

VOLUME-1
EPISODE-9
ALPHA UNLEASHED

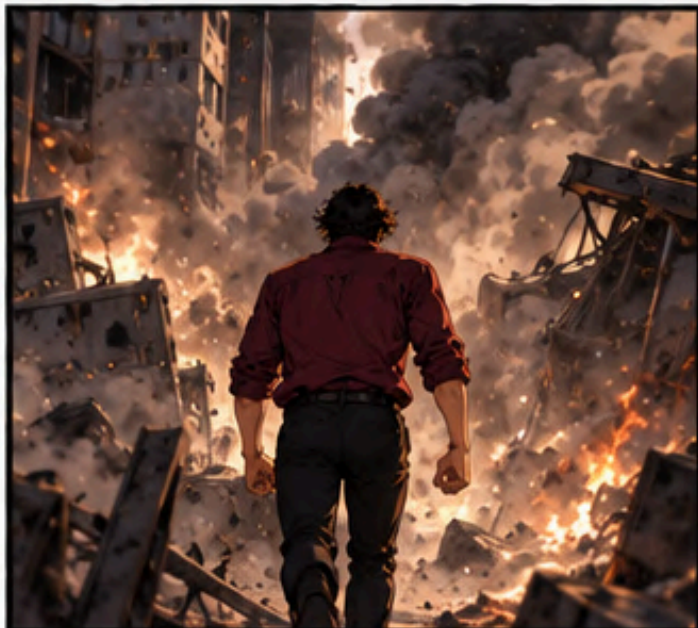

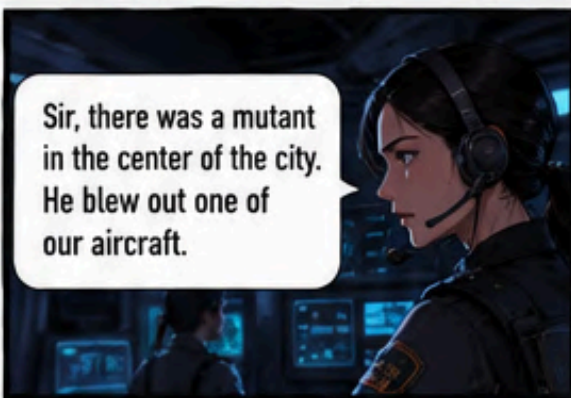

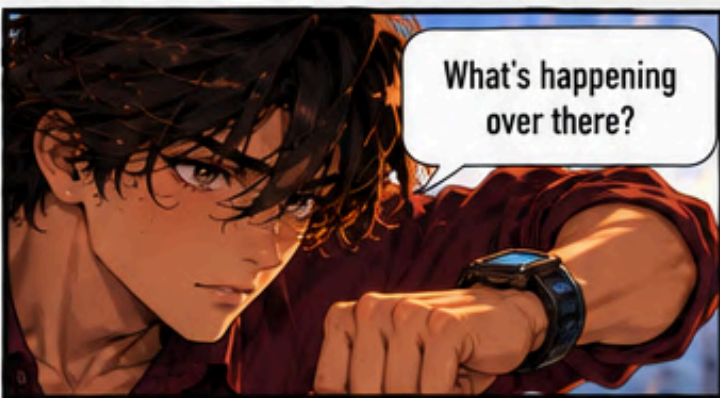

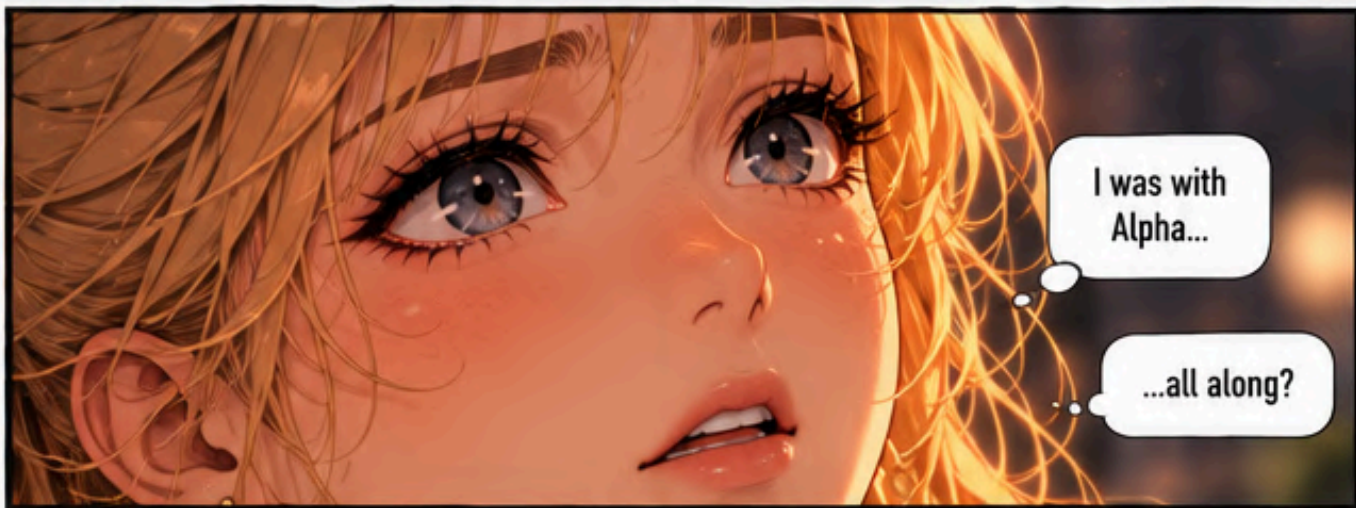

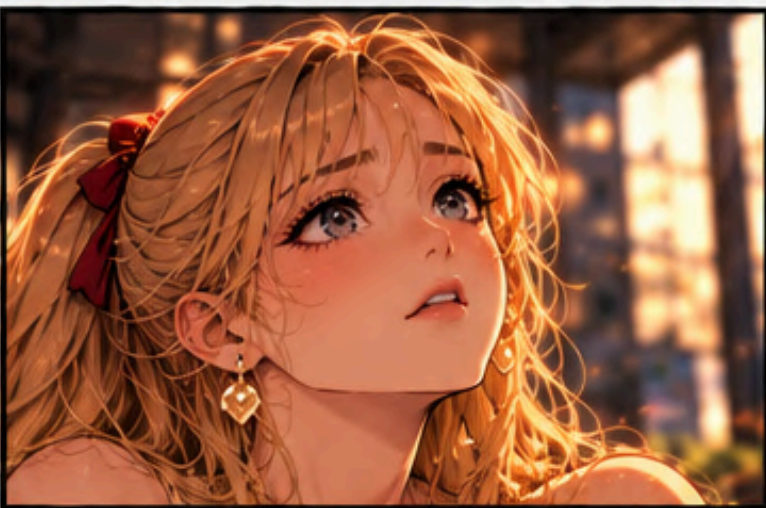

Next morning.
Ashton.

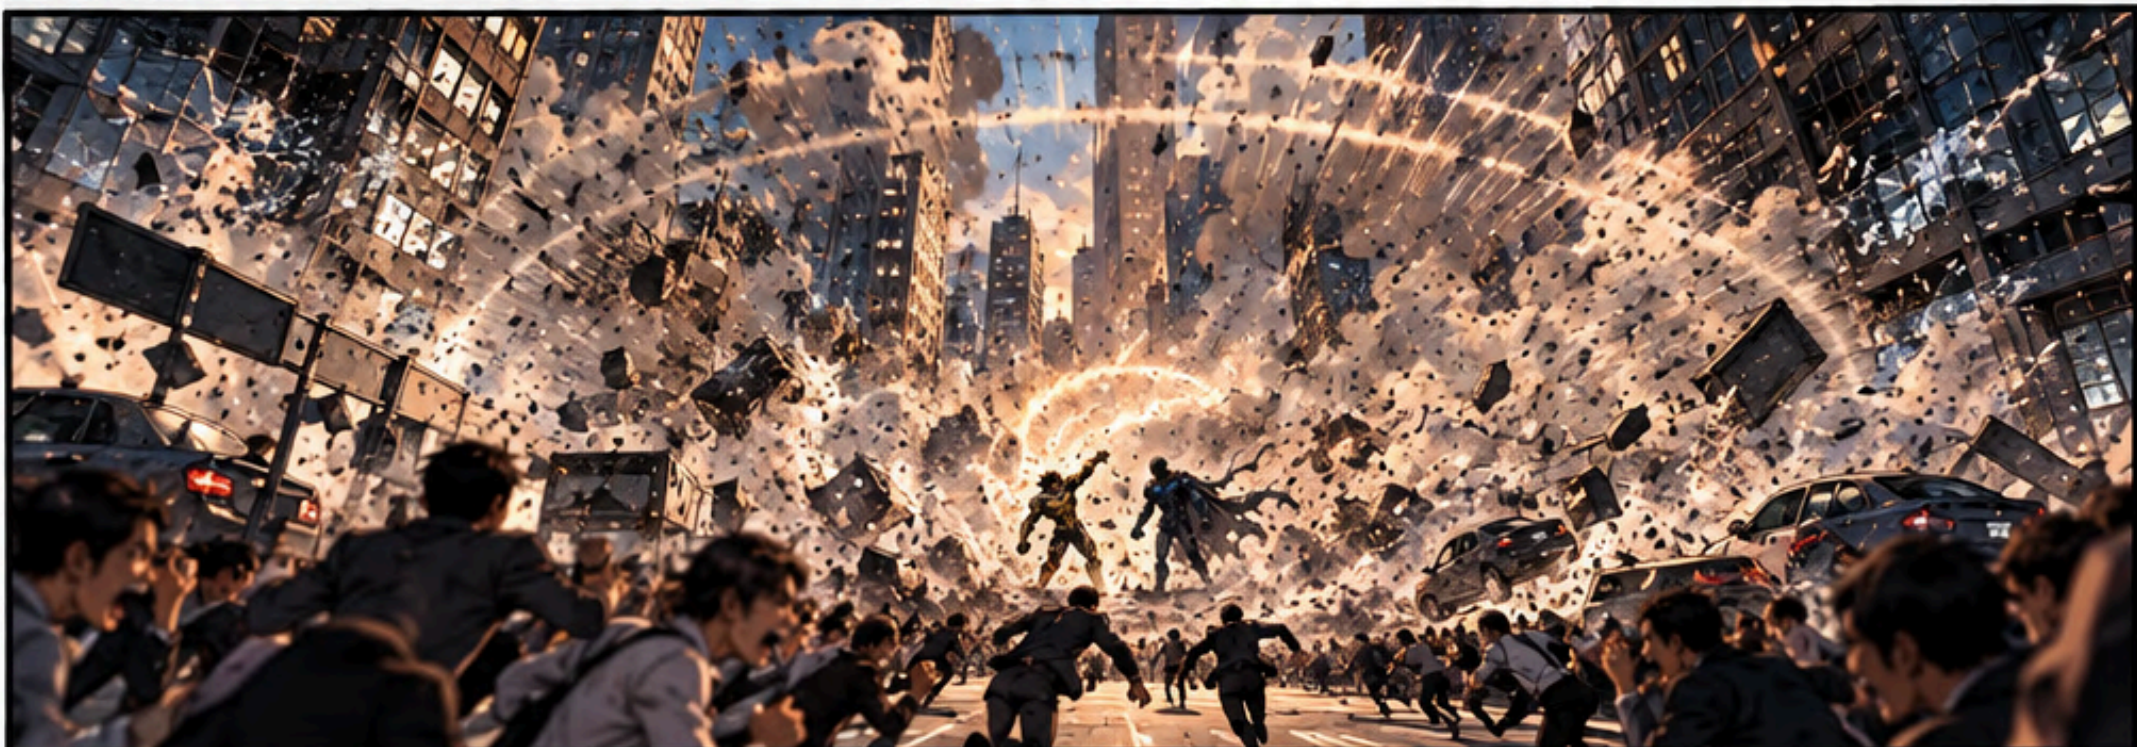

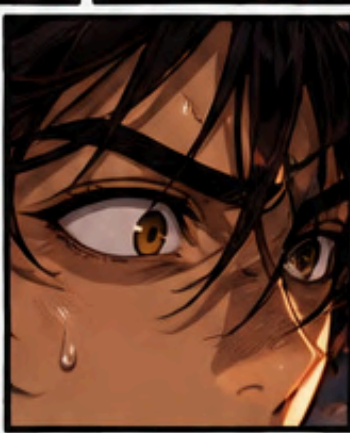

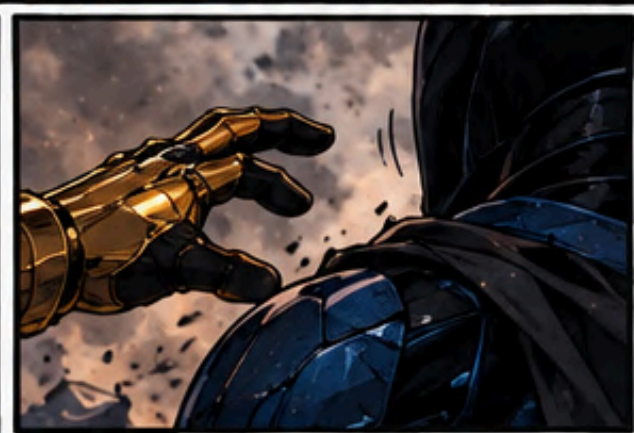

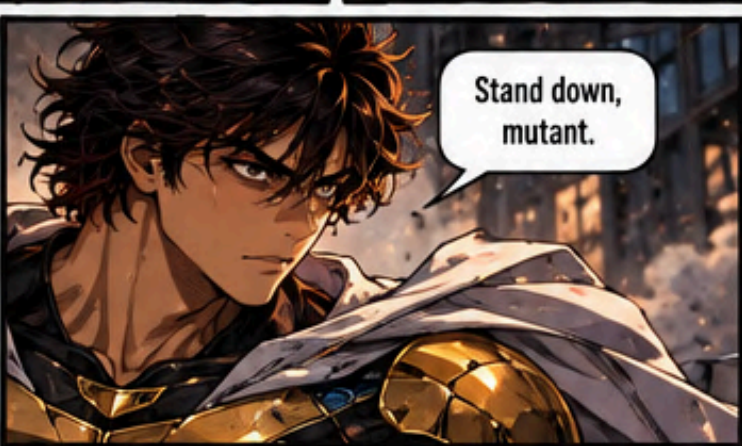

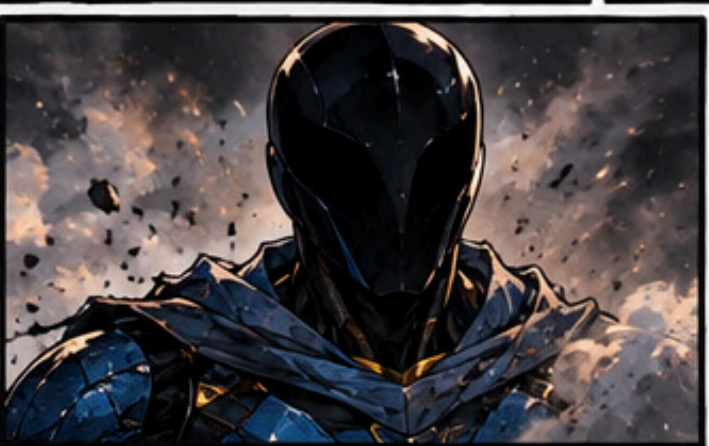

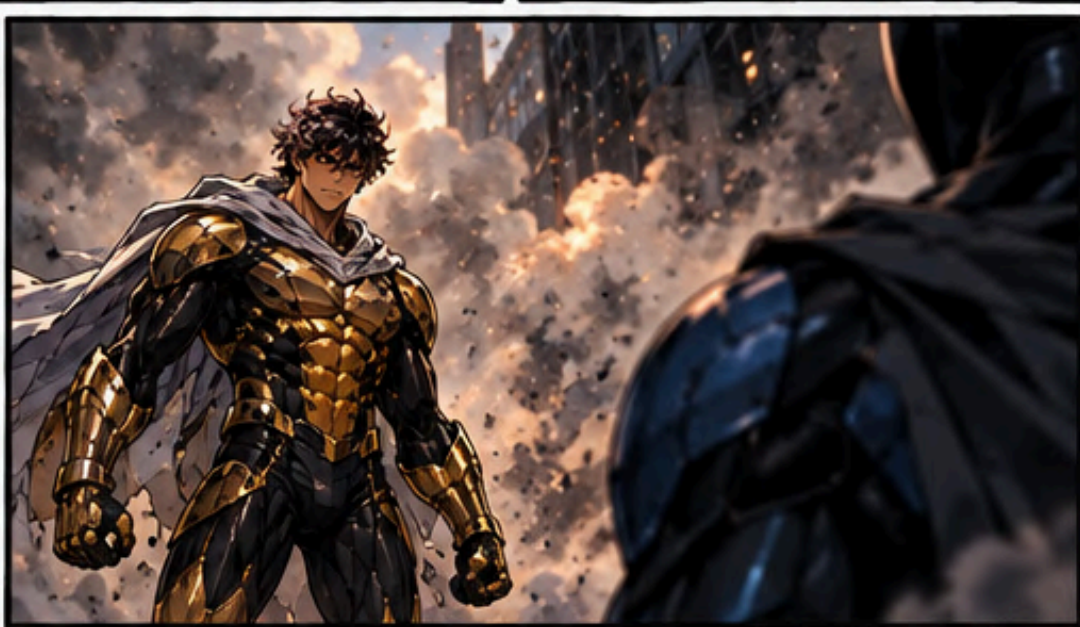

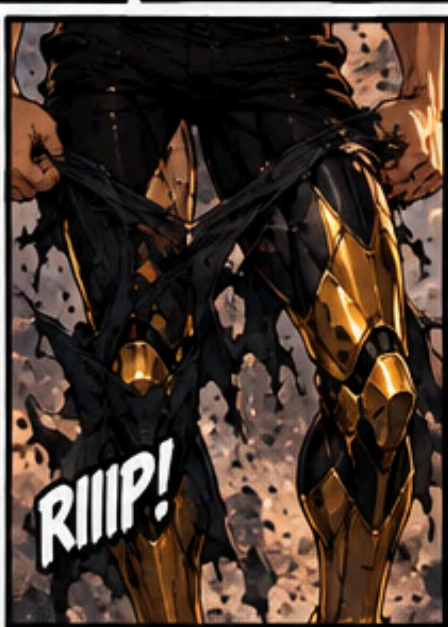

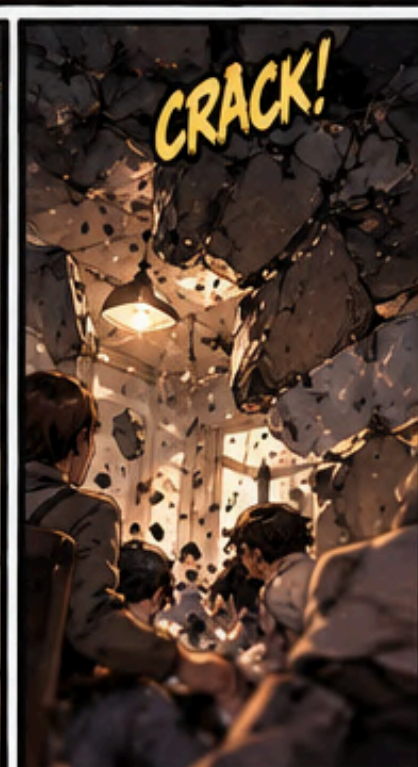

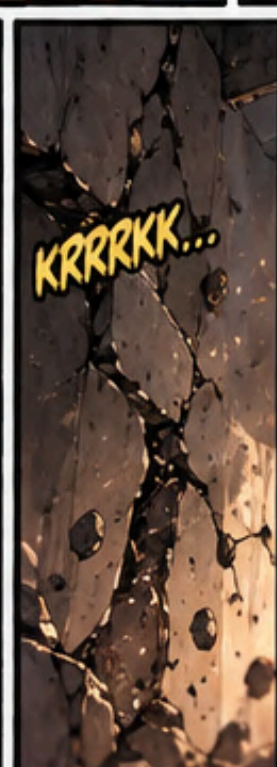

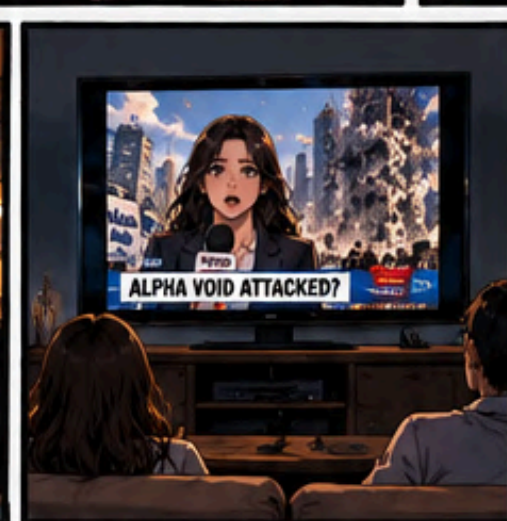

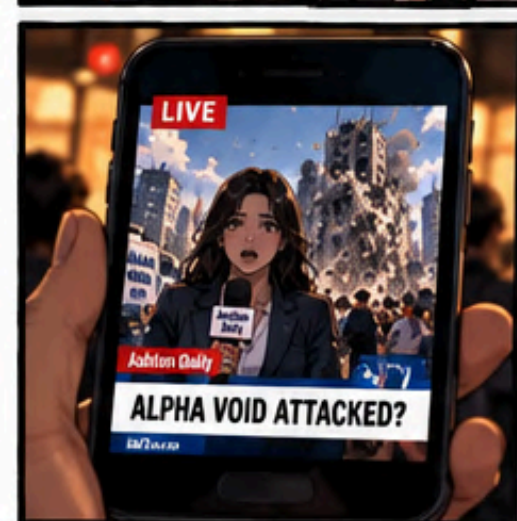

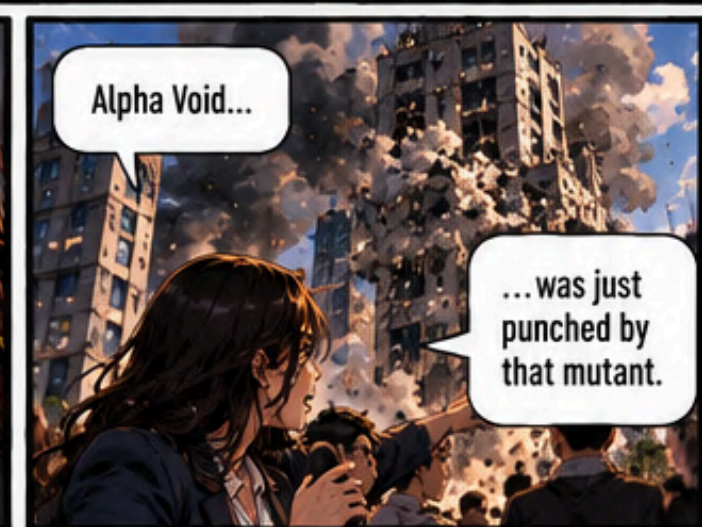

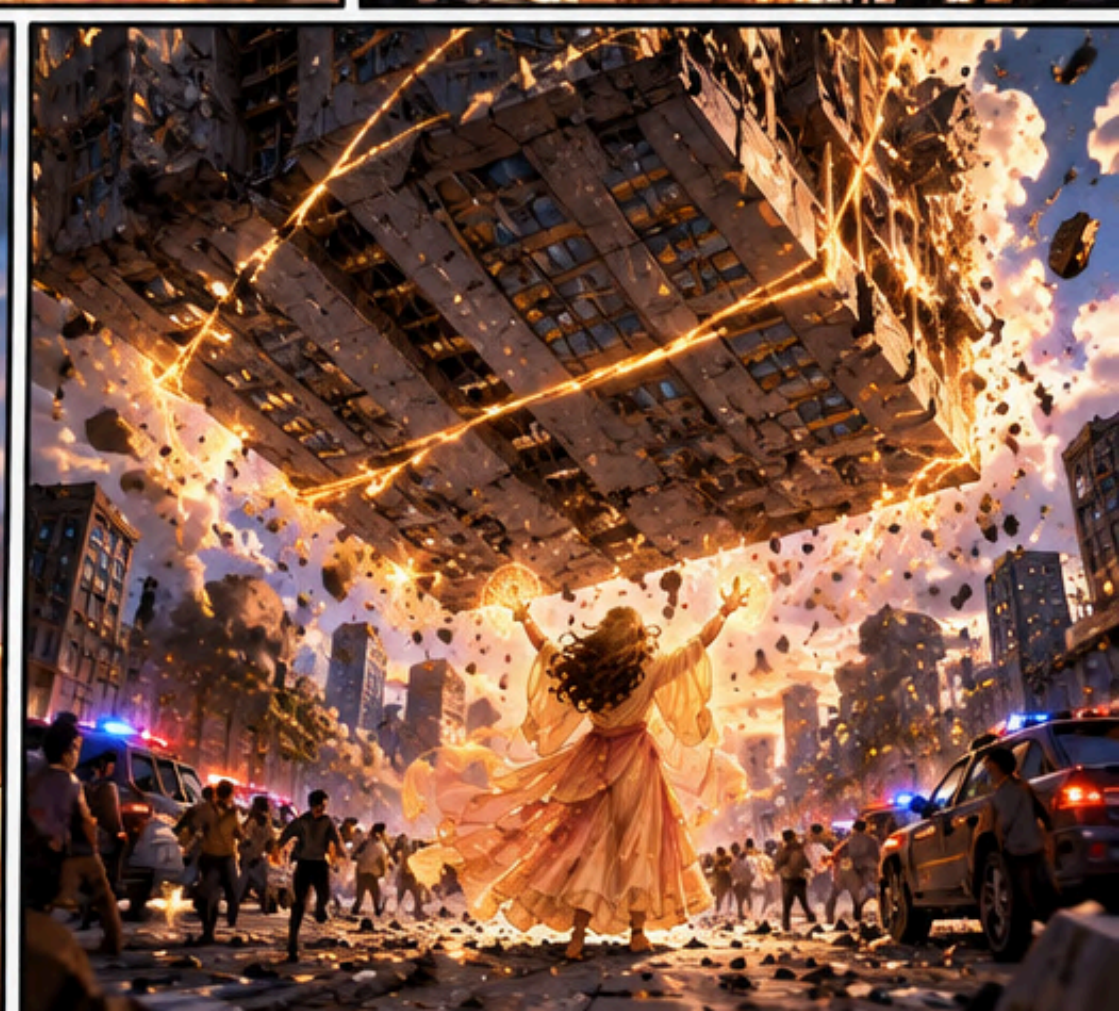

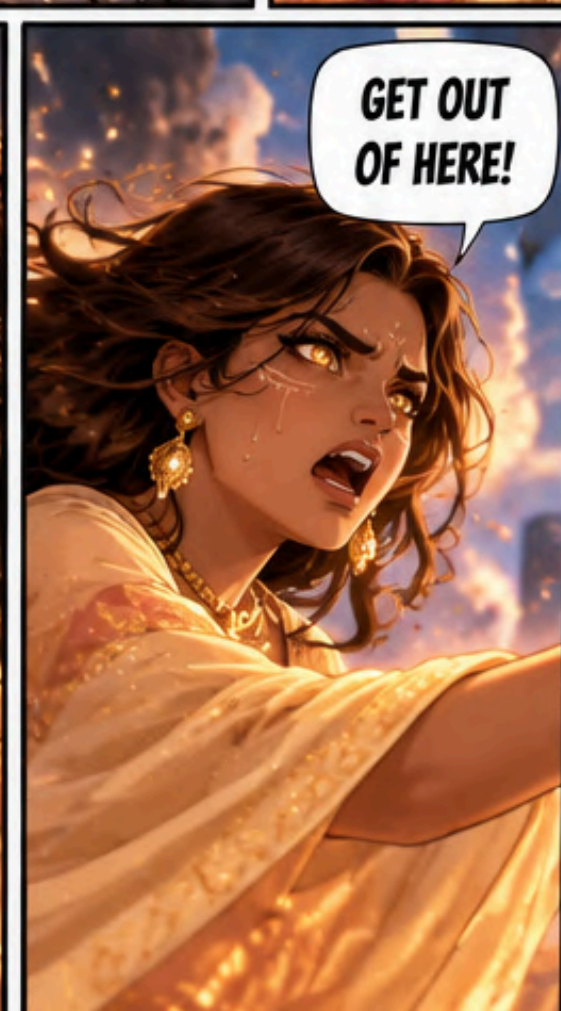

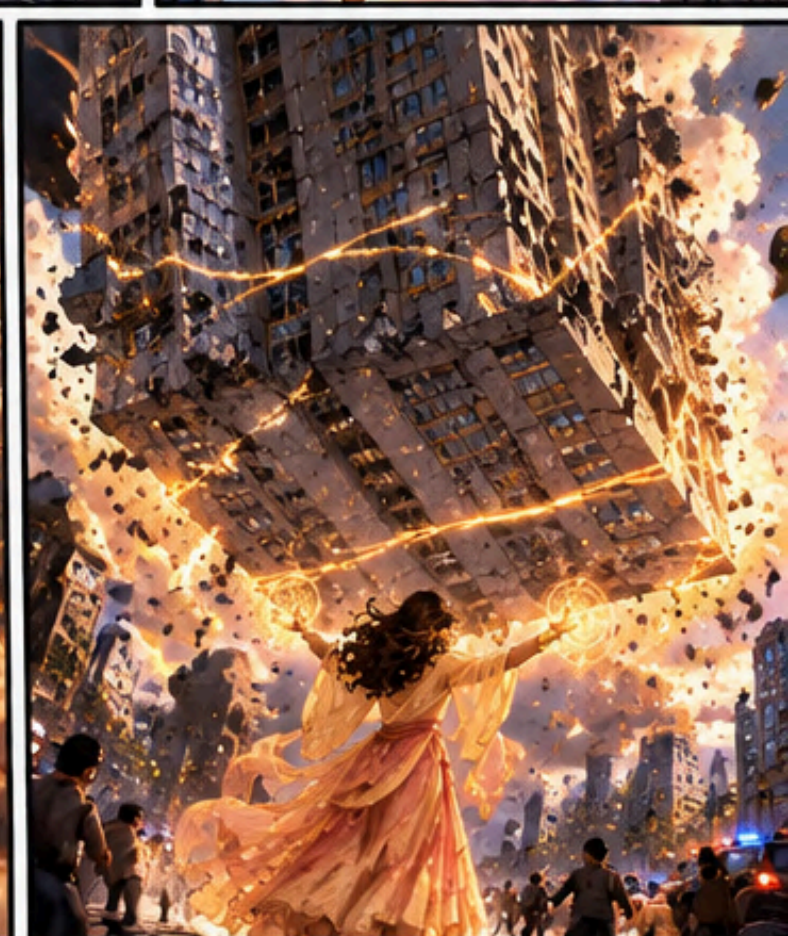

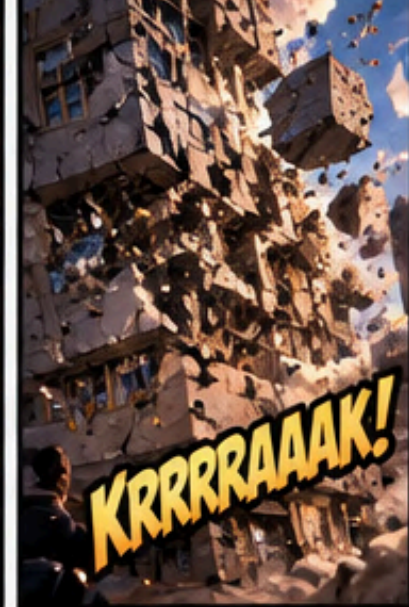

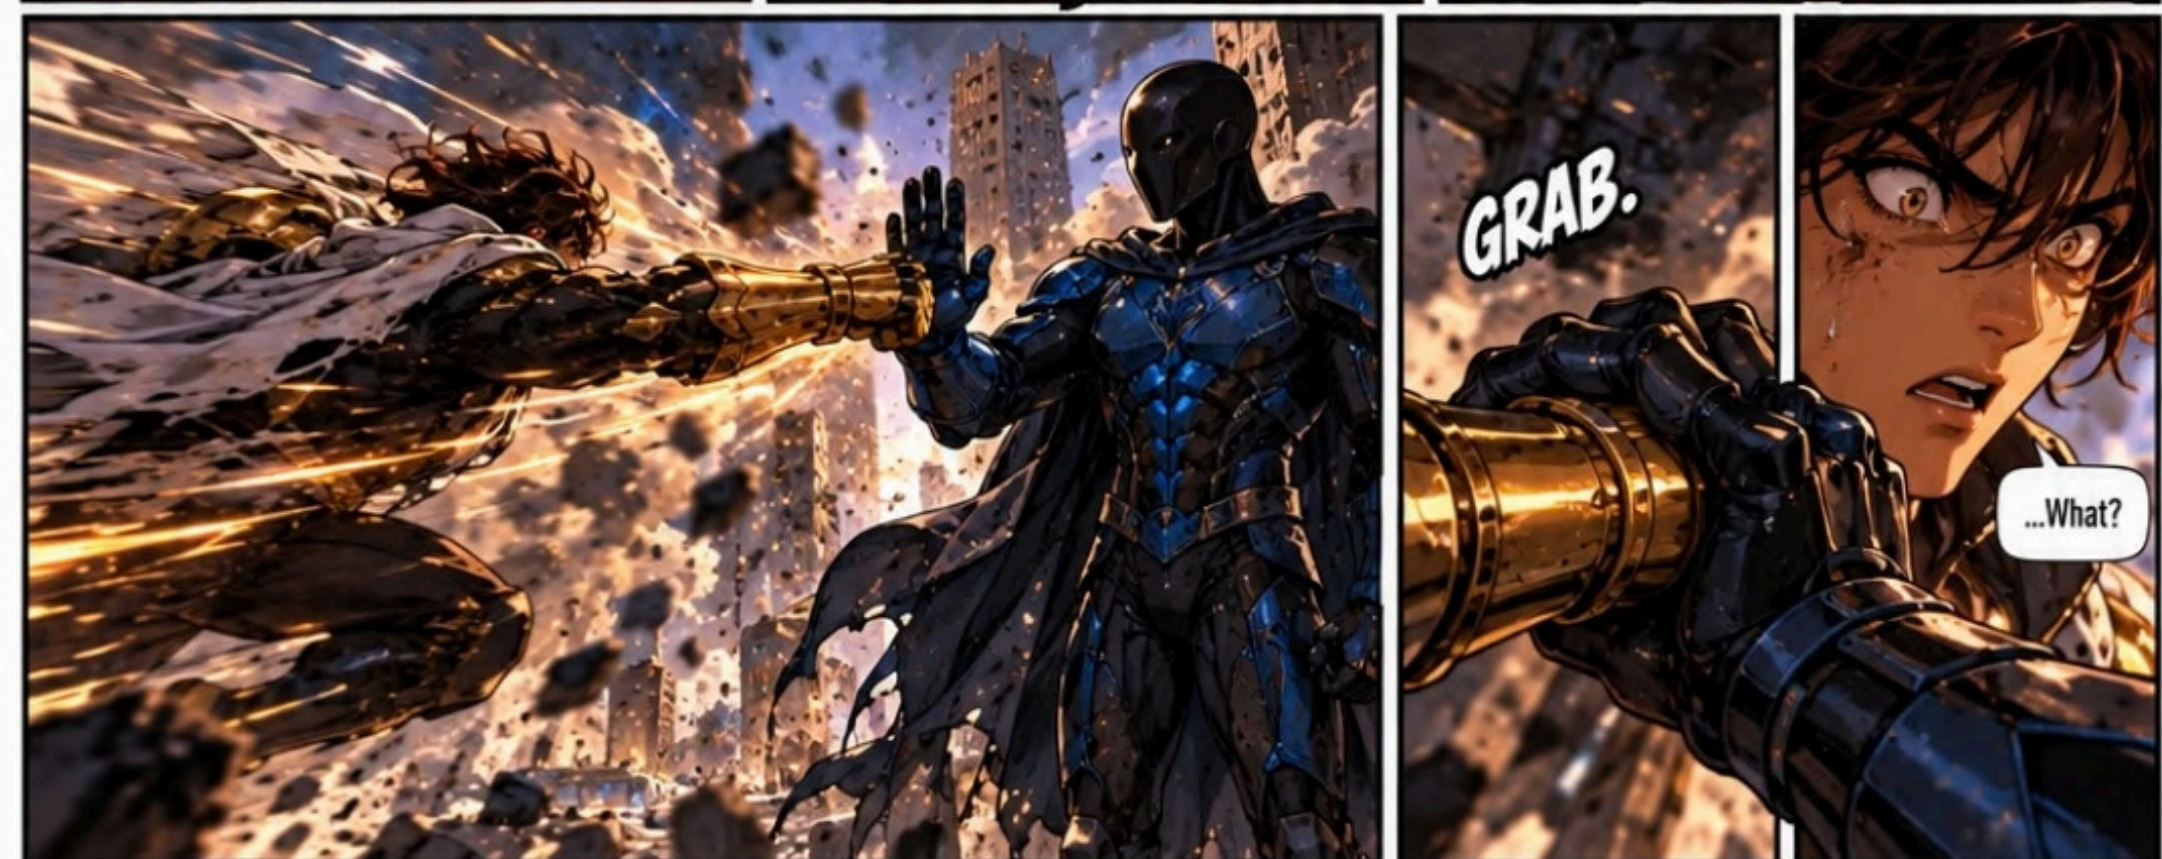

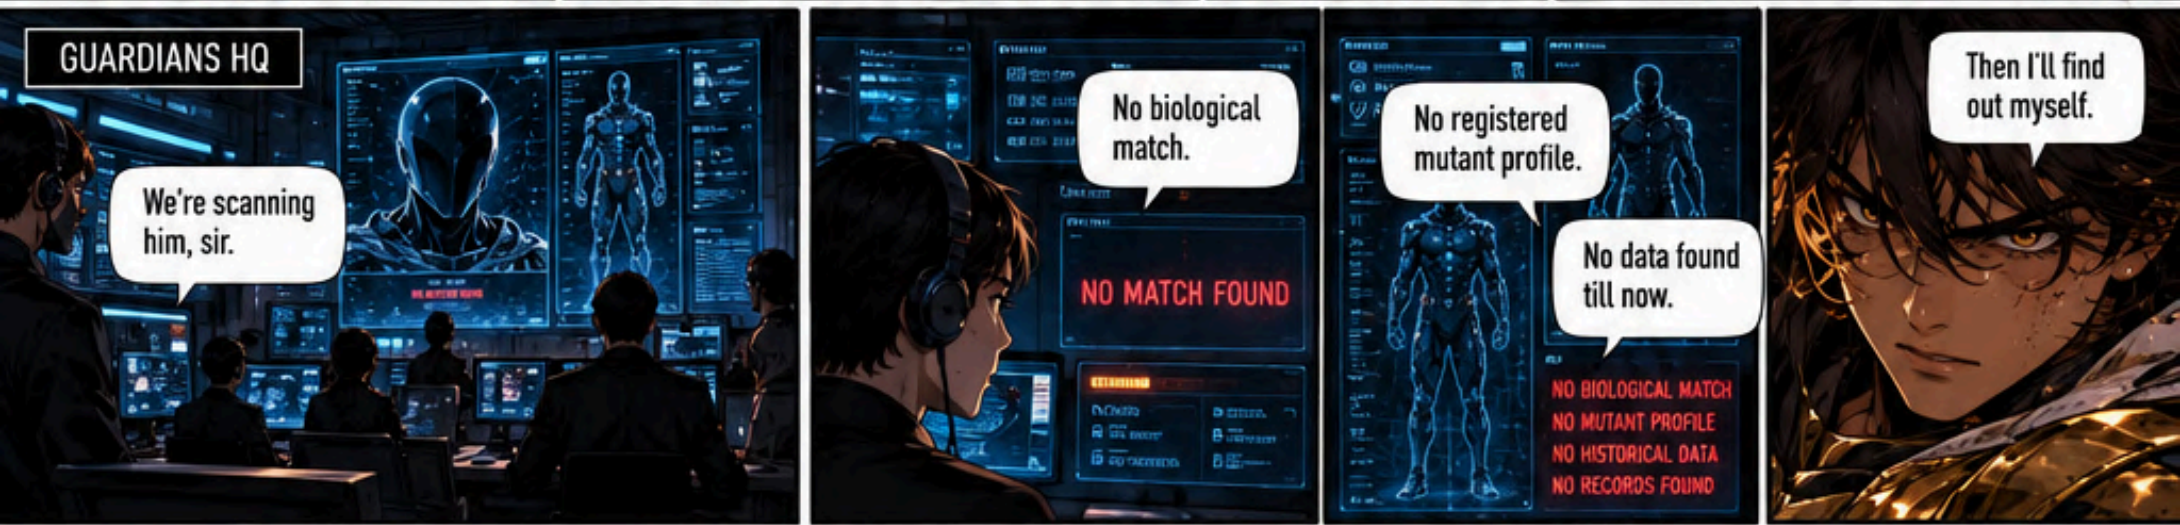

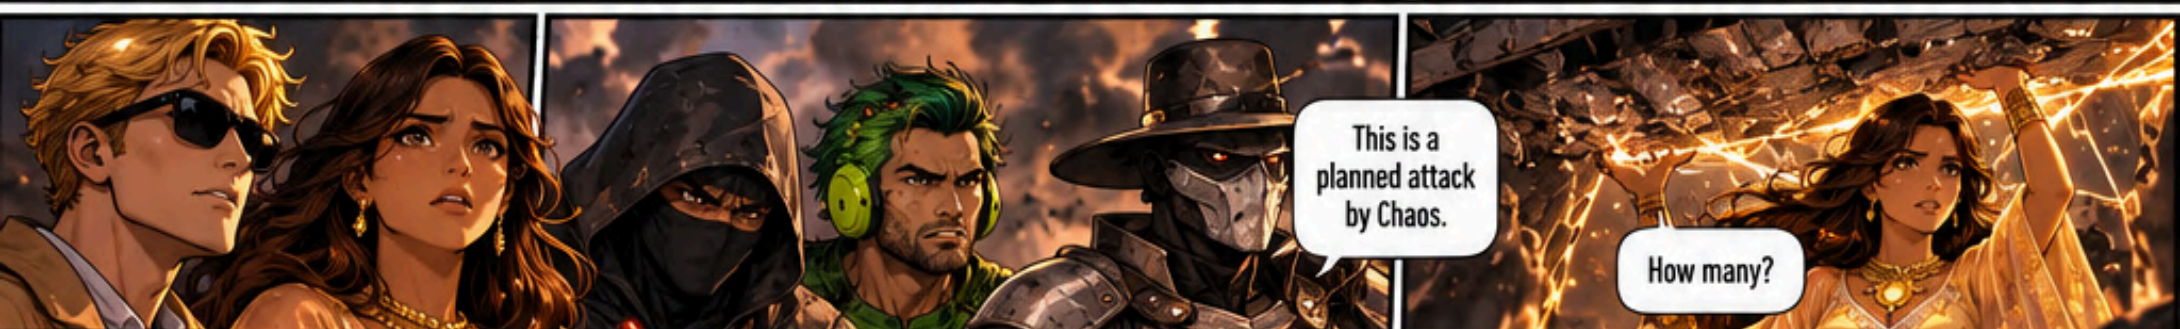

LIVE

People of Ashton...

This is no longer an isolated attack.

Are the mutants going to take over the city?

Is this the end of Ashton?

BOOM!

SIGNAL LOST

NO SIGNAL

Mom... what's happening?

Guardians.

Let's clear them.

Protect the civilians first.

Guys... We need to look over here.

Everybody behind us!

BOOOOOM!

Come on!

HISSSSS!

Enough.

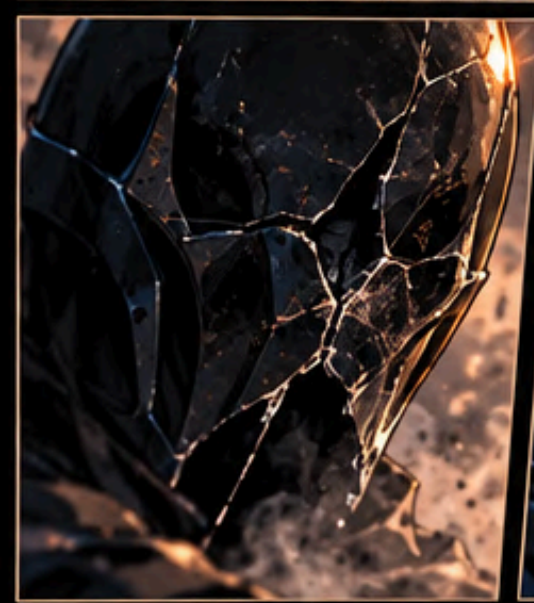

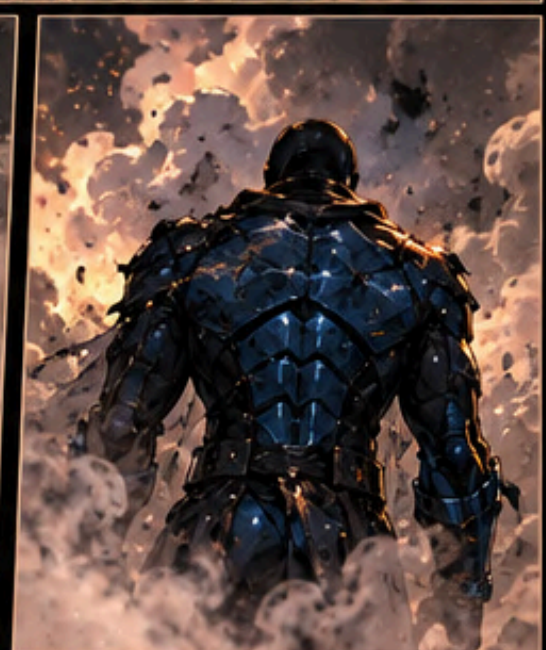

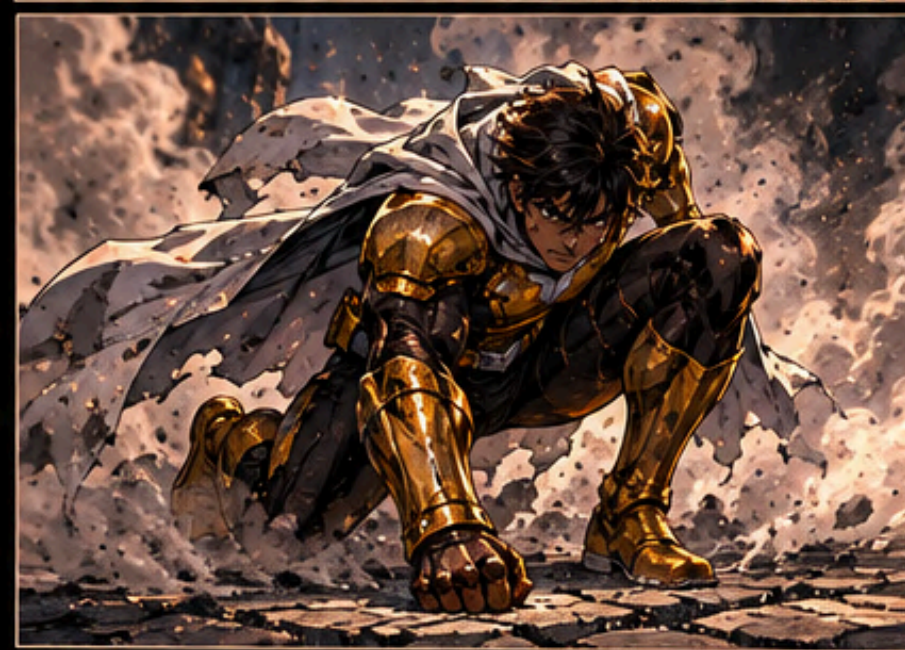

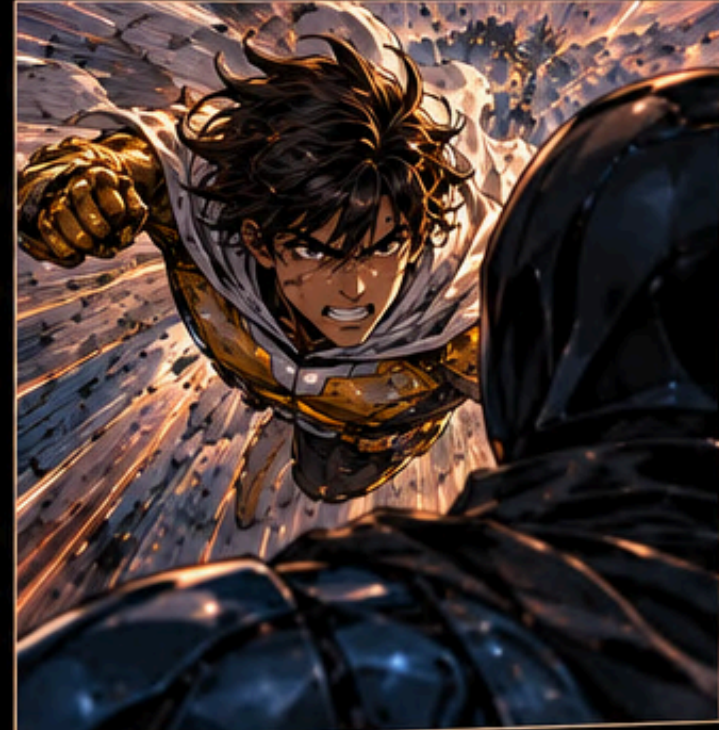

Keep them away from the civilians!

BOOM!

BOOM!

BOOM!

BOOM!

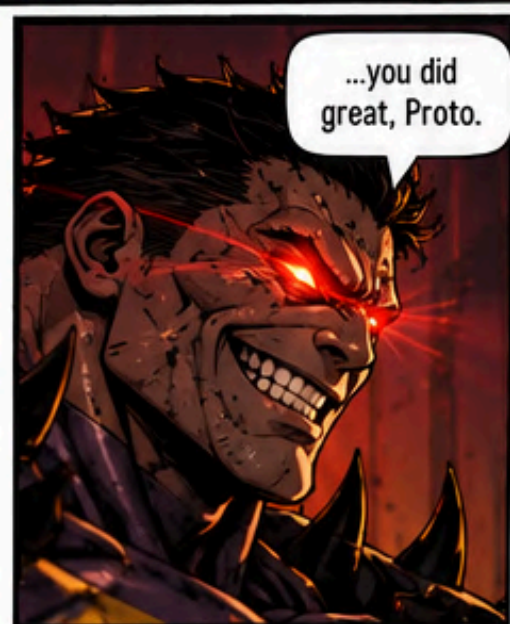

I guess you're
impressed by my
experiment, Master.

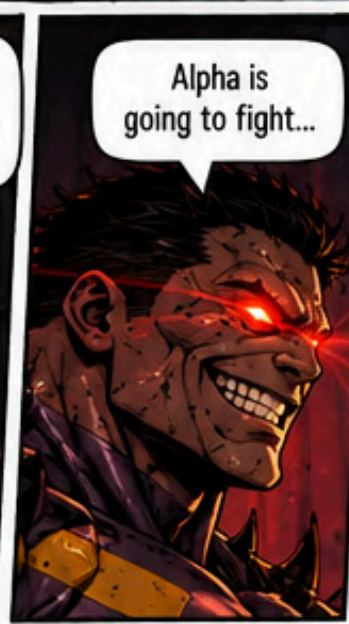

With just a few
blood particles
from Alpha...

...you did
great, Proto.

He is about to
discover something
very interesting.

Alpha is
going to fight...

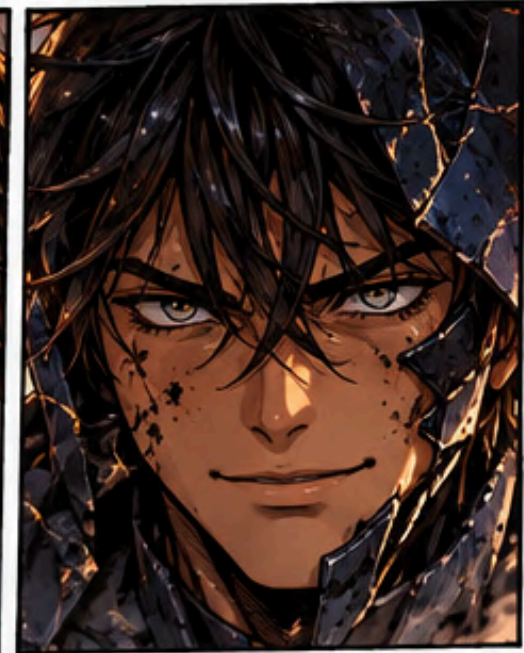

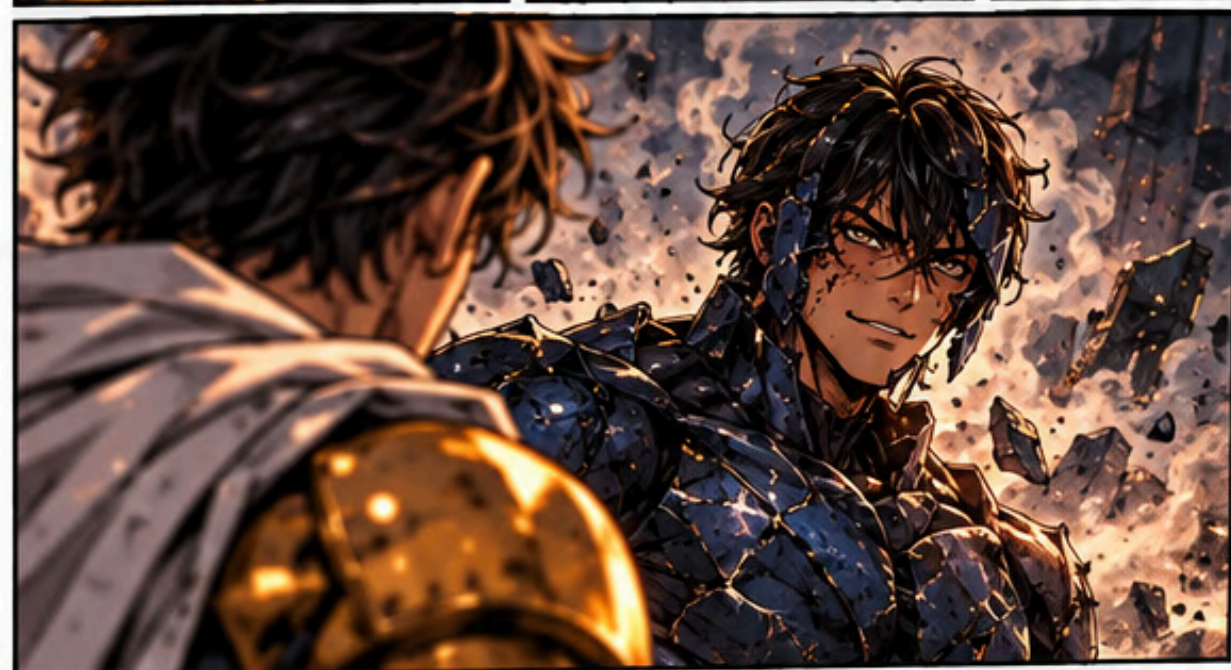

...himself.

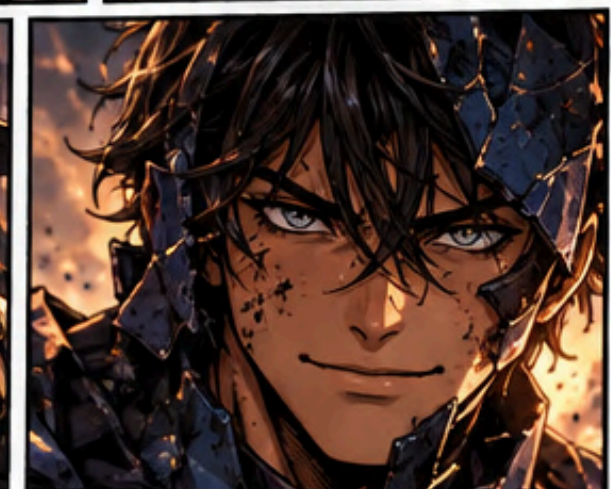

Hahaha!

Hahaha!

...Impossible.

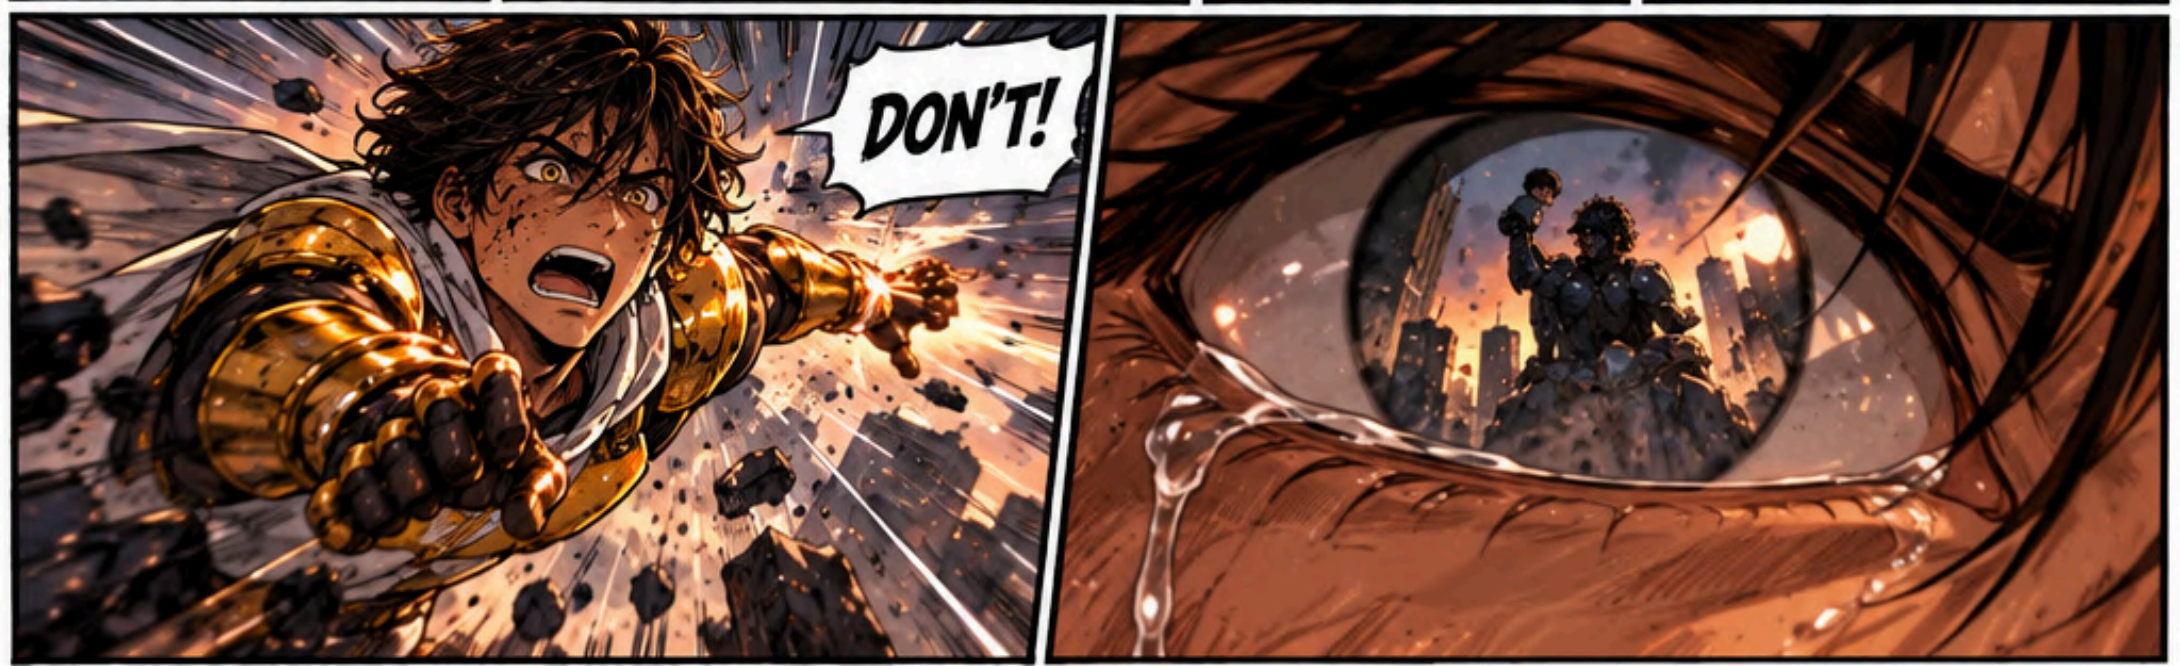

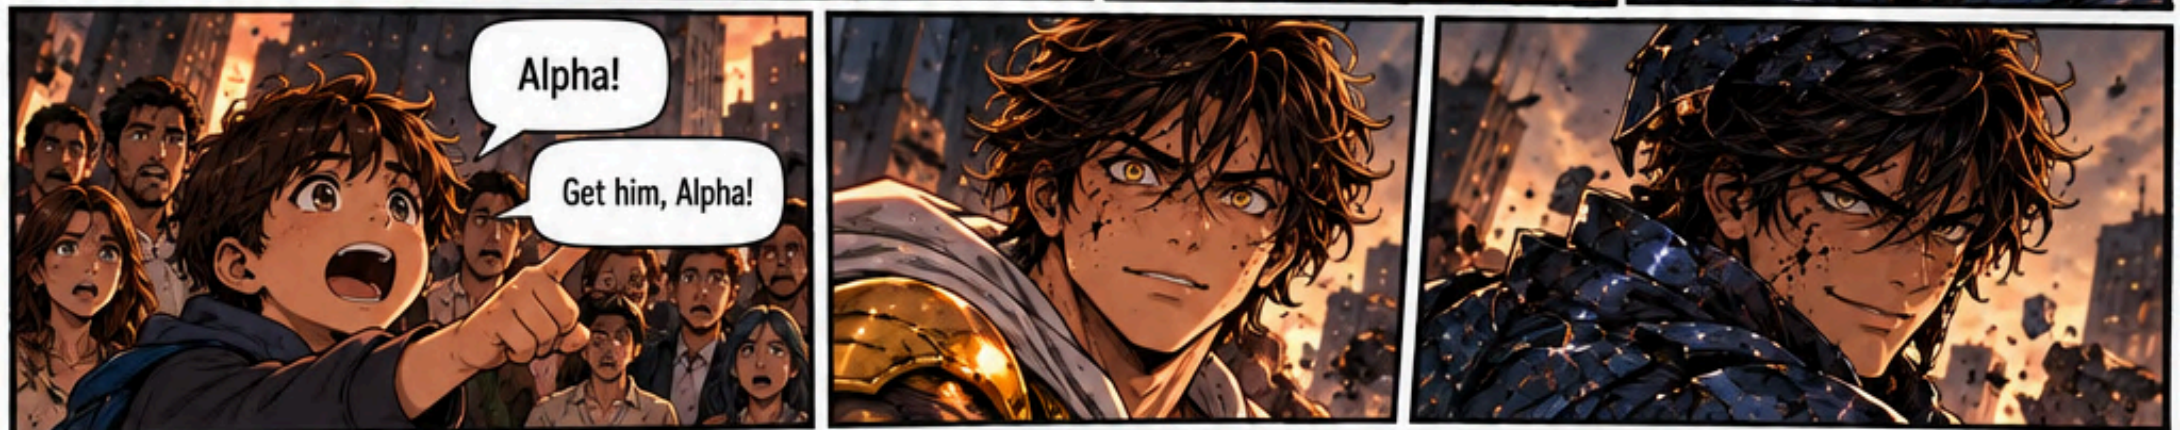

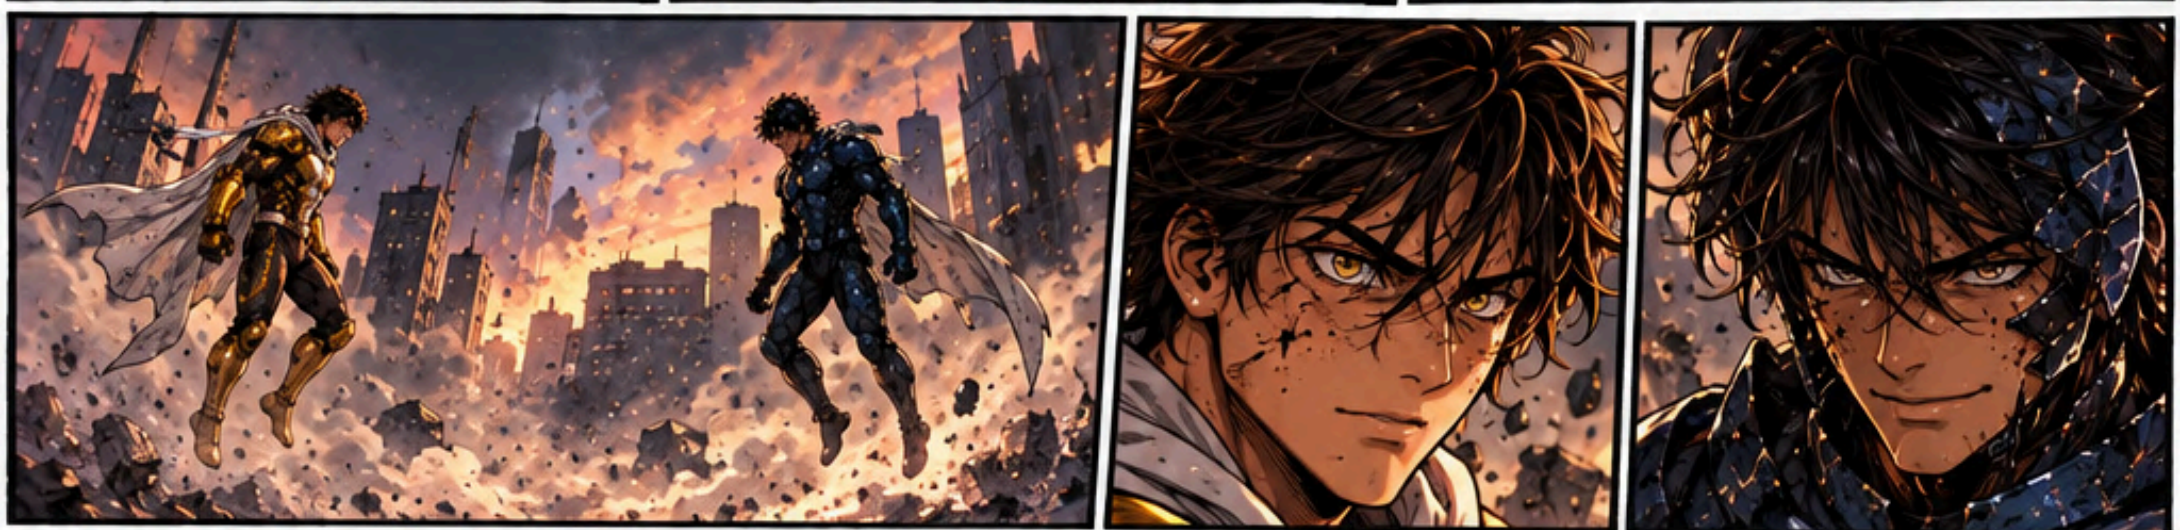

You...

You look
like me.

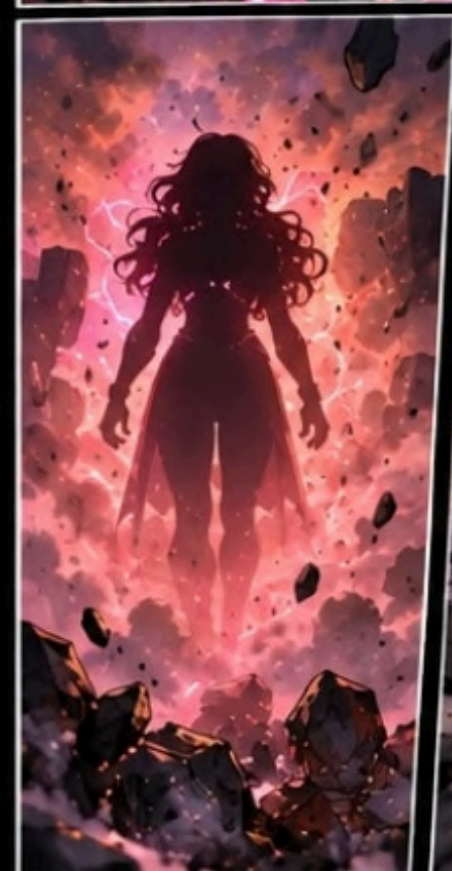

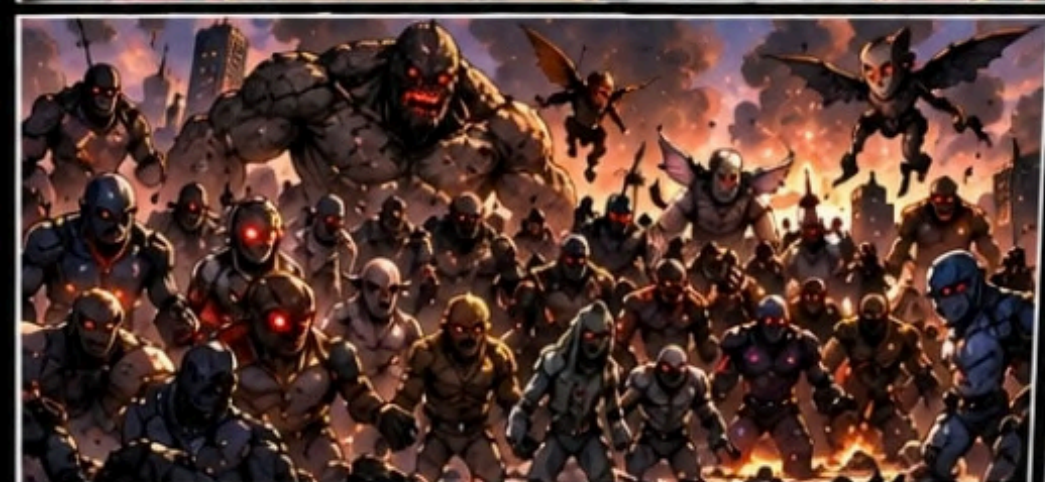

Because
I am you.

But better.

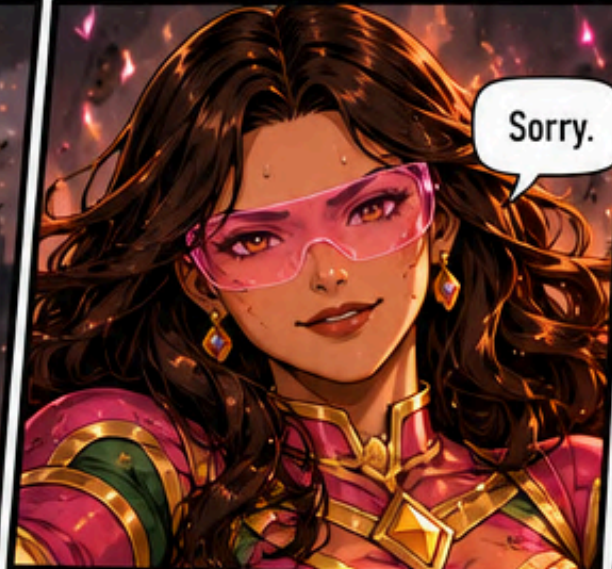

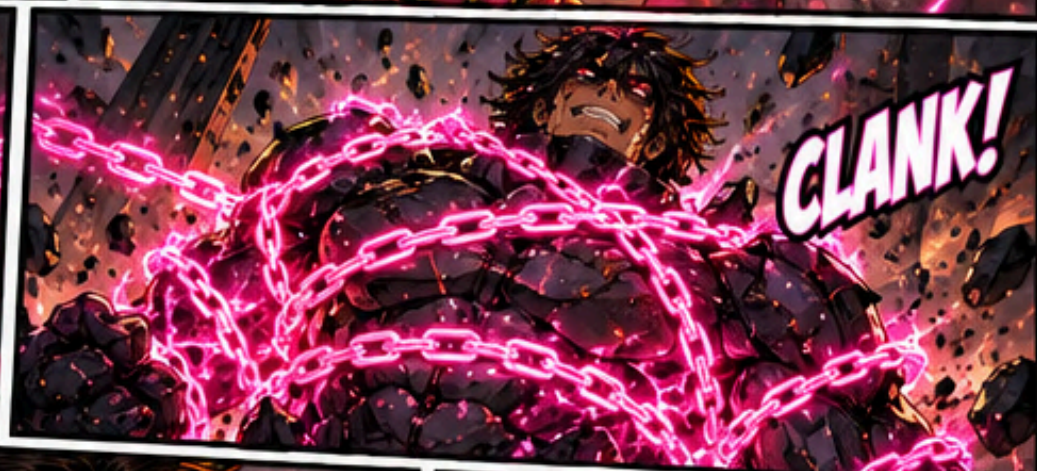

You're too late.

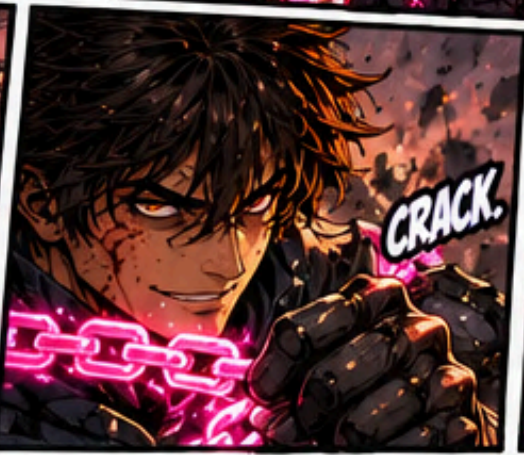

Sorry.

Let's see how you handle this.

CLANK!

CRACK.

CRACK!

CRACK!

I knew you'd break that.

That's why I brought something bigger.

BOOOOOOM!

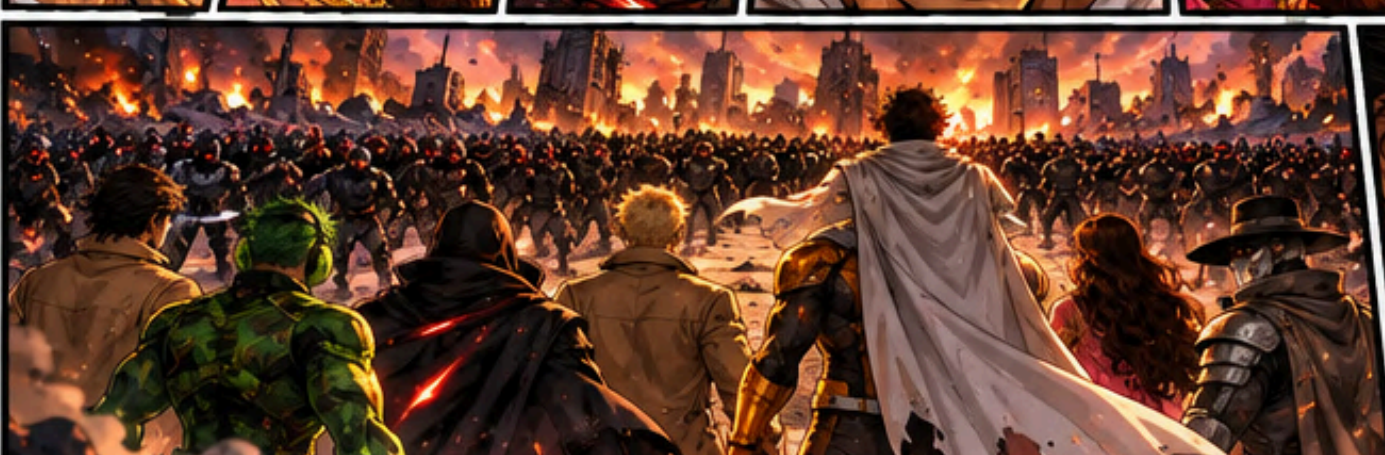

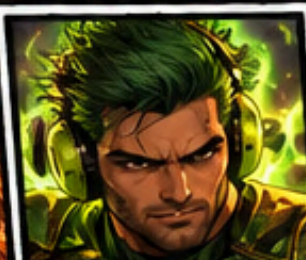

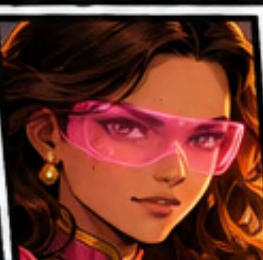

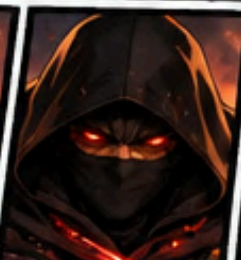

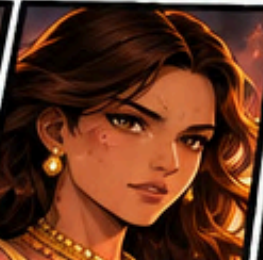

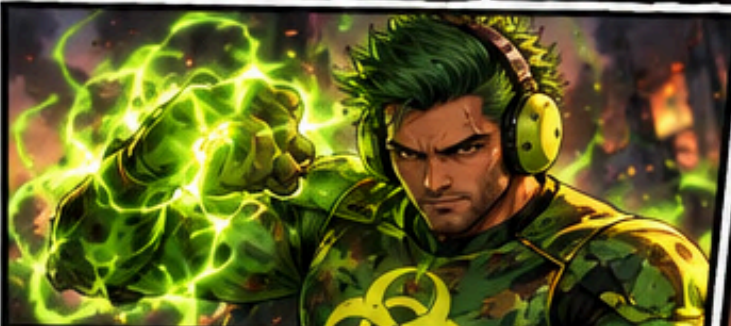

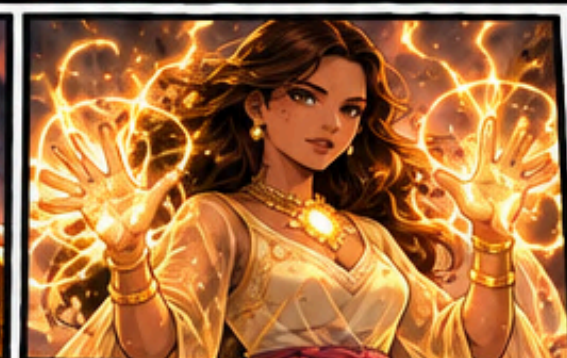

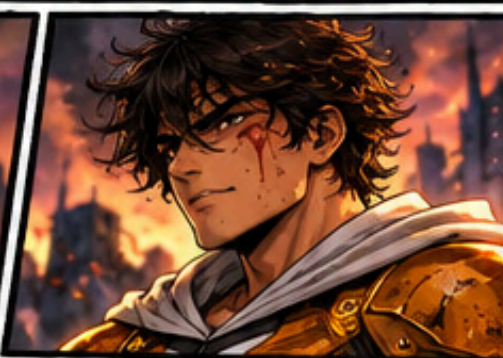

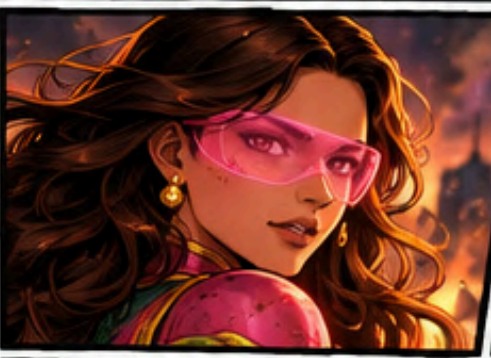

BOOM!

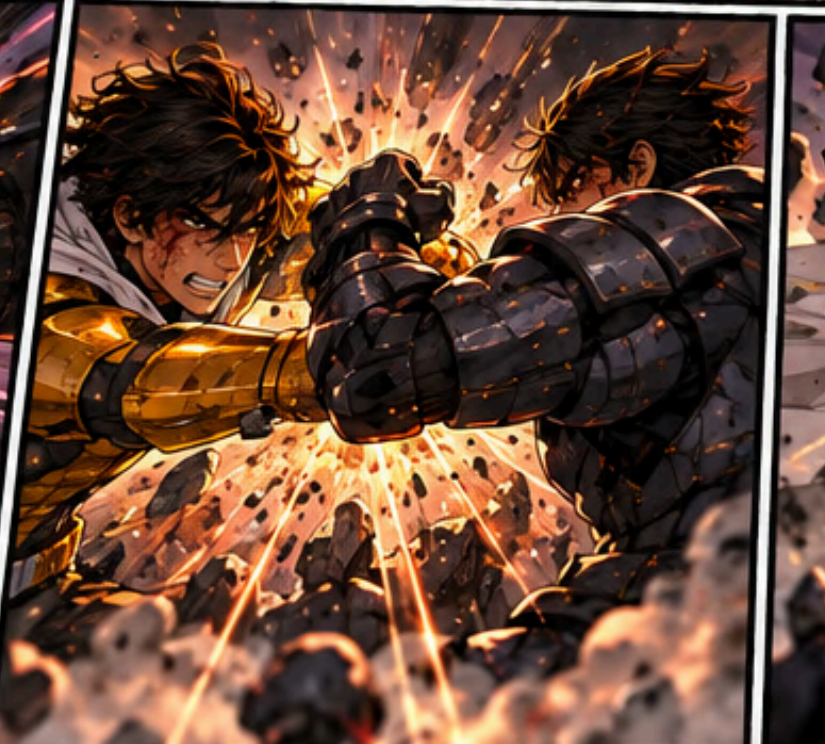

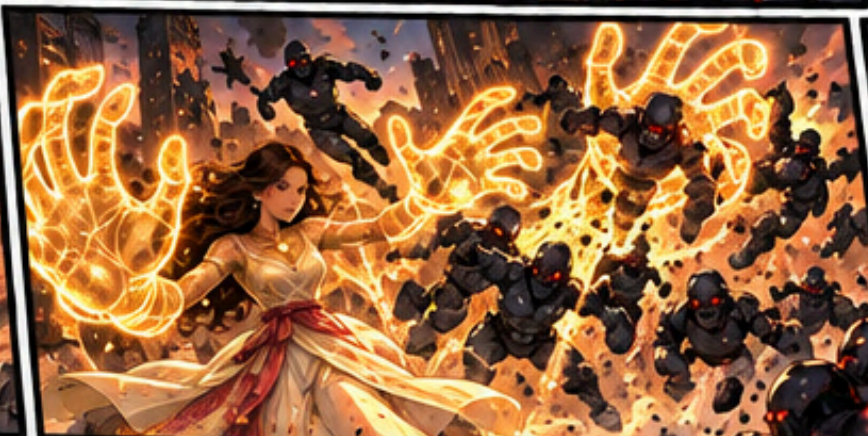

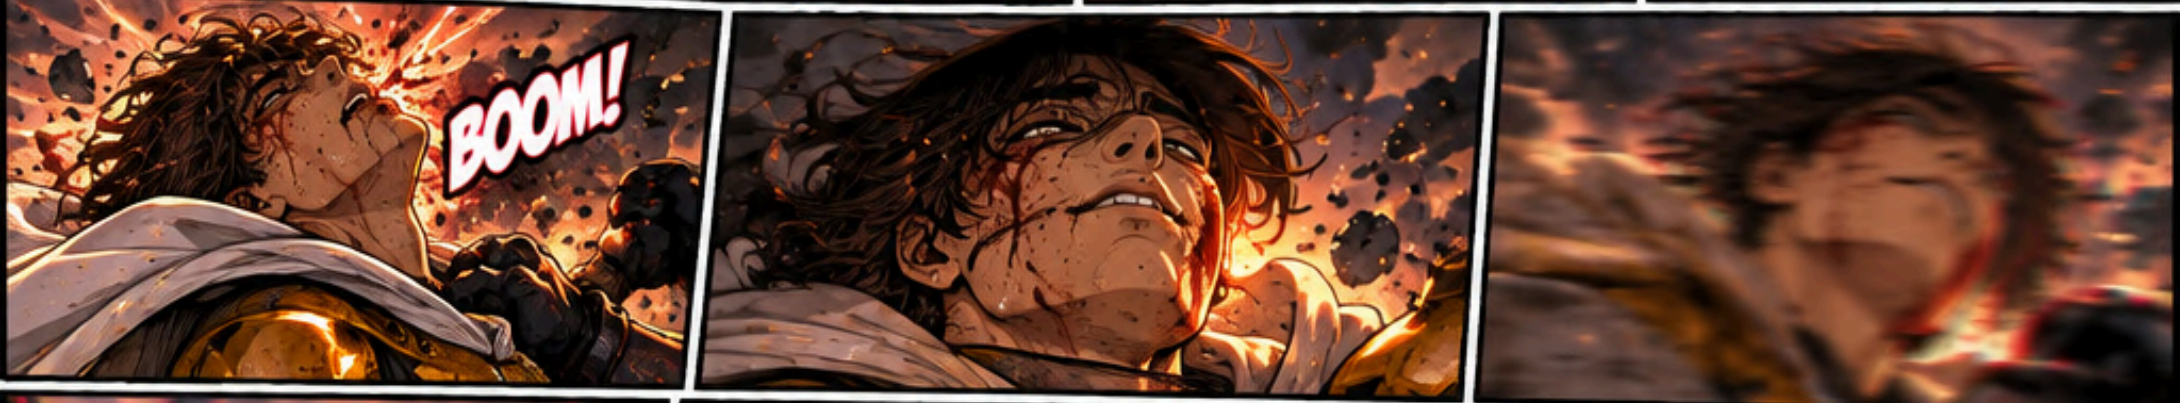

BOOOOOOM!

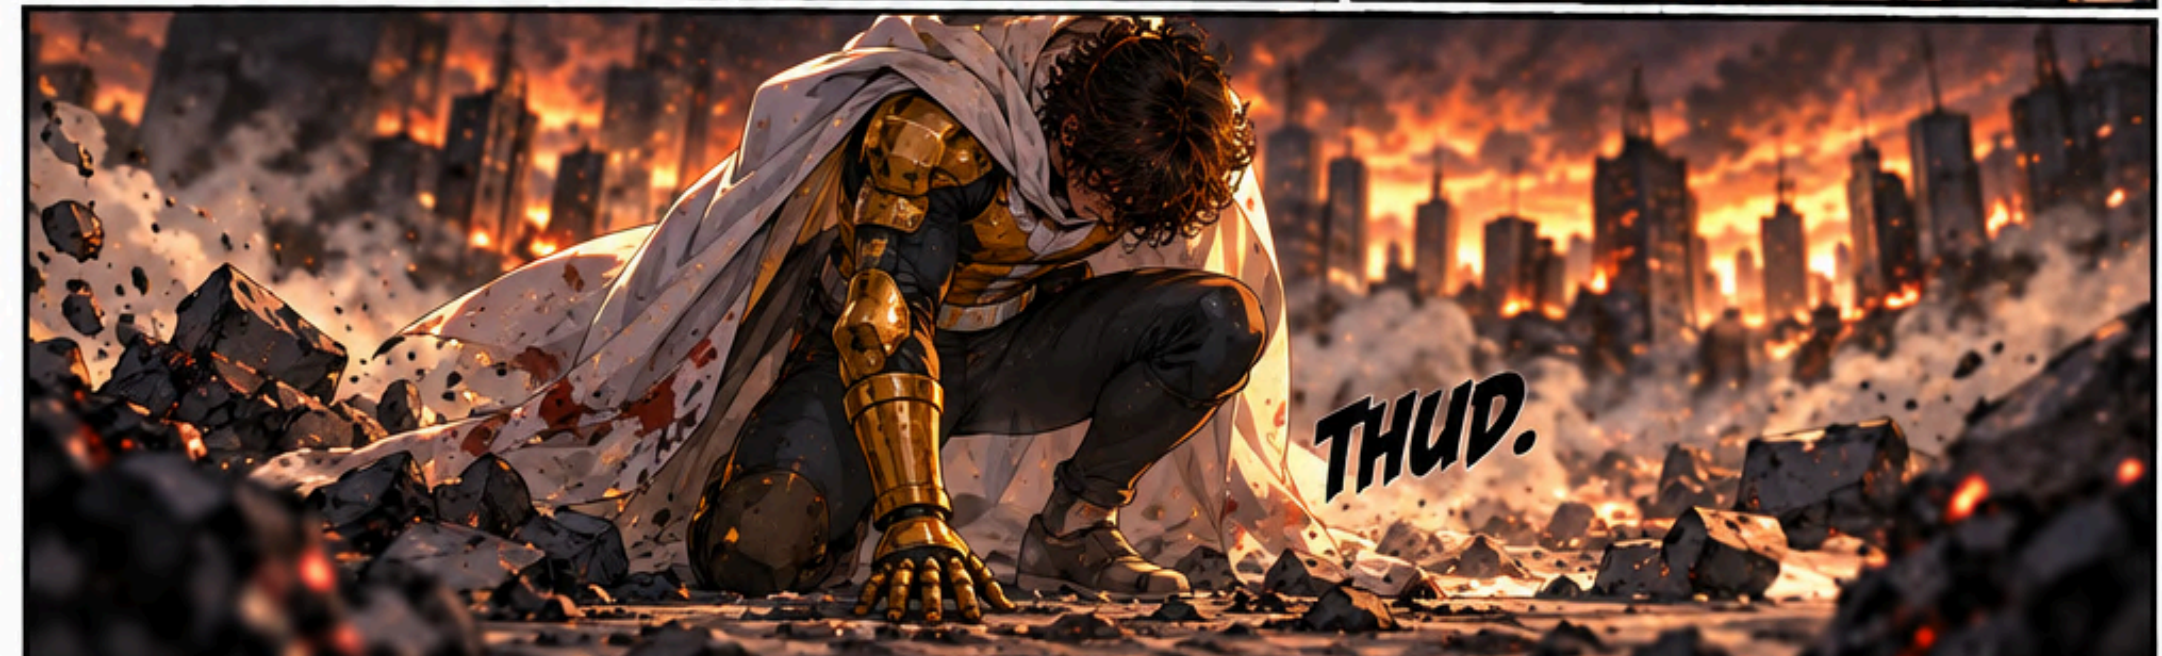

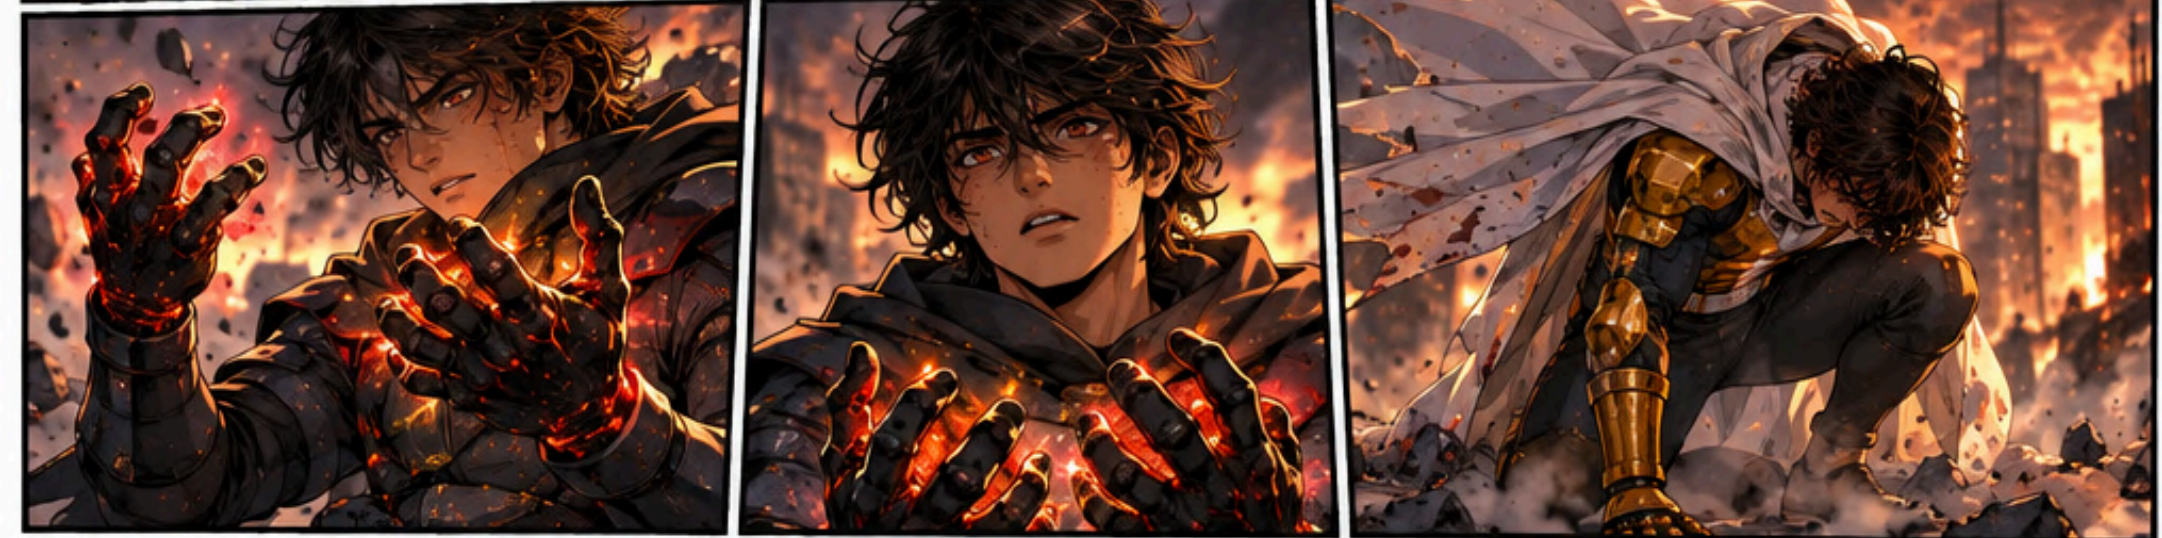

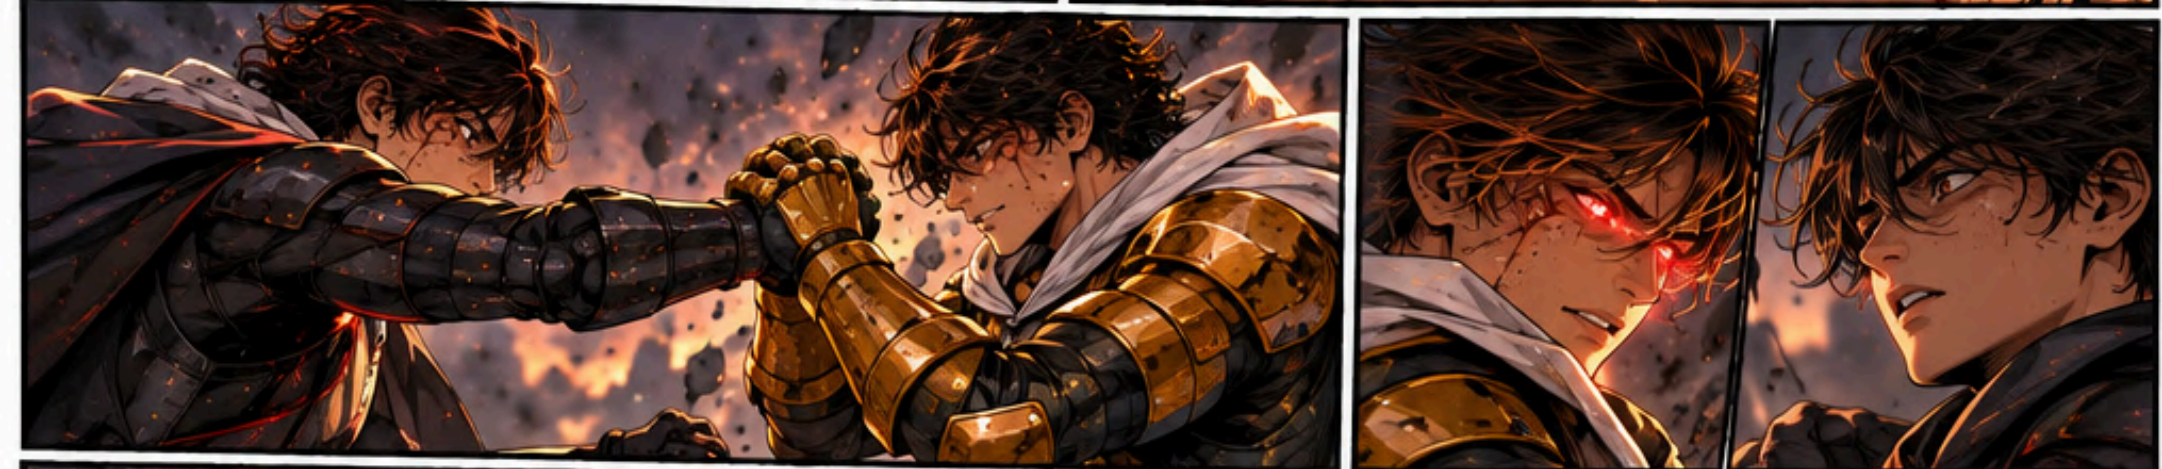

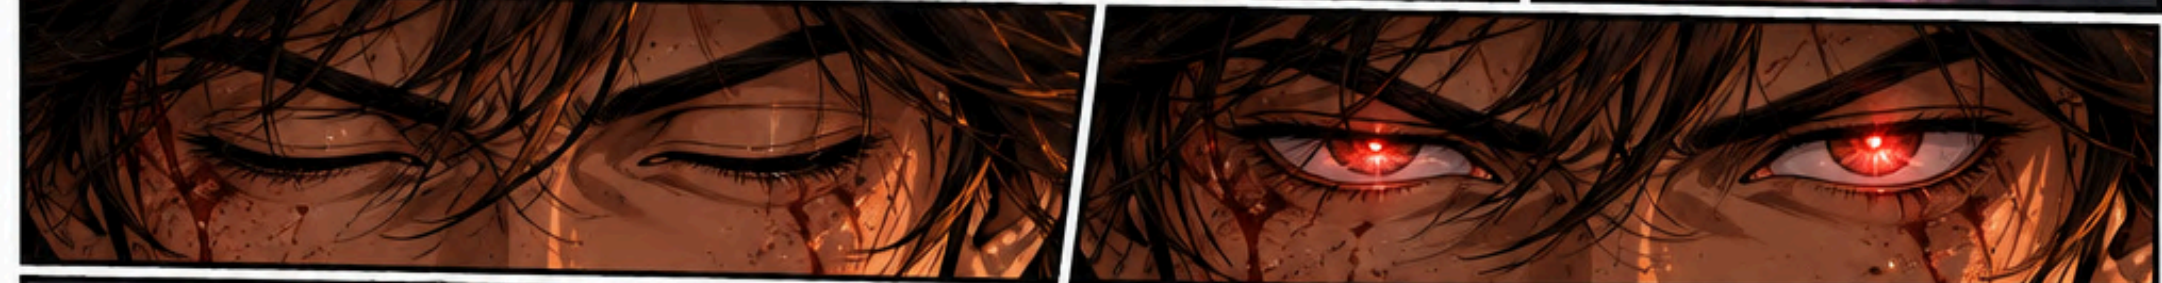

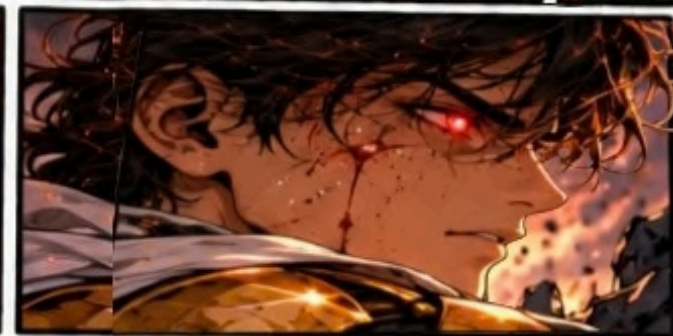

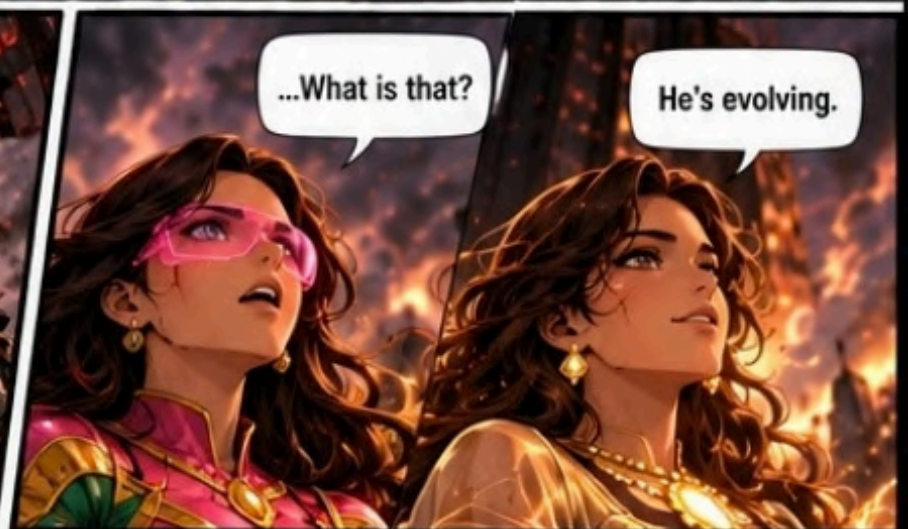

Stay down!

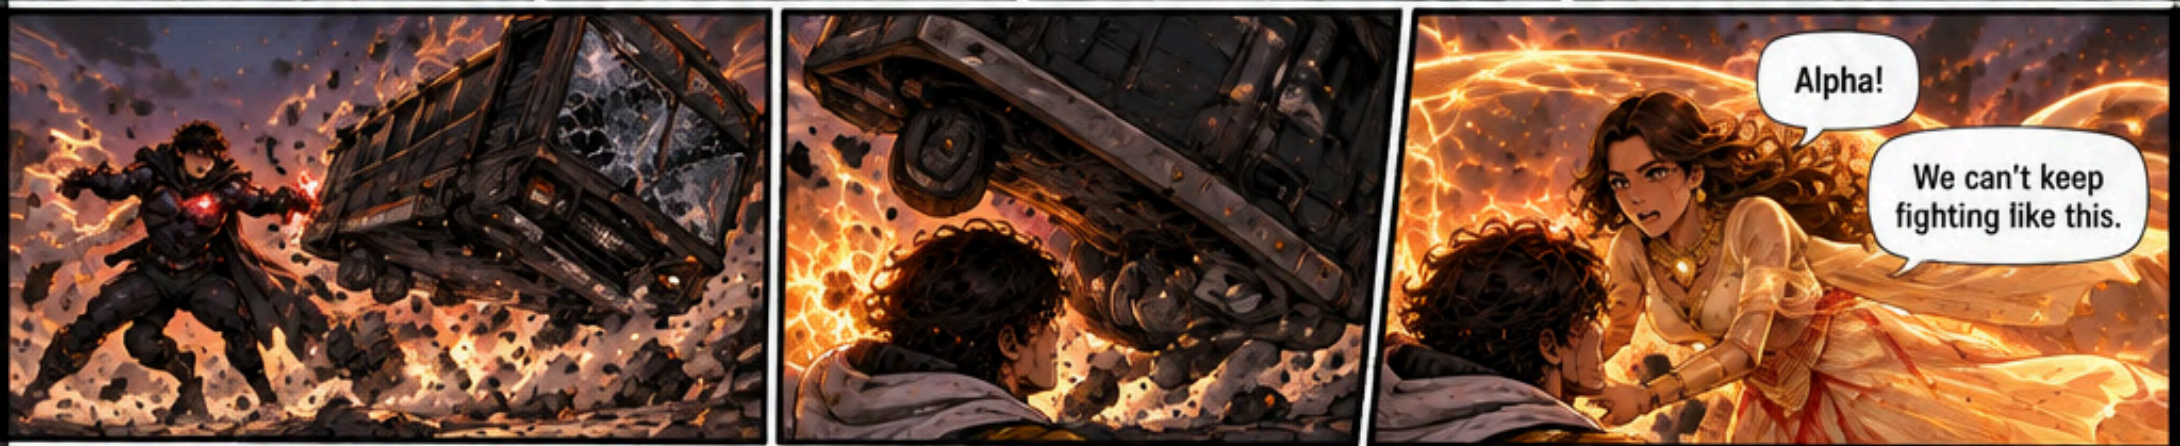

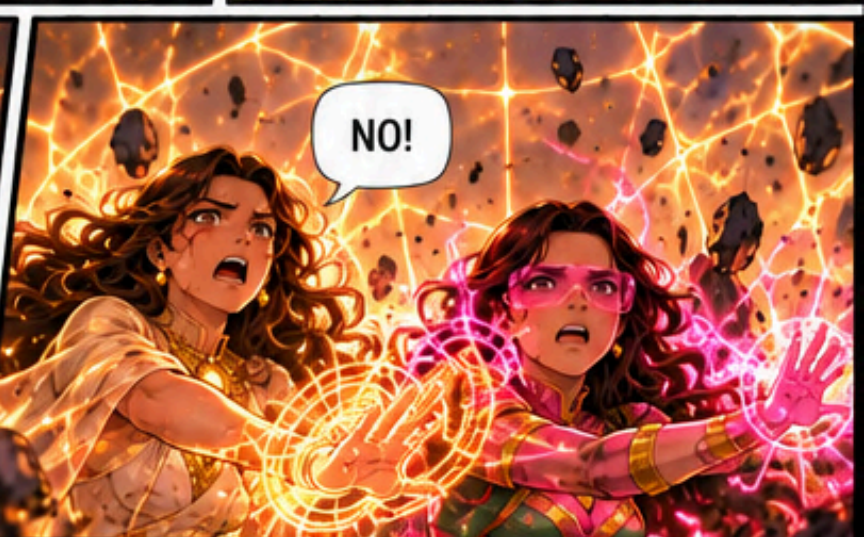

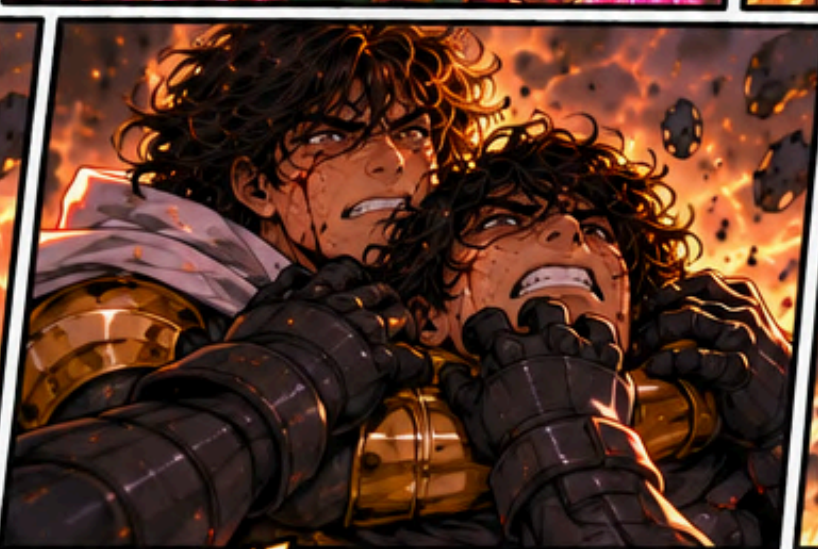

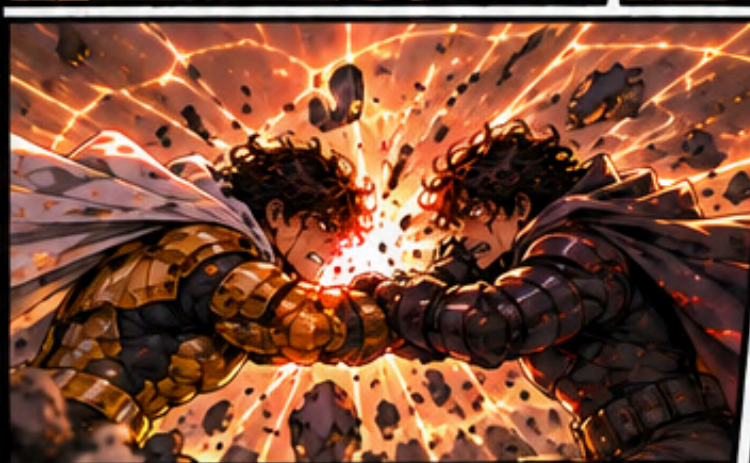

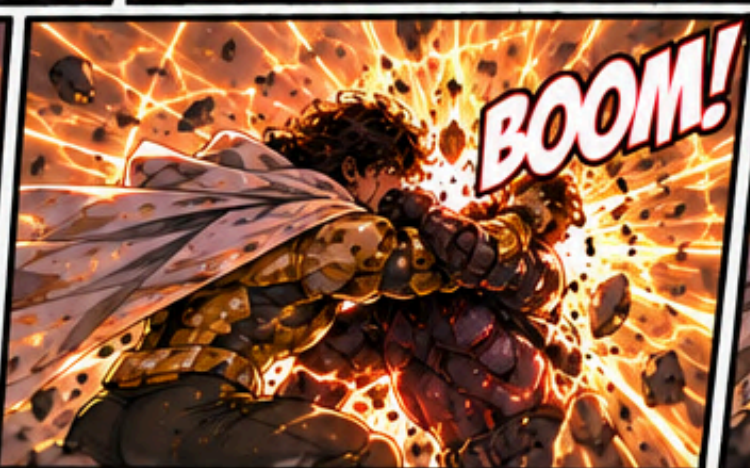

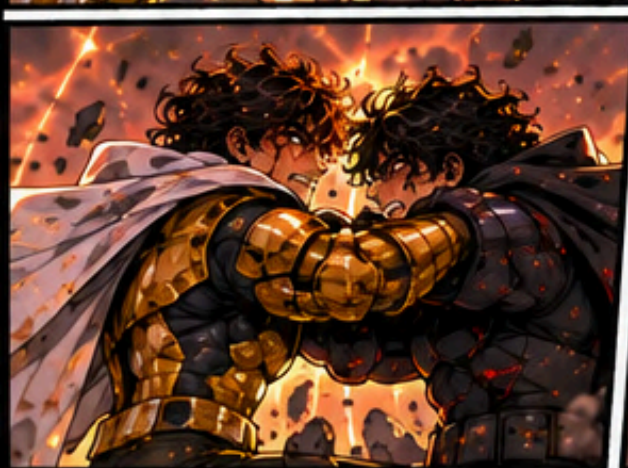

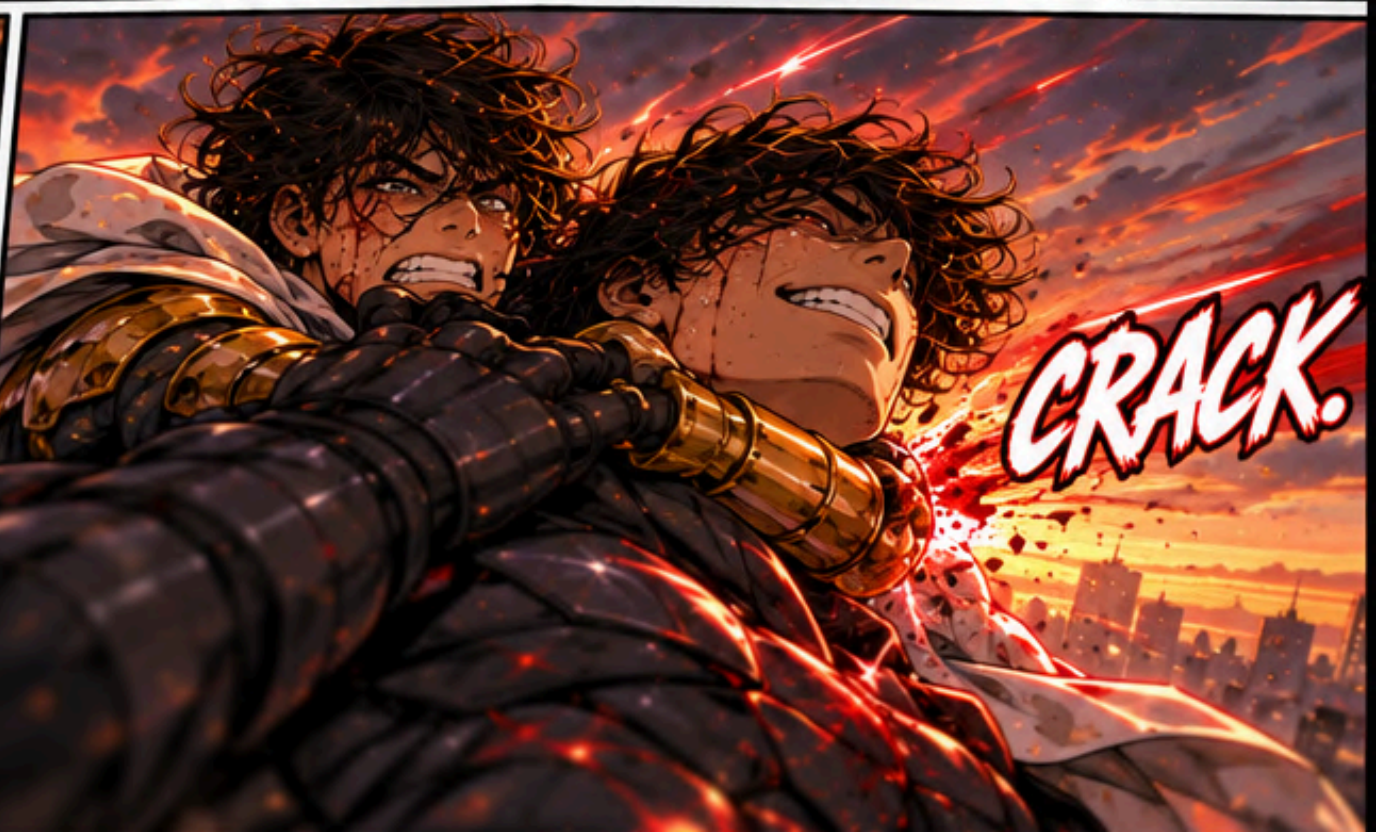

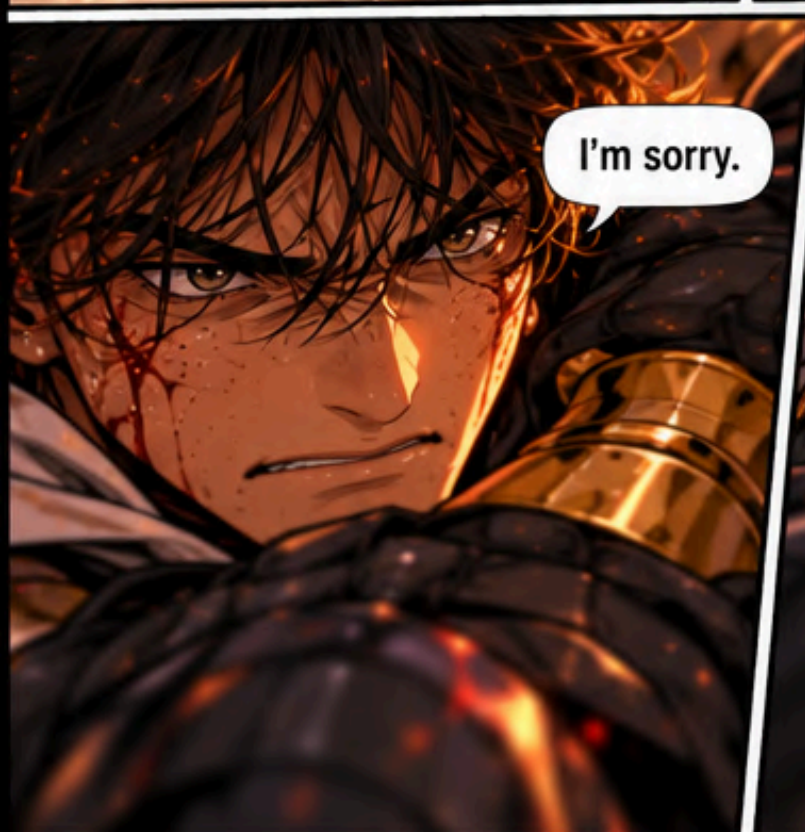

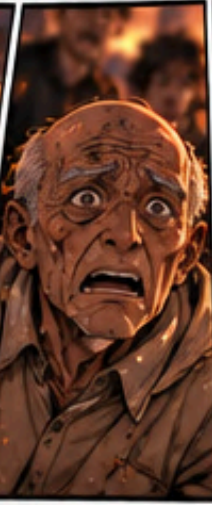

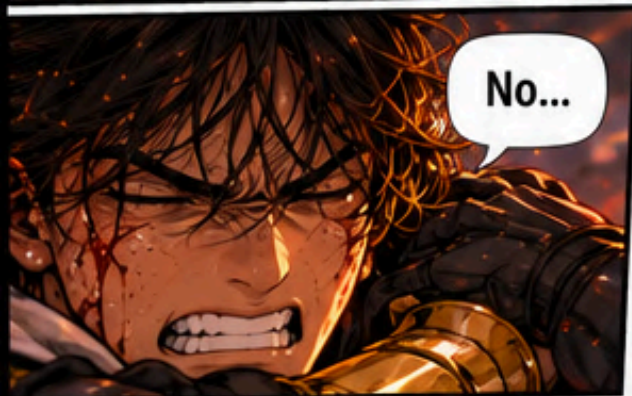

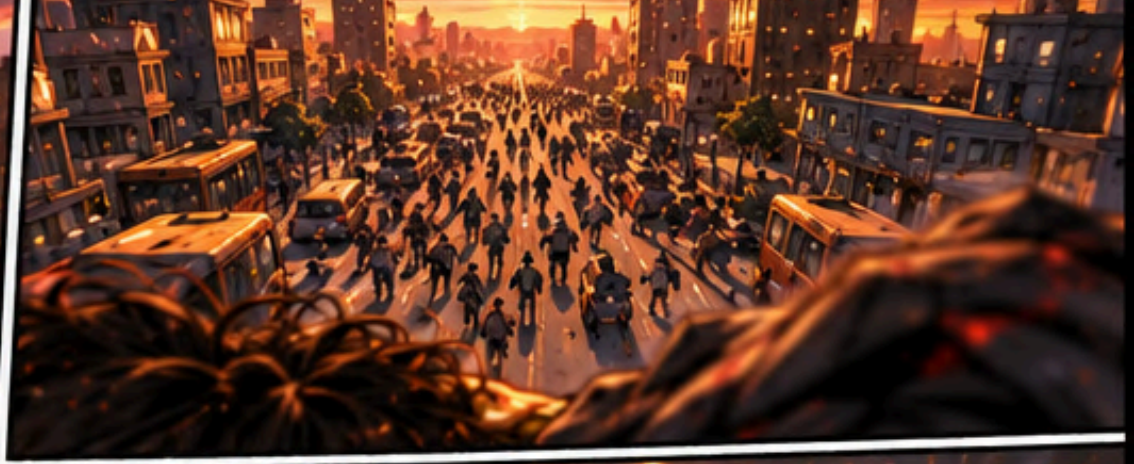

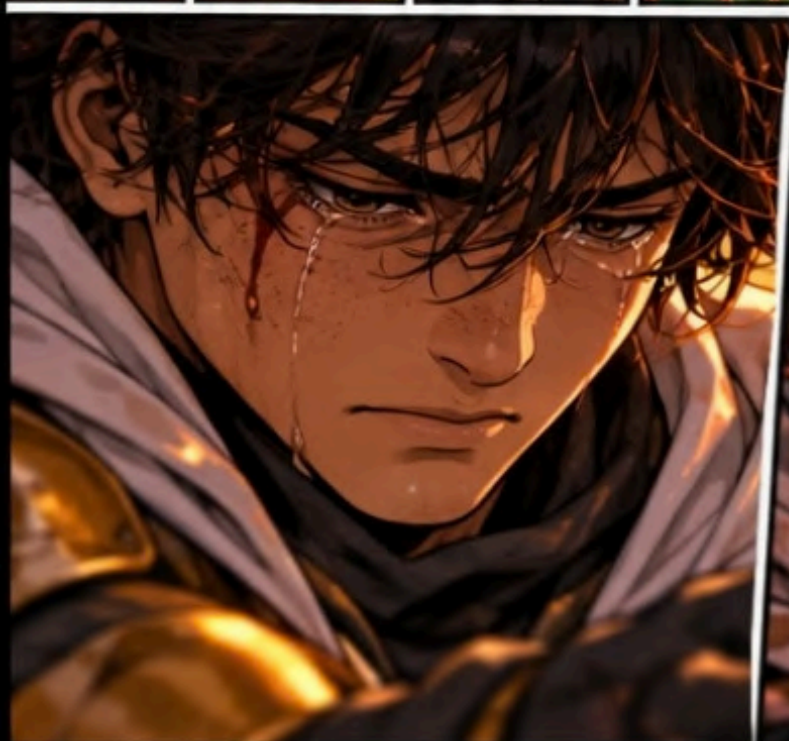

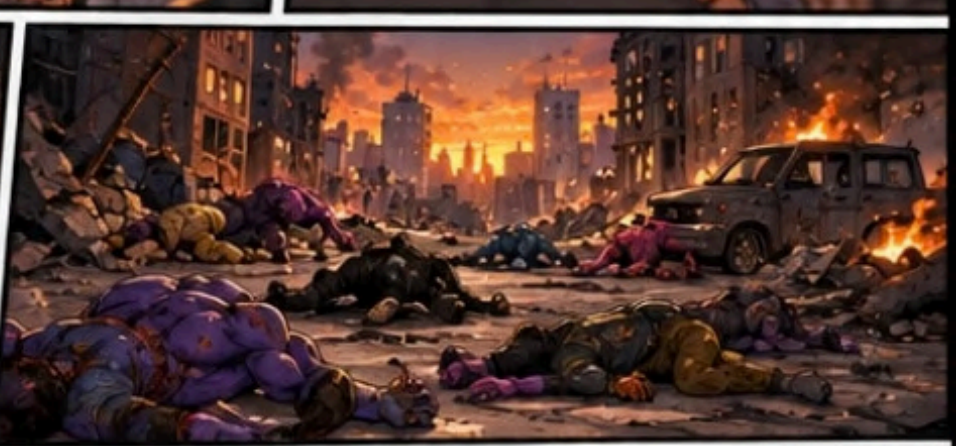

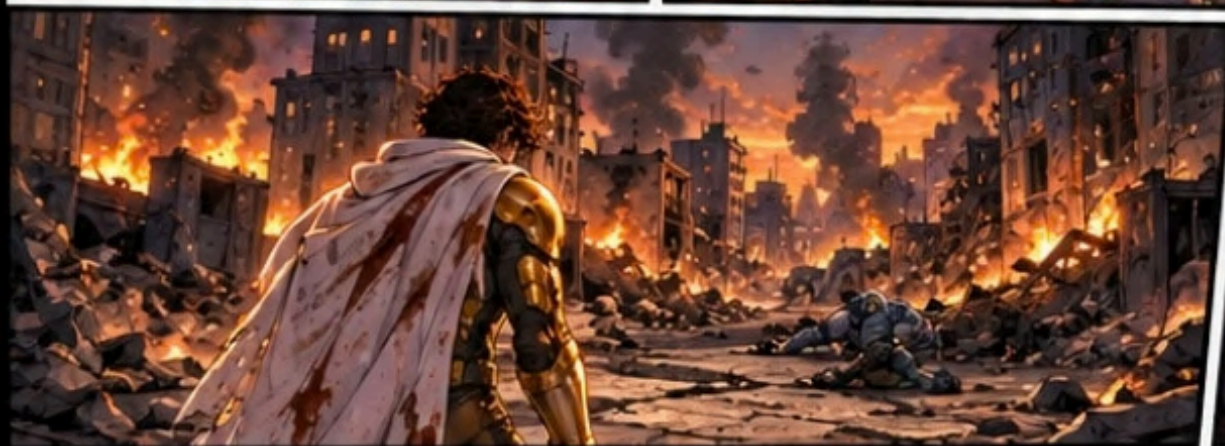

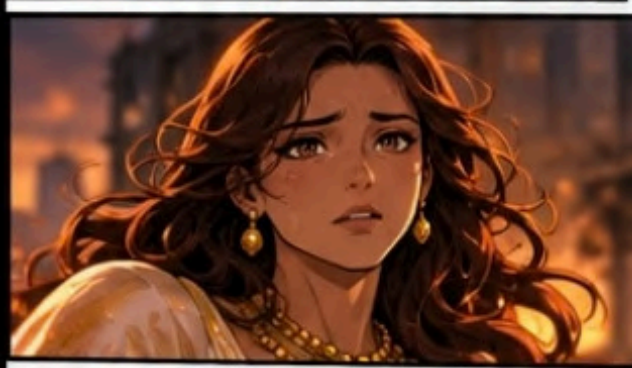

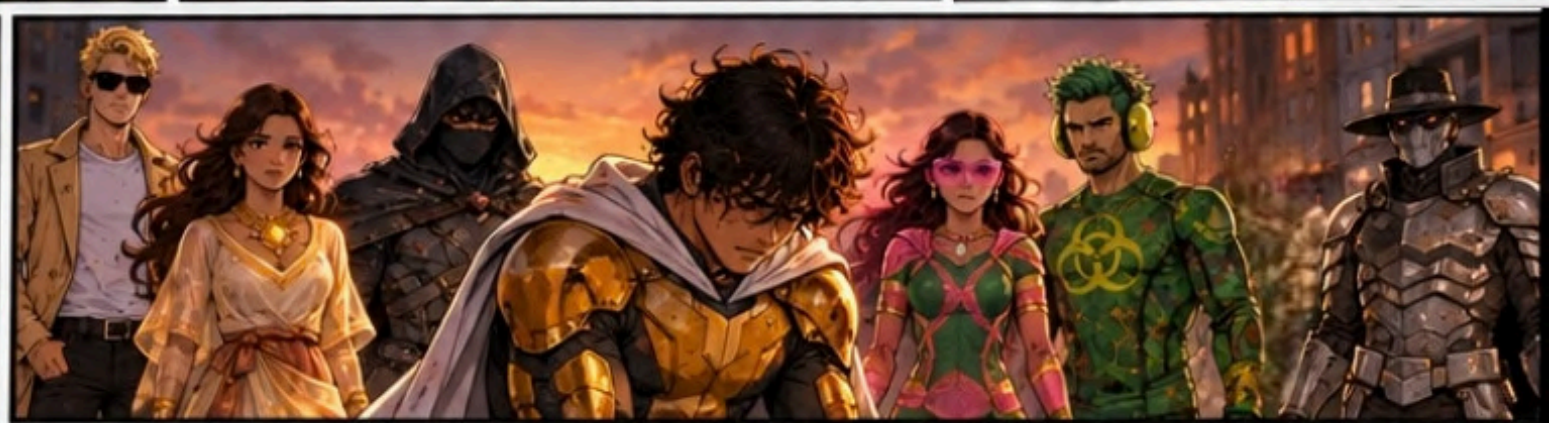

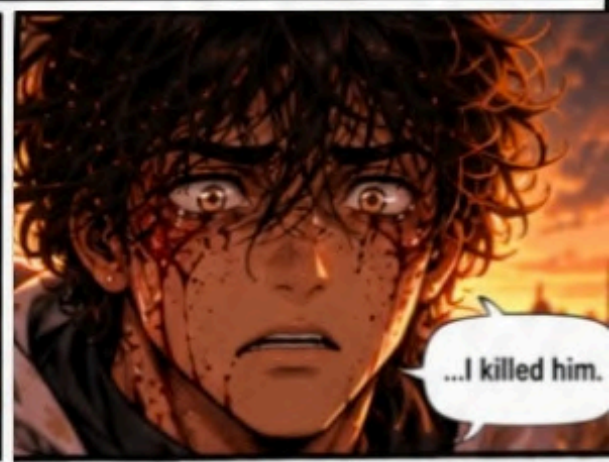

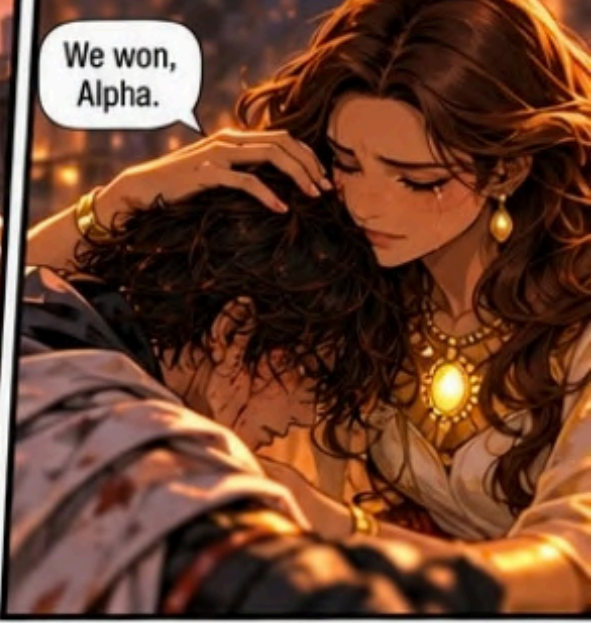

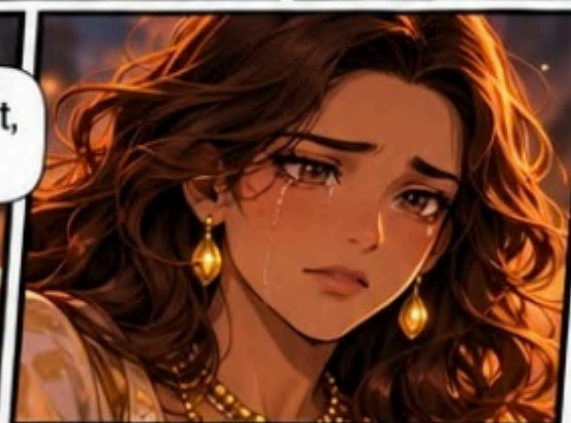

We won, Alpha.

But I lost, Kat.

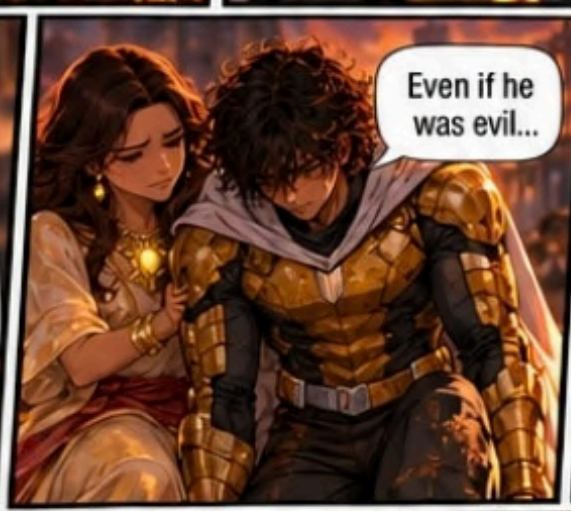

Alpha...

He had to die.

We saved thousands of people today.

Even if he was evil...

I killed him with my own hands.

And we still failed to save many people.

I understand, Alpha.

It wasn't what we expected.

But we can't change what happened.

That's exactly why we have to change it.

Because those people...

They believe in us.

They believe the Guardians are here to save them from anything that comes against them.
