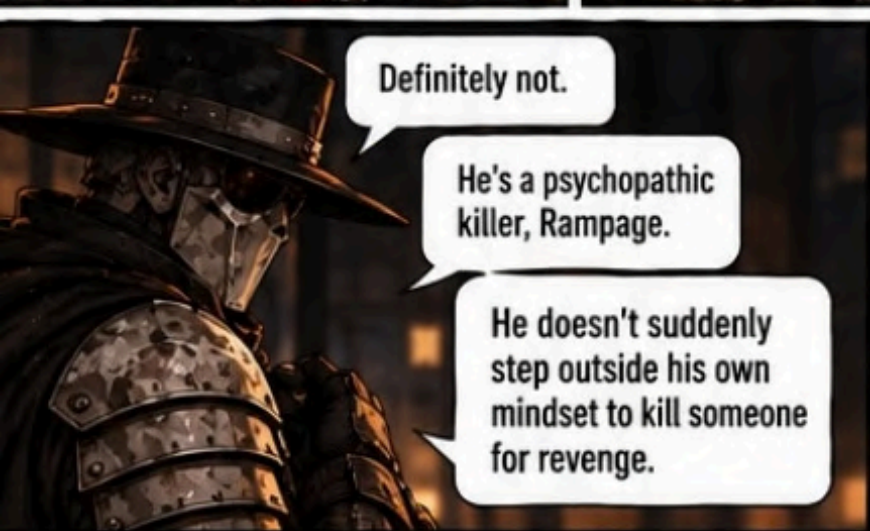

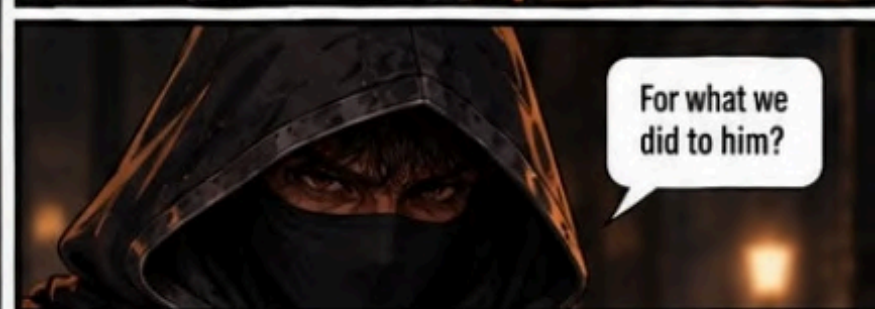

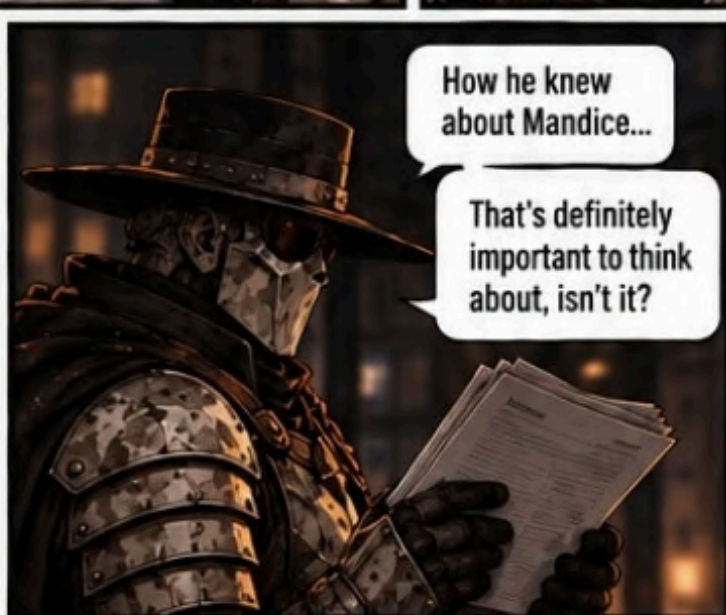

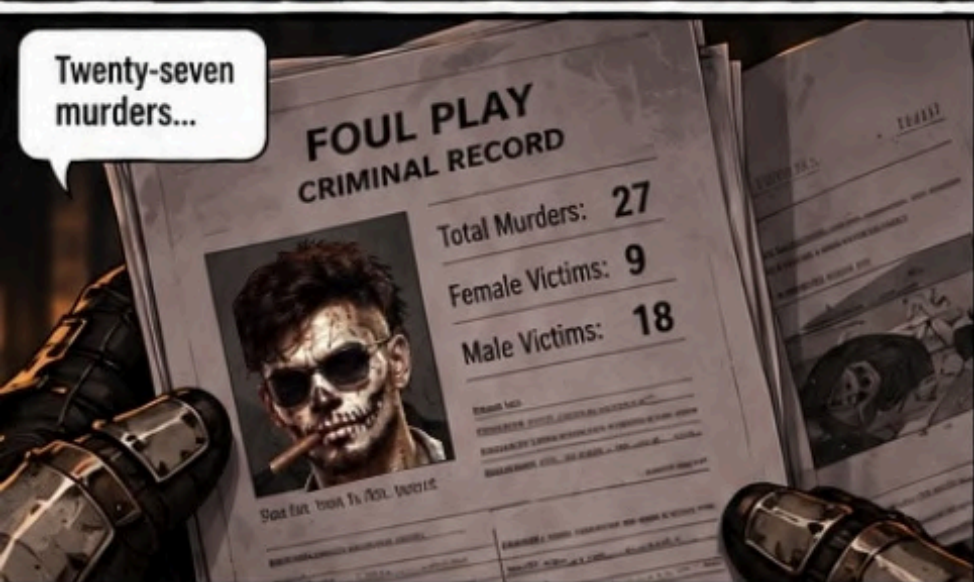

You are the man started this long fight.

if you really care about the people you wouldn't compromise one for thousand .

What if that one is your closer ones?

But Foul Play definitely follows a pattern.

A pattern only he understands.

Even if he killed Mandice...

How could he?

That's what we're trying to find out.

Look... Isn't that a Guardian?

Rampage... And Extinct?

What about his background?

Why was he like this?

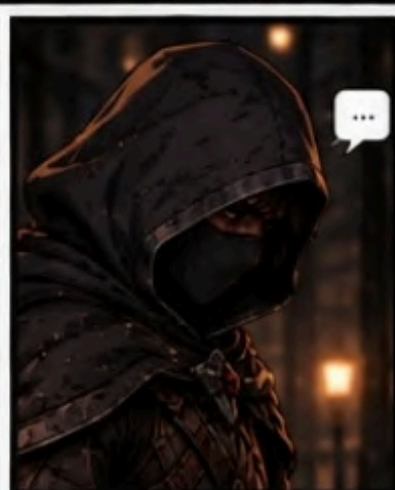

Orphan.

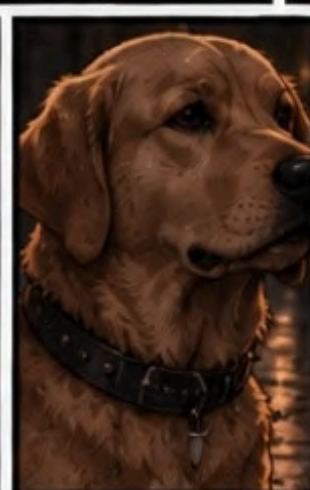

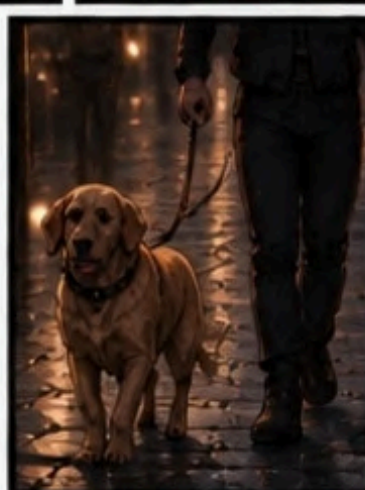

That's it.

Nothing else about his childhood.

...

What about his power?

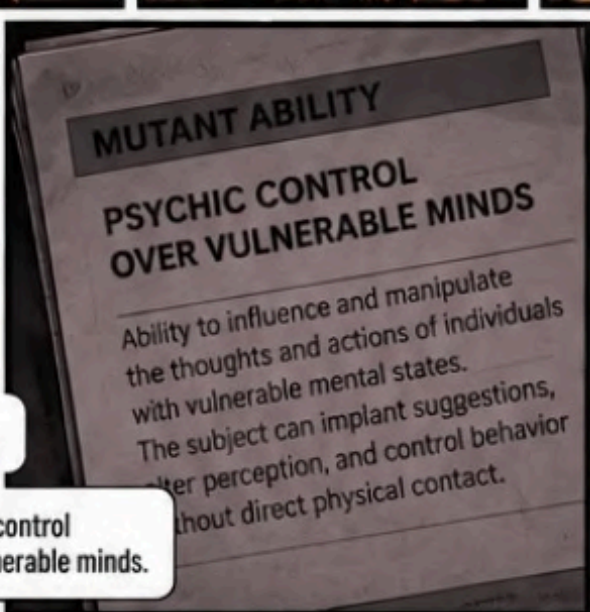

I never really understood it.

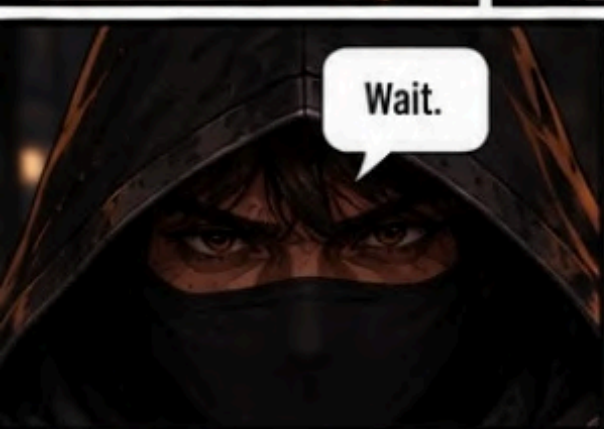

Let's see...

Here.

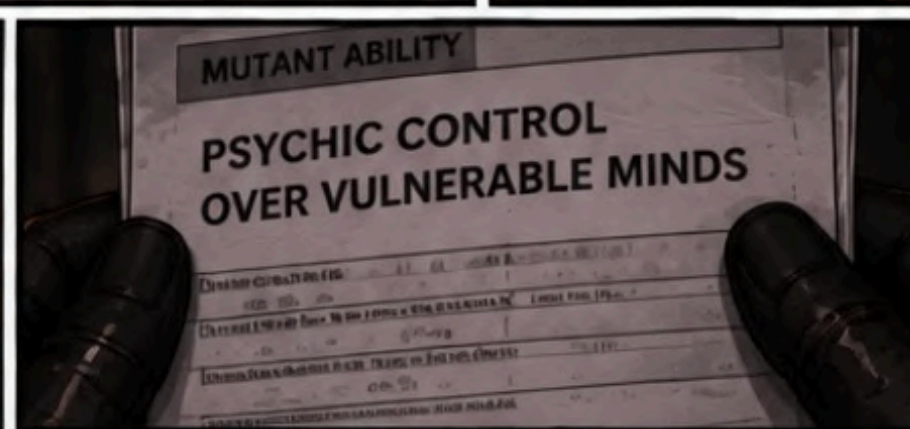

Psychic control over vulnerable minds.

...

Wait.

He can control their minds...

...without doing it himself.

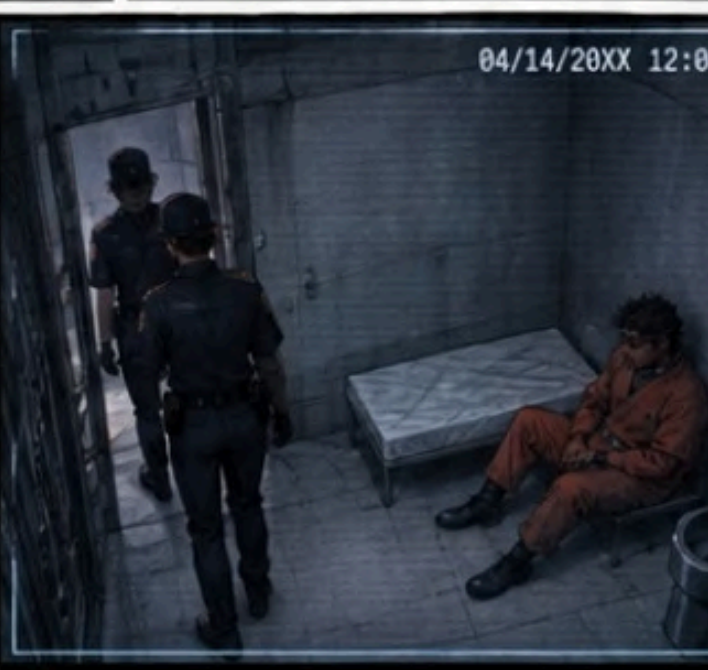

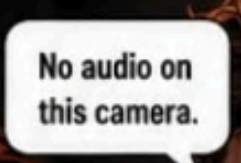

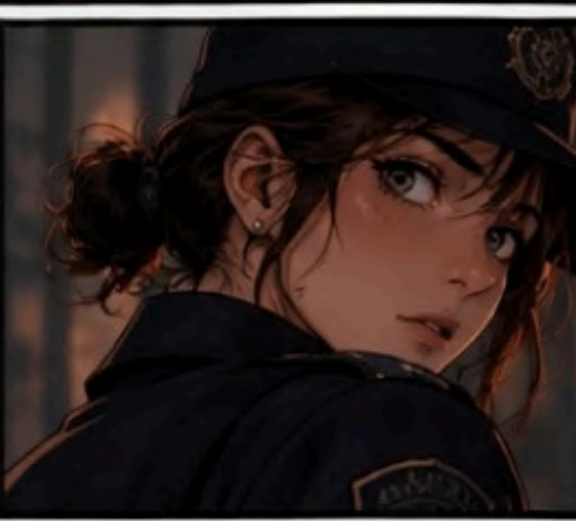

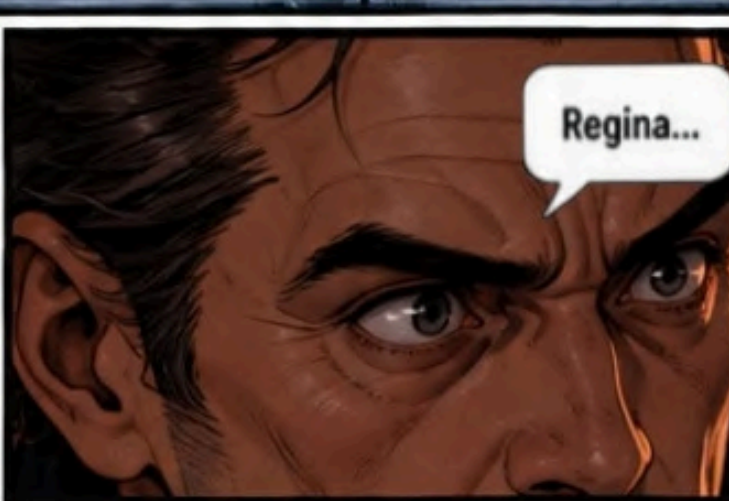

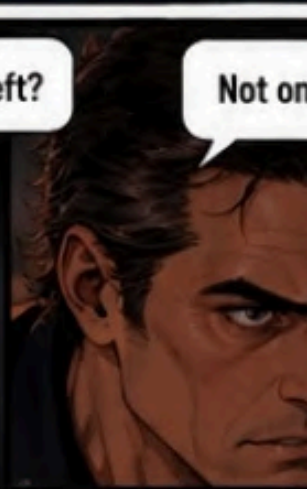

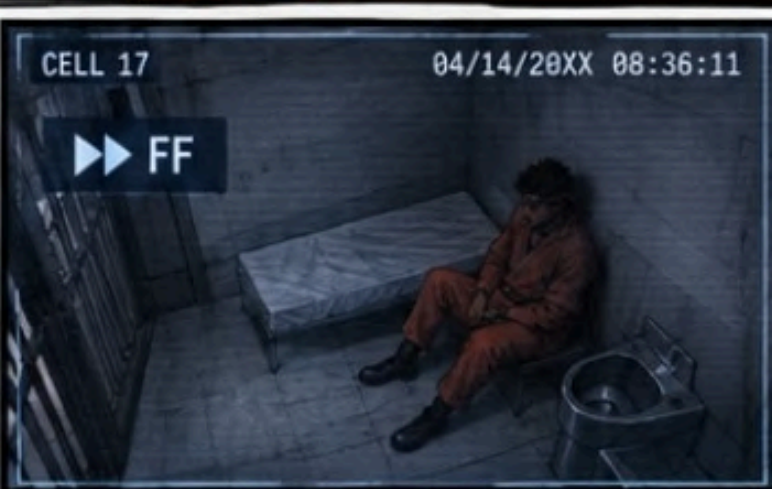

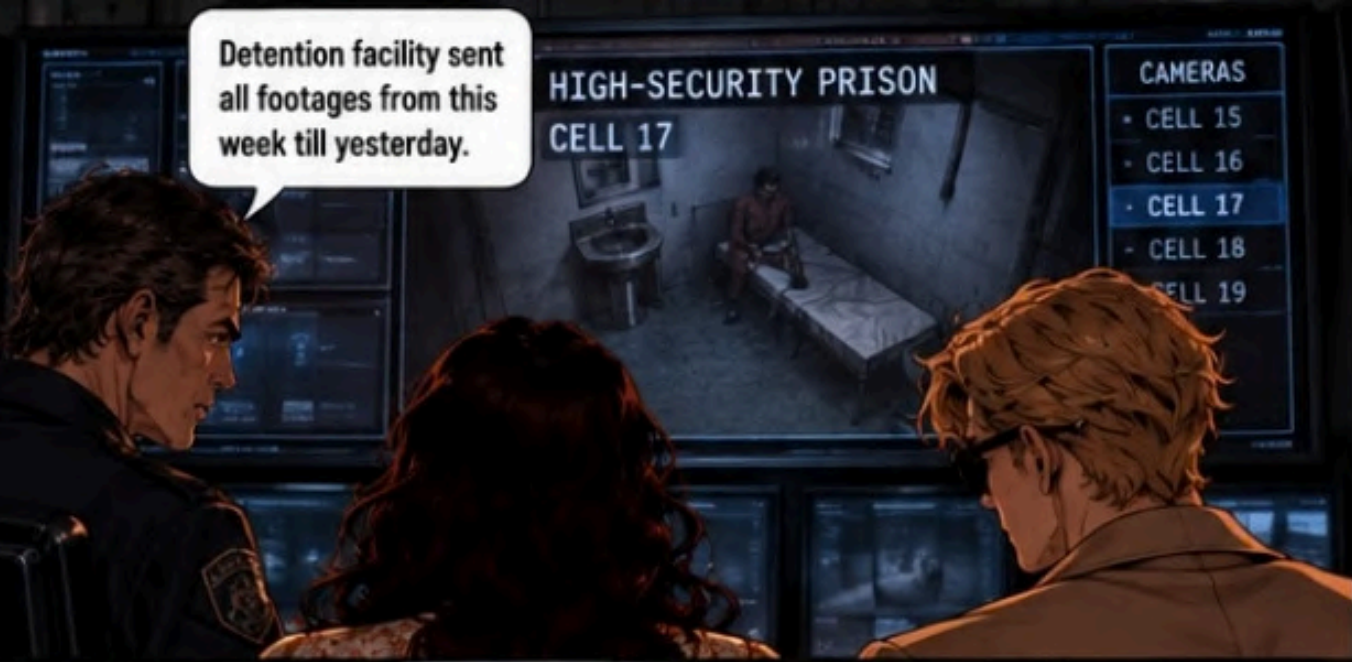

So he may not have been directly involved.

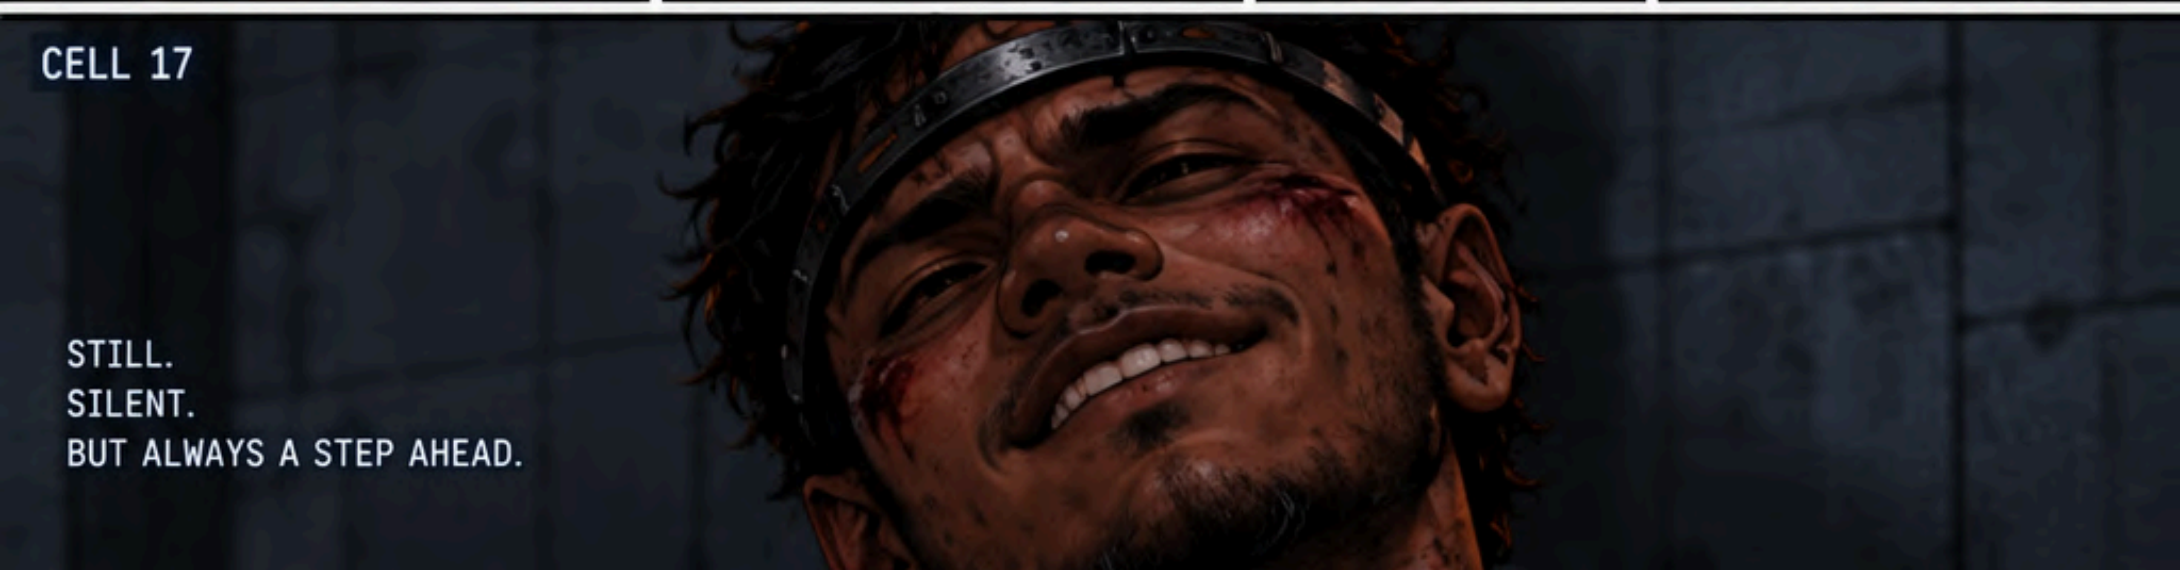

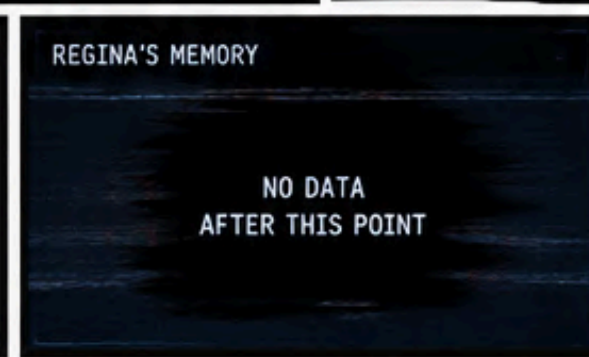

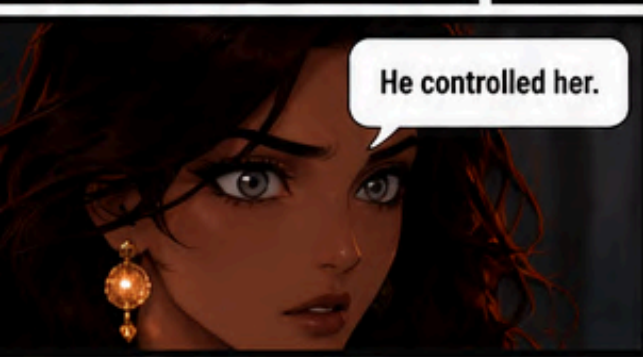

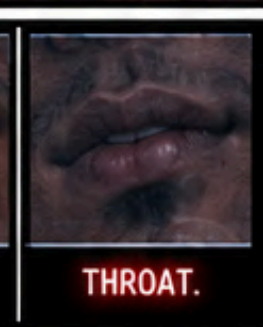

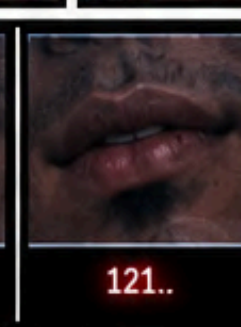

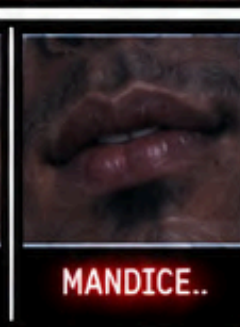

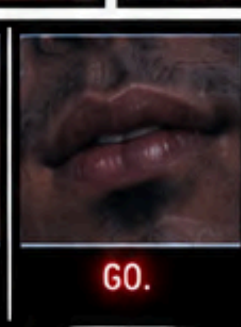

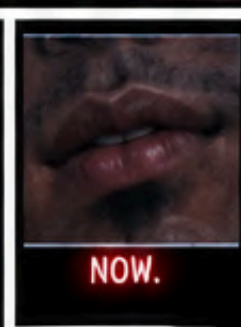

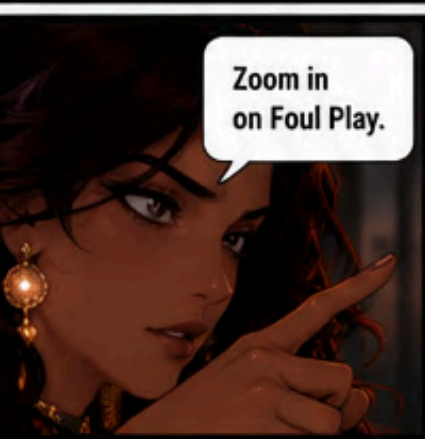

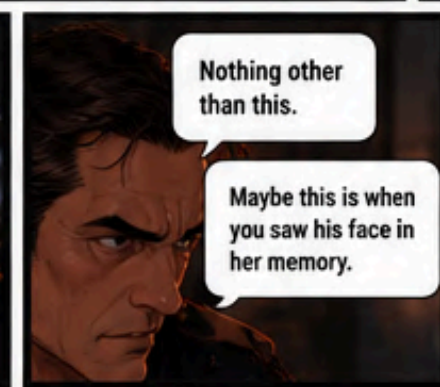

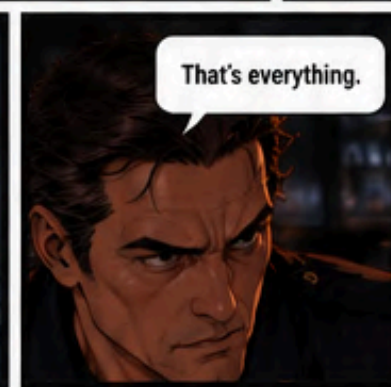

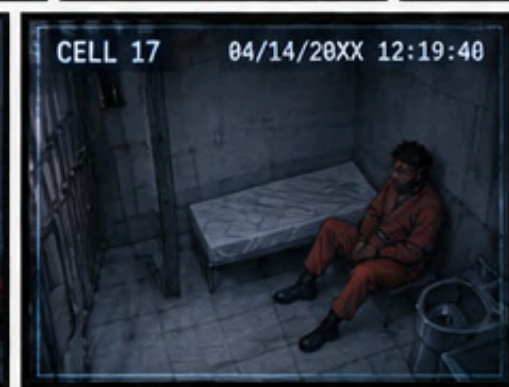

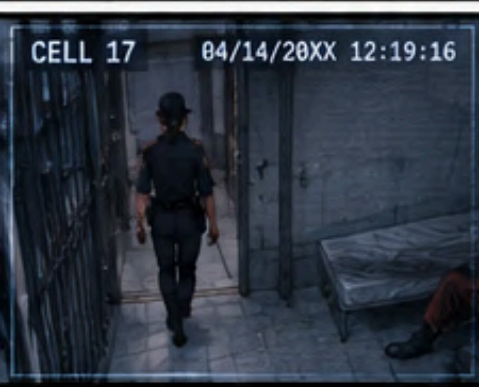

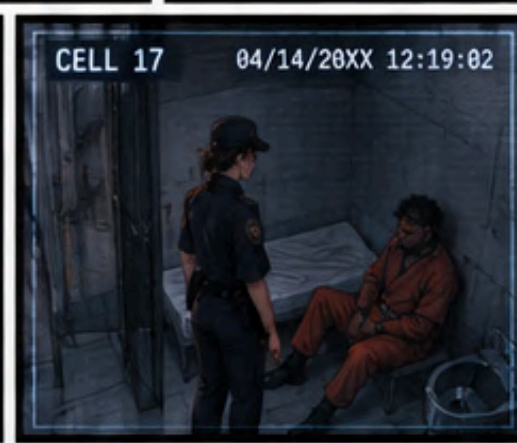

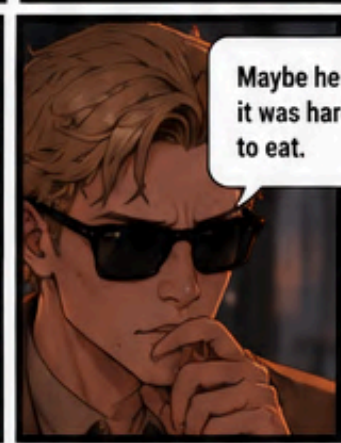

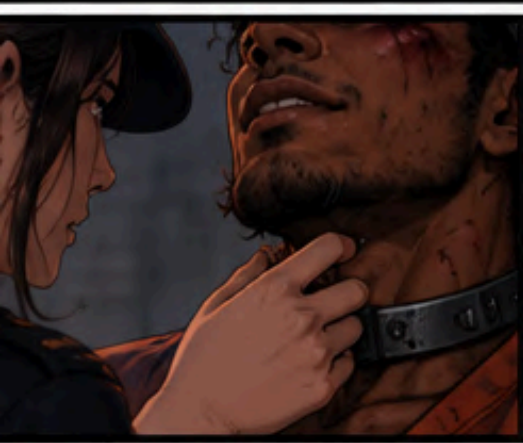

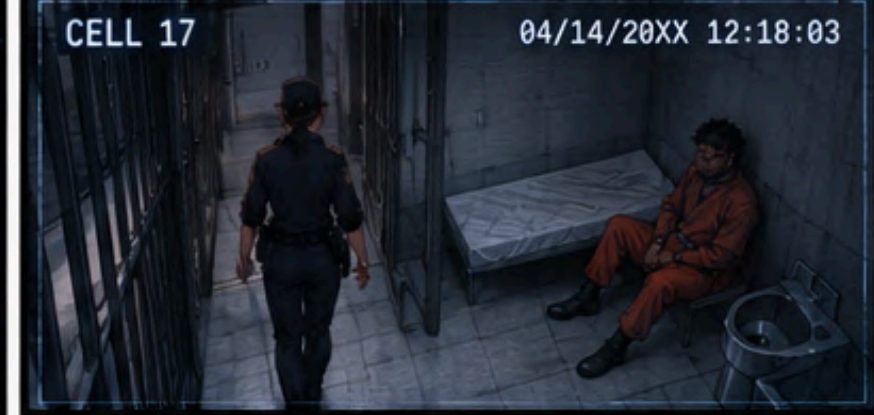

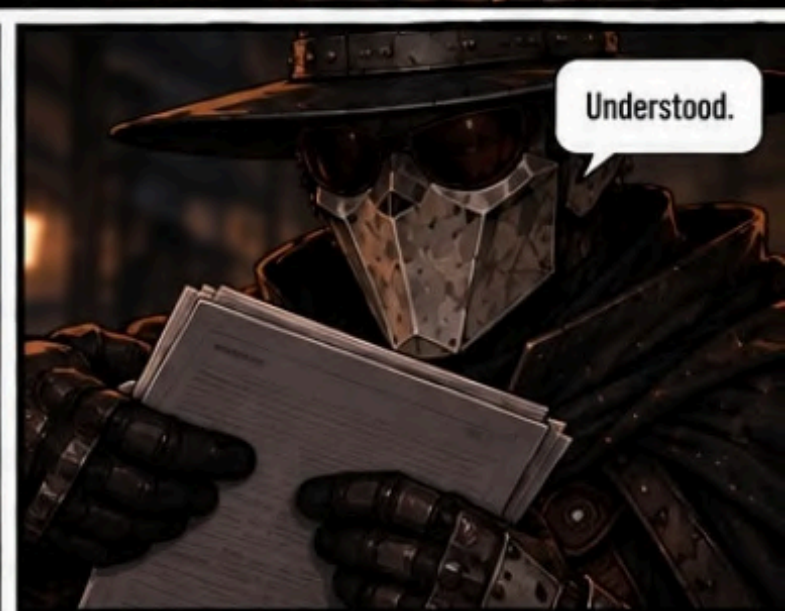

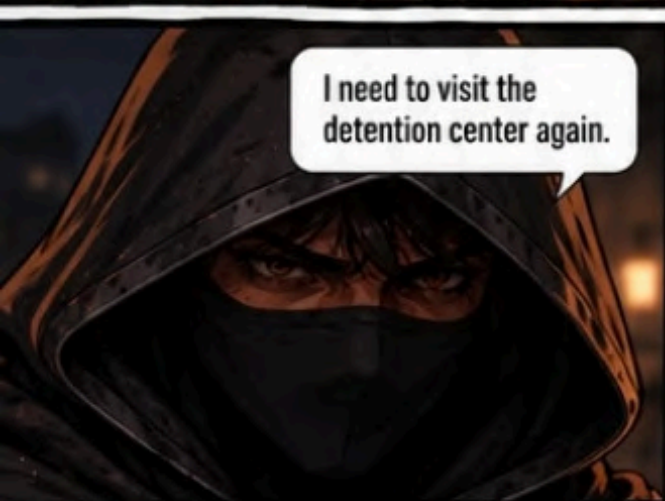

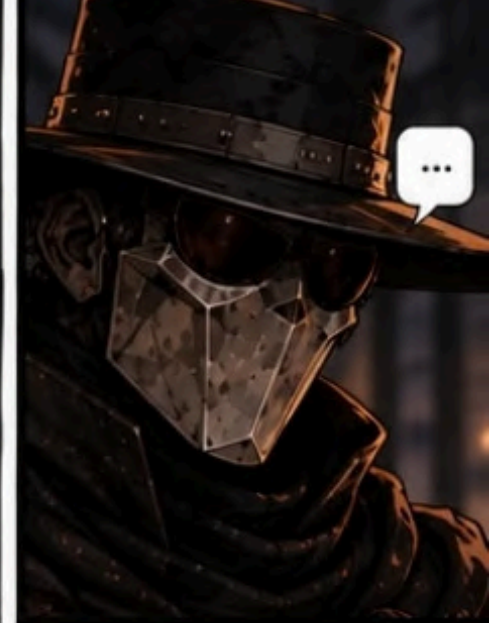

He used someone else.

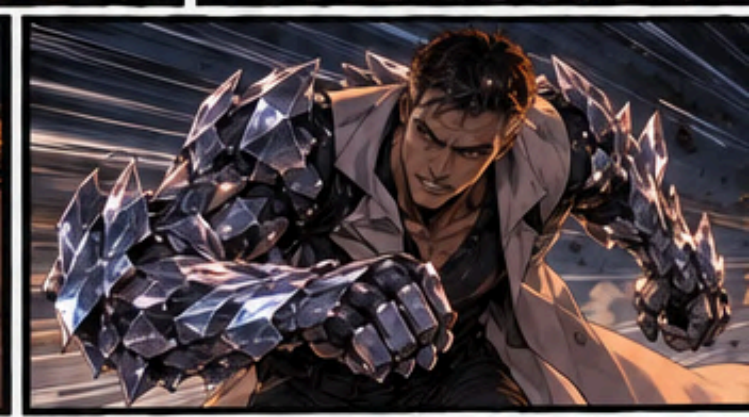

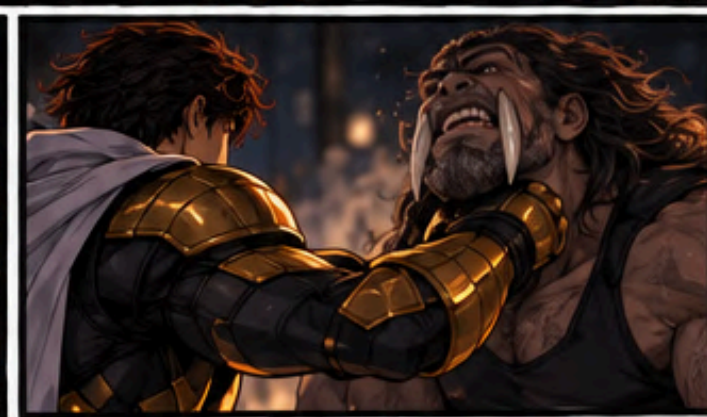

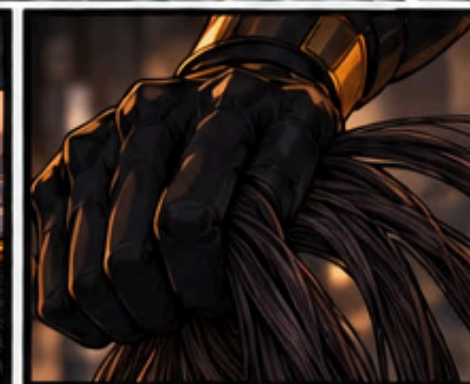

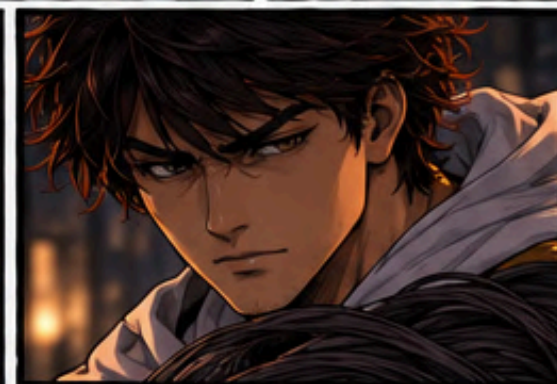

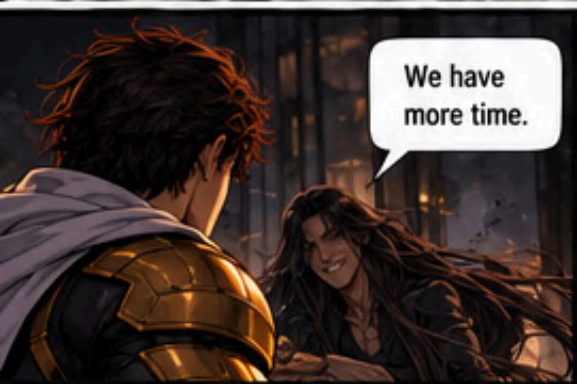

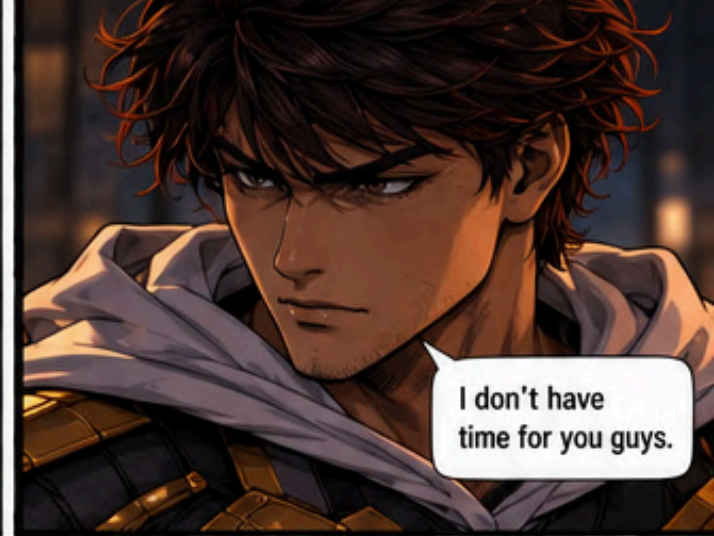

15 MINUTES
LATER

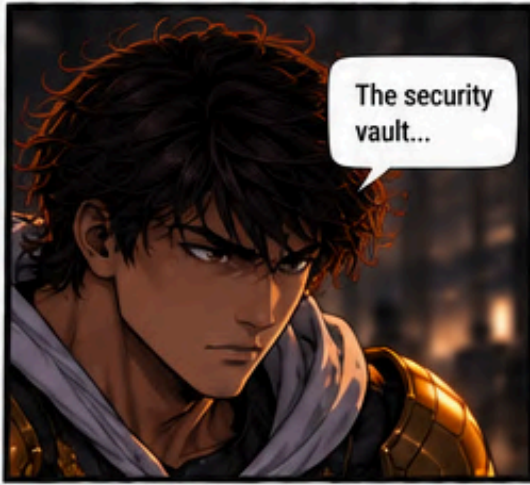

Where did they go?

Underground!

The security vault...

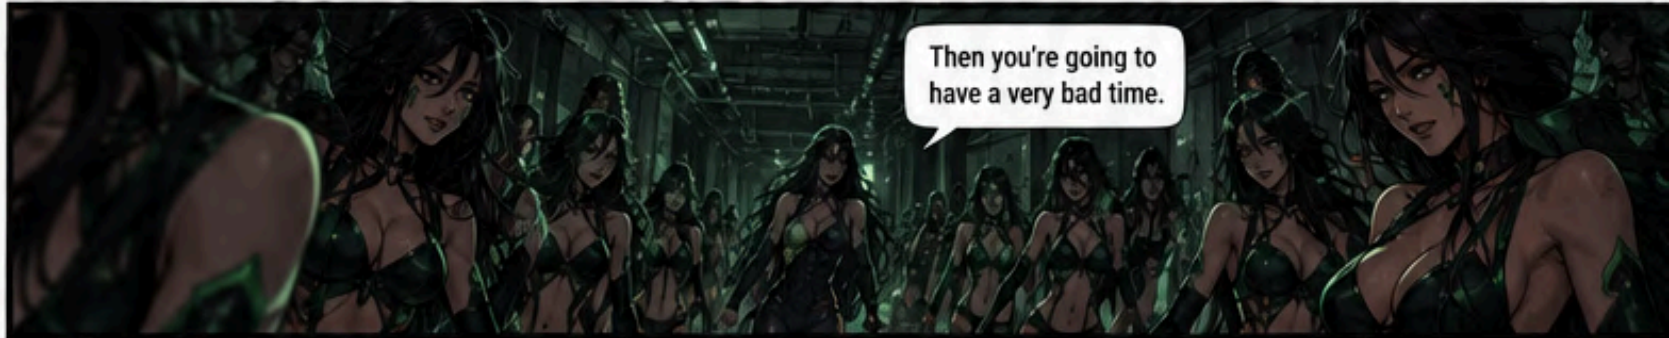

WHOOSH!

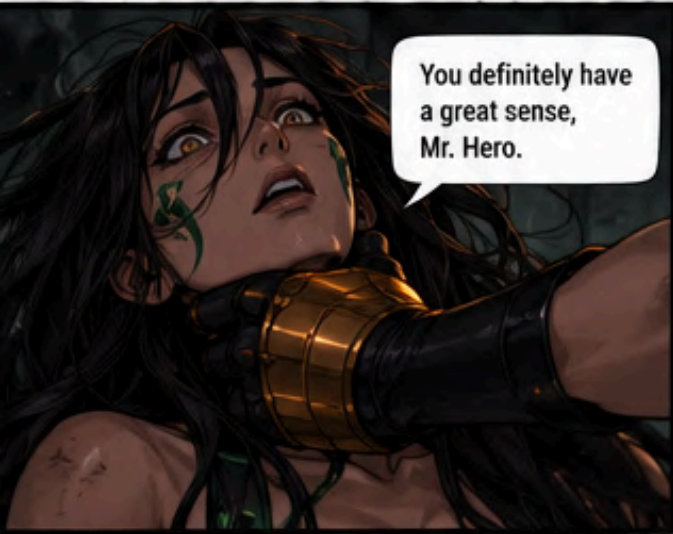

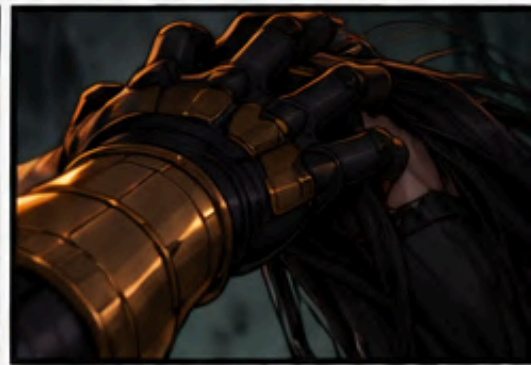

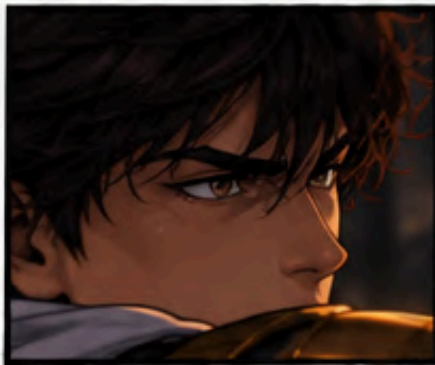

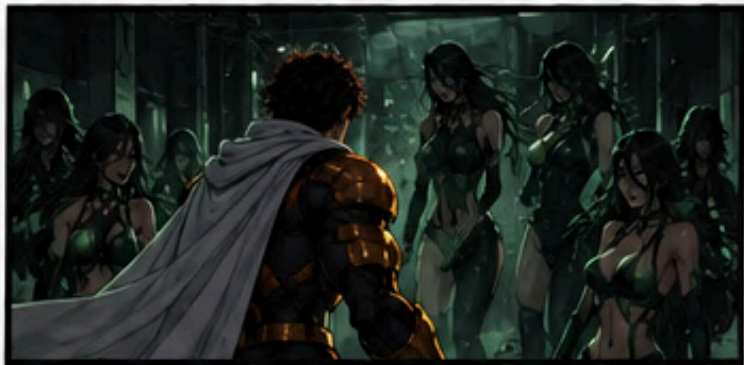

UV VISION ACTIVE

Not a good time for your illusions, Mazey.

Then you're going to have a very bad time.

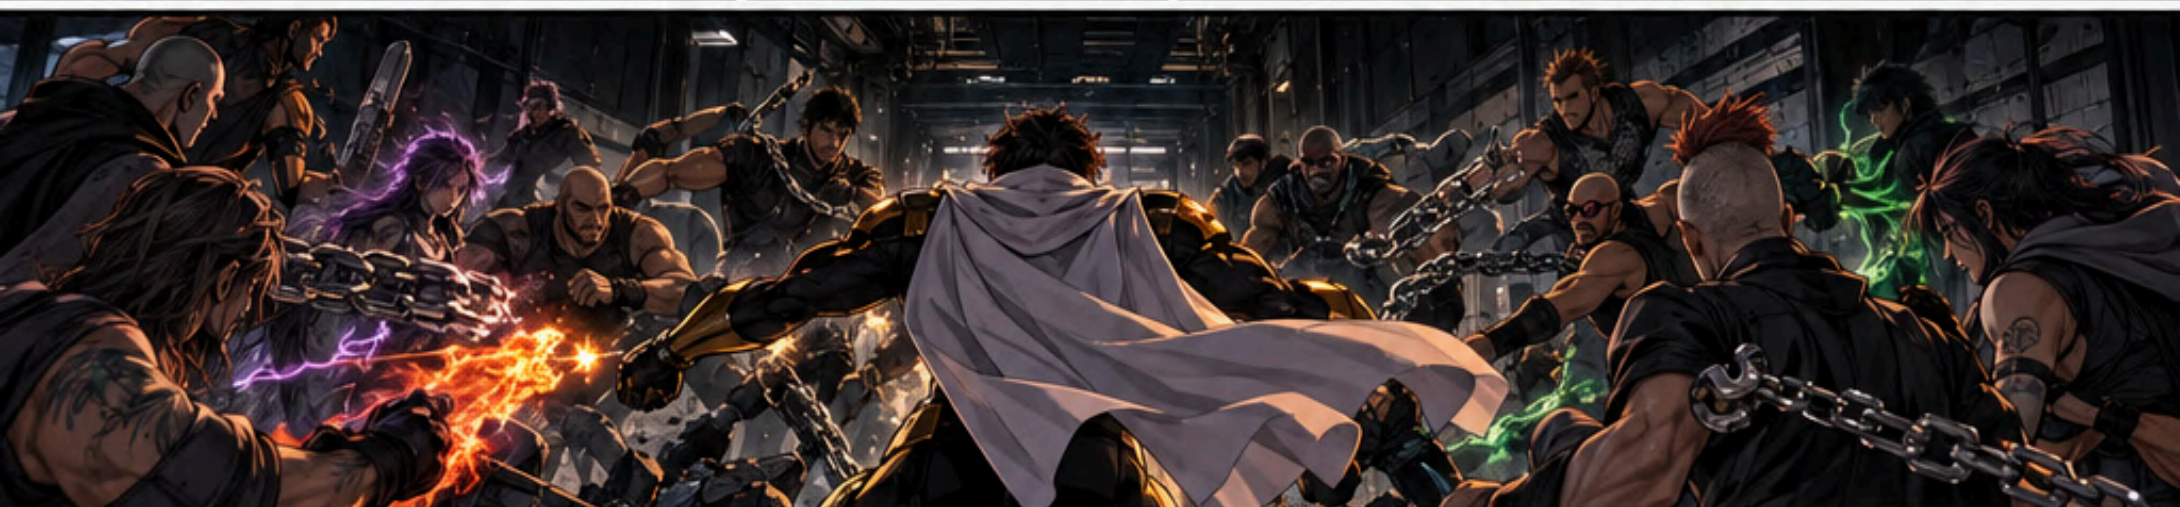

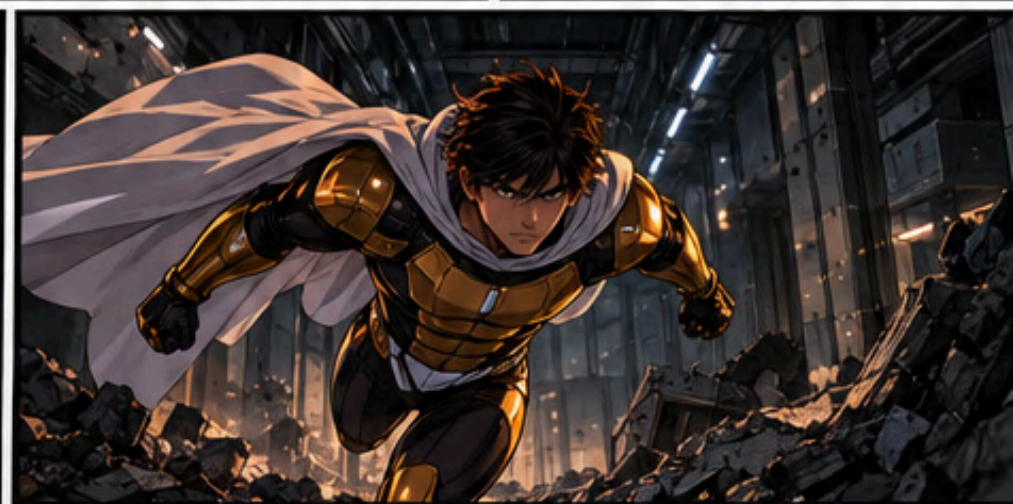

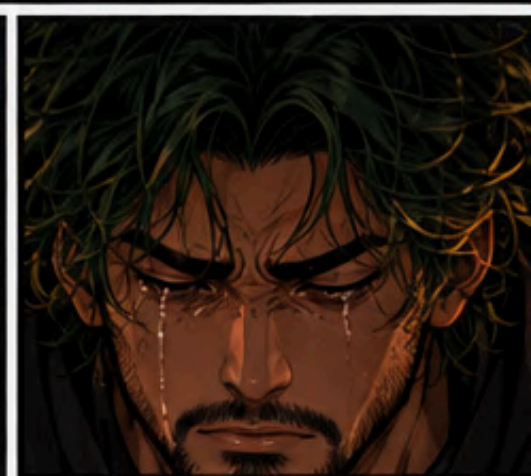

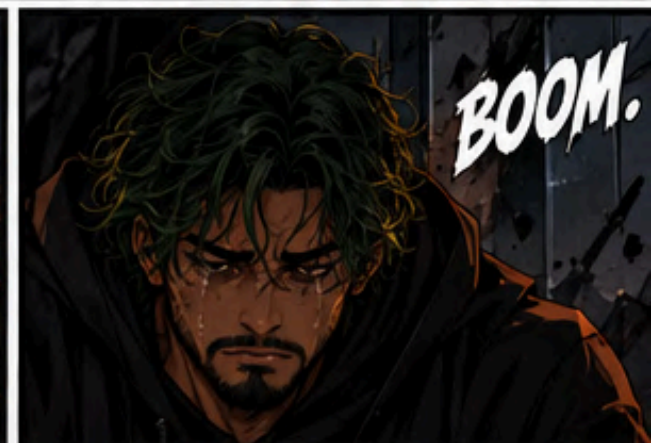

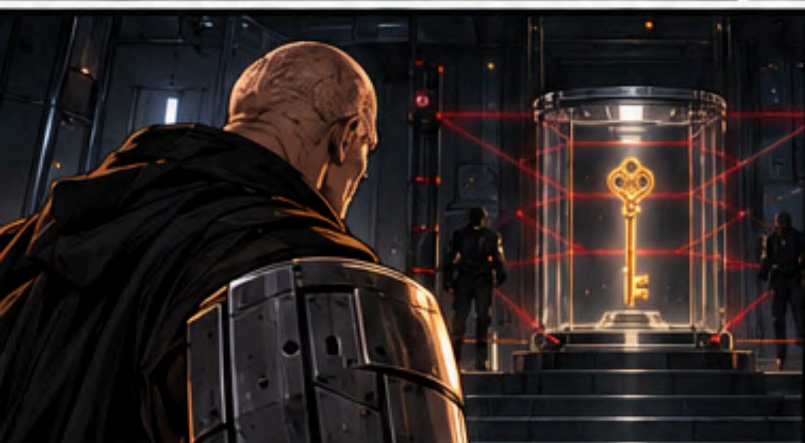

You definitely have a great sense, Mr. Hero.
